To: Mark Brenneman <mab0164@auburn.edu>

To authors of accepted proposals for the 2020 Annual International Conference:

A detailed **Participants' Schedule** has been posted to the NARST Website, combined with an overall **Schedule at a Glance**.

The schedule can be downloaded from the [2020 Annual International Conference](#) page, or at this link:

[Program at a Glance and Participants Schedule](#)

The Participant's Schedule lists all authors whose presentations were assigned to a Stand-Alone Paper Set, a Related Paper Set, a Symposium, or a Strand- or Committee-sponsored Session. Next to your name you will find the titles, dates, and times of the groups to which your presentations are assigned.

Every effort has been made to minimize scheduling conflicts for all authors, and no further changes to the schedule can be made. If you find that you are scheduled to present in two groups that will take place during the same Concurrent Session, please contact the appropriate [Strand Coordinators](#). They can rearrange the order of presentations to allow you to present in both groups.

Presentations to be given in the Roundtable Discussion and Poster sessions are not included in the Participant's Schedule. They are scheduled for Monday March 16, at 3:15-4:15 for the Roundtable session and 4:15-5:15 for the Poster session.

If you have any questions, please contact me at paulkemp@narst.org.

Paul Kemp

Program and Data Coordinator
