Subject: 2018 SPR Annual Meeting Poster Abstract Notification

Dear Matthew Miller:

I am pleased to inform you that your poster submission titled, "INVESTIGATING WHETHER RESTING EEG COHERENCE BETWEEN CENTRAL MIDLINE AND OTHER SITES ACROSS SCALP TOPOGRAPHY PREDICTS MANUAL WHEELCHAIR SKILL ACQUISITION AND LEARNING" has been selected for presentation at the 58th Annual Meeting of the Society for Psychophysiological Research (SPR), which will take place October 3-7 at the Quebec City Convention Centre in Quebec City, Quebec, Canada.

Your submission has been scheduled for presentation during Poster Session 3 and has been assigned poster number 3-071. Please see the schedule below for details. To ensure accuracy in the program, please keep us apprised of any unforeseen changes in your poster.

It is extremely difficult for us to satisfy requests to change the assigned poster date. If you cannot make your assigned session, the best alternative is for you to please ask a colleague knowledgeable of the work to present the poster in your place. Your presence is particularly important if you are a student first-author and your poster is selected for adjudication by the Student Poster Award Committee.

Both a downloadable registration form and online registration will be available on our website in July. Each presenter must register and pay the appropriate fees.

SPR has secured sleeping rooms at the Hilton Hotel next to the Convention Centre. You can secure your hotel reservations [here](#). Staying at the conference hotel gives you a better conference and networking experience PLUS helps keep registration rates low. So...please support SPR by staying at the conference hotel!

If you have questions about the meeting, please contact Jane Shepard at the SPR Office by email at meetings@sprweb.org or call +1-608-443-2472, x137.

Congratulations on an excellent submission. I look forward to seeing you in Quebec City.

Sincerely yours,

Anna Weinberg
2018 Program Committee Chair
