Dear Fatmah AlQadfan:

Congratulations! After a selective, anonymous review process your proposal, entitled, *Body Image Dissatisfaction and Parental Bonding in Kuwaiti Women*, has been **accepted** as a poster presentation for the **2022 APA Convention** in Minneapolis, MN:

Reviewer comments (these anonymous, optional reviewer comments provided to authors are different from the lengthier comments and ratings/rankings that reviewers provided specifically to the APA Program Committee):

> Excellent topic. It would be interesting to also consider binge eating disorder.

Fails to specify in the introduction why the authors think that Kuwaiti women may have unique relationships with eating constructs. Also, the rationale for mediators is not provided and does not align with the majority of ED literature.

A few notes about the process:

1. Only the corresponding author of each session is receiving this letter. You will receive scheduling information from APA with the time and location of your presentation in a couple of months. Your presentation will be listed in the official convention program with the titles, name(s), and institutional affiliation(s) of the author(s). **All corresponding authors are asked to pass along the news to their co-presenters** and to inform them of the time and location of their presentations when that information is received.
2. All participants (members and nonmembers) attending the convention are required to register. Please refer to the [APA Convention website](#) and the Convention Issue of [the Monitor](#) for further details, including waived fee options for [APAGS member](#) first-authors.
3. **We do not have information for virtual options at this point.** We will keep you informed as we receive that information from APA.

Let us know how else we can be of support. As you complete your registration forms, please remember to indicate Division 35 as your primary division. **We appreciate you choosing Division 35 for your proposal!**

Look forward to seeing you in August,

Program Chair Team:
