**CAUTION: Email Originated Outside of Auburn.**

Dear Natalie Neugebauer,

On November 1, you received notification of your acceptance for the 2022 AERA Annual Meeting. Congratulations once again, whether you are part of a session submission or participating in a paper or roundtable session.

Participants in all three of these session types have a choice of whether you as a group wish to participate in the place-based component of the meeting in San Diego or on our virtual platform. Since our initial announcement in *Highlights* on October 29, the options have expanded so that participants in roundtable sessions have a choice too.

Your Session Details are as follows:

**ID:** 1913592

**Title:** Academic Achievement Gaps

**Author(s):**

***California's Students in Foster Care: Challenges and Promising Practices***
