**Priority:** High

Dear Colleague,

Congratulations! I am pleased to inform you that your poster proposal has been selected for presentation in the Society for Personality and Social Psychology (Division 8) programming for the 2020 APA meeting in Washington DC August 6-9, 2020. Please be sure to share the good news with your co-authors.

Poster selections are based on the recommendation of anonymous reviewers, who noted the quality of your proposal and its interest to Division 8 members.

APA will notify you by email of the exact date, time, and location of your poster session once the full schedule of programming is finalized. That likely will not happen until March or April. If you have not heard from the Convention Office by that time, please contact them at [Convention@apa.org](mailto:Convention@apa.org).

I look forward to your poster presentation, and I hope to see you at other SPSP programming at the conference. I also hope you will list Division 8 as your primary Division affiliation when you register for and attend the 2020 Convention. This will allow us to maximize our number of programming hours in the future. Again, congratulations!

If you have any further questions, please feel free to email me at [kimbkahn@pdx.edu](mailto:kimbkahn@pdx.edu).

Sincerely,

Kimberly Kahn

Division 8 Program Chair
