Tue 2/6/2024 7:12 PM

To: Tinashe Blanchet <tzb0090@auburn.edu>

CAUTION: Email Originated Outside of Auburn.

Dear Tinashe Blanchet

Acceptance of Workshop

Thank you for your interest in the Fifteenth International Congress on Mathematics Education (ICME-15). I write in relation to your proposal for a Workshop entitled

From Traditional to Digital: Modernizing the Teaching and Learning of Algebra with Equation Editing Tools

We were delighted to receive a large number of proposals for Discussion Groups. These have been reviewed by a Sub-committee of the IPC. They were impressed by the diversity and quality of the proposals.

I am delighted to inform you that your Workshop has been accepted for inclusion in the Scientific Program of ICME-15. It will be programmed for a duration of **60 minutes**.

Some notes on the duration of Workshops:

- Shorter Workshops were originally planned to be 45 minutes. This has been increased due to changes in the overall timetable of ICME-15.
- All proposals that selected "45 minutes" as the preferred duration have been allocated 60 minutes
- All proposals that selected "Either 45 or 90 minutes" as the preferred duration have been allocated 60 minutes
- All proposals that selected "90 minutes" as the preferred duration have been allocated 90 minutes

The Secretariat will write to you shortly to explain what you need to do to ensure your Workshop is properly described in the program for the Congress.

I remind you that Workshops are intended to "provide hands-on experience to Congress delegates interested in learning or trying out something through active participation." Please keep this in mind as you plan your Workshop.

Again, thank-you for your interest in ICME-15. I look forward to greeting you in Sydney in July.

Yours sincerely,

Prof. Kim Beswick

Convenor ICME-15 and Chair International Program Committee (IPC)**Kim Beswick**

ICME-15 Convenor

Chair, International Program Committee

Head, School of Education, UNSW

Professor of Mathematics Education
