Dear Bahman Adlou,

Your abstract, with ID **146933**, Titled, *Age related lower extremity strength and power changes in preschool children during their preschool program*, has been scheduled for Poster Session #2 on Thursday, Aug 10 at 16:00-18:00 and your poster number is: **2-447**

Please take note of the following poster presentation guidelines:

There are two designated poster sessions, Wednesday & Thursday. Kindly set up and remove your posters during the allocated poster times so as not to impact other presenters.

Poster formatting recommendations from the Program Chair:

- Include a title block that clearly indicates the title of the study, full names of all authors, and the affiliation and email for at least the first/presenting author.
- Keep the amount of text to a minimum; include plenty of blank space and avoid long blocks of text.
- Use a large font, typically at least 36-point for the main text.
- Graphics can help to indicate methods clearly and concisely, e.g., screenshots of models, cartoons of experimental setups, overall workflows.
- Main results are usually best presented visually with figures; tables should be reserved for cases where readers need to see data with certain precision.
- Ensure contents have a logical flow.
- Include appropriate in-text citations, with a reference list that presents enough information for readers to unambiguously locate the reference.

The maximum size for your poster is 40x40 inches, but you do not need to use the full space. Push pins will be provided for you to adhere the poster to the board.

Removal of posters at the end of the display period is the responsibility of the author(s). Posters not removed by the deadline will be removed and disposed of by meeting staff. Please note that the posters will be held at the registration desk until the end of the conference, after which time they will be recycled.

There are two poster sessions, kindly take note of your poster session and the set up/tear down times. Please note, poster presenters are expected to stand by their posters for at least the first 90 minutes of their scheduled poster session.
