

ACES 2017 Conference Proposal Decision

eventsupport@hubb.me

Sun 4/16/2017 3:08 AM

To: Justin Maki <jlm0115@tigermail.auburn.edu>;

Thank you for submitting a proposal for the Association for Counselor Education and Supervision 2017 Conference. We received an overwhelming number of excellent proposals this year. Congratulations, your proposal has been accepted!

Please read this message carefully because it contains important details about your presentation.

- To accept or decline your presentation, please log into the Hubb website by clicking the link below:
(For a smoother experience, please use [Firefox](#) or [Chrome](#) as your browser.)
- The date and time for your presentation will be available for you to view in Hubb by Wednesday, April 19, 2017.

Speakers [click here](#) to access your event portal.

- You **must** accept your presentation between now and May 5, 2017 at 5pm Central Daylight Time (CDT). If you do not accept your presentation by this time, we will assume you are declining your presentation.
- As you agreed to when you submitted your proposal, no changes to your presentation

day/time can be made.

- You will have the opportunity to edit your program description and listed presenters between June 1 and June 15 at 5pm CDT only via Hubb. The only changes that may be made after this date are cancellations.
- Please note, individuals can be listed on two peer-reviewed presentations during the regular conference session only (ACES INFORM is not included in the two session limit). If a person is listed on more than two presentations, the presentation is subject to cancellation.
- The lead presenter must be an ACES member. Please check your ACA account (counseling.org) to determine whether you are an ACES member. If you are not an ACES member, you will receive an email prompting you to join no later than July 1, otherwise your proposal will be cancelled.
- The lead presenter must be registered for the conference by July 1, otherwise your proposal will be cancelled.

Proposal Types Accepted

Some proposals were not accepted in presentation format in which they were submitted. We made these changes to accommodate as many proposals as possible. All proposals went through a rigorous review process, and changes to format type were made congruent with feedback from the blind-peer review process. In sum, if your proposal was accepted as a different presentation type, this was most likely due to reviewers' feedback and/or your presentation not scoring high enough in the category in which it was submitted.

Presentation Accommodations

If you would like to request any ADA accommodations for your presentation, please send an email to Kelley Mautz, Accommodations Chairperson, ekm0031@tigermail.auburn.edu. In your email, please state your presentation title, the day and time of your presentation, and the accommodation(s) you are requesting. Please note, this is for presentation accommodations only. Accommodations for the rest of the conference can be indicated on your conference registration form.

If you experience any issues or have any questions, please do not hesitate to contact me. Again, congratulations on your acceptance!

Sincerely,

Jennifer Cook, ACES 2017 Proposal Coordinator
