

Dear Sarah Brinkerhoff,

On behalf of the American Society of Biomechanics 2023 Annual Meeting, I'm pleased to inform you that your submission (ID **146619**), "*The timescales of mediolateral stability and energetic cost during gait adaptation*", has been accepted for presentation at ASB 2023 as a **Podium** presentation. Details on the timing and formatting of the presentation will be forthcoming.

**To confirm your acceptance, kindly follow the instructions below by May 31, 2023:**

- Click here: <https://www.confmanager.com/main.cfm?cid=3165&tid=104>
- Sign into your account
- Accept the presentation or withdraw if you are not able to present.

The Early Bird registration deadline for ASB 2023 is **June 8, 2023**. To receive the discounted registration fees for ASB members, you must have an active ASB membership.

- To register for the meeting, please visit: <https://asbweb.org/registration/>
- To book your accommodation, please visit: <https://asbweb.org/accommodation/>
- For membership information, please visit: <http://www.asbweb.org/members/membership/>

If you would like to correct any typos or formatting errors in the abstract you originally submitted, email a PDF to the Program Chair ([rosshm@umd.edu](mailto:rosshm@umd.edu)) by **June 15, 2023**. Any such changes should be limited to fixing typos and formatting only. Do not include any new data, analyses, discussion, or any other changes beyond the scope of typos and formatting.

Congratulations! We hope to see you in Knoxville.

Sincerely,

Agathe Deacon-Erasmus on behalf of Ross Miller, Program Chair
