

2021 Alabama Higher Education Suicide Prevention Conference
Hosted Virtually by Troy University Suicide Prevention Coalition at Montgomery and Phenix City
Campuses

September 10, 2021
8:30 AM – 4:30 PM CST

Dear Emma Quadlander,

Congratulations ! We're excited to inform you that your proposal entitled, "**Prolonged Grief Disorder and Coping Strategies Implemented by Individuals Bereaved by Sudden or Violent Loss**" has been accepted as a workshop session. Please respond to this email by Thursday, July 1, 2021, with your intent to move forward with this workshop session.

We acknowledge most presenters do not have significant experience with online presentations. Please be aware we will do everything we can to reduce the pressure on presenters and collaborate to ensure a positive experience for all. Time and schedules will be confirmed, and you will be notified.

We will be using Zoom as our platform for the virtual event. Each virtual room will have a moderator to provide technical assistance, field questions, etc. Ideally, presenters will have access to high-speed internet, a high-resolution camera, and a headset that includes both earphones and a microphone. We encourage you to also consider your location carefully, minimizing external noise as much as possible.
