

# THE SEASONS

**Step 1:** Read the page. Fill in the squares on the chart that corresponds to the information that you have on your page.

#	Seasons	Changes in nature	Other important information, such as activities or customs
1.			
2.			
3.			
4.			

**Step 2:** In order to fill in the rest of the table, ask your classmates that are on your team the following questions (or questions similar to these):

- What number do you have?
- What season do you have?
- What is the weather like?
- What are the main changes in nature?
- What other information did you find?

**Step 3:** Answer and discuss.

- What is your favorite season? Why?
