Re: Materials for test

The attached pages present the objectives for this exercise and give suggested scope and content plus visuals needed to carry through the evaluation.

Guidelines for assigning a rating to each student are given below. Evaluators will use as a rating form the "card" with their number, name and the name of the classroom teacher. Evaluators are to retain these forms and pass them to the corresponding teacher at the end of each class period.

### **RATING SCALE**

10 Excellent	Total comprehension; immediate response; Conversational, glib, correct; Obvious preparation.
9 Good +	Comprehends with a few-prompts; immediate response Searches a bit for word(s); accurate in majority of vocabulary/structures; Prepared.
8 Good	Understands but unsure until prompted as to context; Reduced accuracy in vocabulary.
7 Average	Reduced comprehension; depend on evaluator for contexts and prompts. Inconsistent accuracy in responses with regard to vocabulary and structure.
6 Average	Marginal comprehension; requires prompts of all kinds, delayed responses; unsure; inaccurate vocabulary and structures.
5 Poor	Misunderstands; unable to follow prompts; Gross inaccuracies in vocabulary and structure; Totally unprepared.
