Hello!

Due to the number of messages I have received today concerning whether proposals have been accepted, I am sending out this message to all EERA presentation proposal submitters that have been ACCEPTED for presentation to the 2021 annual conference. Congratulations!

If you have more than one proposal and need to verify which one(s) have been accepted, please contact either Grace Liang ([gliang15@ksu.edu](mailto:gliang15@ksu.edu)) or myself to find out more or to have any questions you have answered. Additional information concerning presentations will be send out in the coming weeks.

Again, congratulations!

-George
