Greetings,

NCSM's Annual Meeting in Anaheim this coming September 26-28, 2022 for attendees to learn and interact with each other. One of the highlights of our program is the **Leadership Exchange** session where our major and spotlight speakers discuss mathematics leadership topics with the conference participants. We know you will be able to spark discussions and share your expertise and with this in mind, I am inviting you to be one of the Leadership Exchange speakers.
