Information for ASHE 2019 Sessions

Paper Sessions

If you are delivering a paper in a self-designed paper session, no discussant paper session (scholarly or research), or a regular paper session (scholarly or research), you must upload a copy of your full paper for your discussant and chair on the [proposal submission site](#) no later than Friday, October 25, 2019 at Noon Pacific Time. Should you not upload a paper by the deadline, your discussant may elect only to give cursory feedback or no feedback at all.

For individuals delivering papers in our new "No Discussant Session" format, you will still need to upload your paper because session Chairs are being asked to facilitate a conversation amongst paper writers and audience members. They will need to have a deeper sense of your papers to facilitate a meaningful conversation. Chairs will not be delivering comments.

Please note that when you upload your paper to the ASHE site, it is not made public; it will only be visible to participants in your session including your Discussant and Chair.

session including your Discussant and Chair.

Interactive Symposium

If you are delivering work in an Interactive Symposium, please note that you are responsible for coordinating the presenters and flow of your session.

Performance, Video, Digital Sessions (PVDS)

If you are delivering work in our new "PVDS" format, please expect communication from Dr. Carrie Kortegast and Dana Kanhai in the near future. Dr. Kortegast, with assistance from Dana Kanhai, are organizing all of the material, spatial, and technological logistics for these sessions, and will be working with each presenter to ensure a successful performance/presentation/delivery. Please be attentive to this communication, as there are many elements that we are coordinating to make our PVDS Exhibition and Gallery a success!

Roundtable Session

If you are delivering work in a roundtable session, please expect communication from Dr. Ericka Roland and Kayon Hall in the near future. I have asked Dr. Roland and Hall to identify inclusive practices and guidelines to make Roundtable sessions more accessible and they will communicate these strategies via email later this fall. Additionally, on the morning of the Roundtable session, Dr. Roland and Hall will be on-site to direct traffic and coordinate timing for roundtables. The roundtable session will be held on the morning of Friday, November 15.

Poster Session

If you are delivering your work in a poster session, please expect a communication from the ASHE Office in the next few weeks. A display board will be available to showcase your work. Presenters need to ensure their poster does not exceed the dimensions of 42" x 42". Posters will be displayed and presented on the morning of Friday, November 15.

Registering for the ASHE Conference

Don't forget to register for the conference and take advantage of "early bird pricing" through August 31. Conference registration and hotel information are available on the [ASHE conference website](#). All conference presenters must be registered for the ASHE Conference.

ASHE is also pleased to announce that several [graduate student scholarships](#) are available for conference travel through the generosity of numerous donors. You can support this travel fund by visiting the [ASHE website](#).
