Dear Melissa:

We are pleased to inform you that the poster session proposal you submitted, "Selective Mutism: Supporting Continuity of Care for Children and Adolescents," has been accepted as a Chi Sigma Iota-sponsored Poster Session at the 2022 ACA Conference & Expo in Atlanta! Congratulations! We received more proposals than we were able to select, and the acceptance of your proposal speaks to the quality of your project.

As the primary presenter, you are the contact person and will be responsible for notifying any co-presenters of acceptance, scheduling, and other information provided by CSI and ACA. **Each presenter must be an active member of both CSI and ACA both now and when the poster is presented.** Your membership will be verified, so please make sure that each presenter's CSI and ACA membership is current.

ACA has requested that presenters enter their contact information and the information about the poster using the following link: <https://www.surveymonkey.com/r/2022Invited> **Please make sure to enter the requested information and submit the form by this coming Monday, January 10.** ACA will contact you with additional information about scheduling your session.

Please note that all presenters must register for the conference by this Monday, January 10. Any presenter who does not register by this date will not appear in the conference program or be allowed to present (although the deadline listed on the form is today, due to the quick turnaround time, ACA is allowing our presenters through Monday to register).

Please contact us at posters@csi-net.org if you have any questions or need additional information.

Thank you for your flexibility as we worked with an unusually tight timeline this year. Congratulations again on the acceptance of your session, and we appreciate the opportunity to sponsor a session that will support CSI's mission.

Sincerely,

Dr. Amanda DeDiego, Dr. Panagiotis Markopoulos, & Dr. Stephen Kennedy
