Good afternoon!

I hope you are doing well. I wanted to follow up with the email regarding my Clinical Residency status for Spring 2026. I originally emailed you on October 28th and also called earlier today to discuss this matter. If possible, I would really appreciate a call back at your earliest convenience.

Could you please clarify which specific criteria I did not meet to move forward into Clinical Residency? I want to make sure I fully understand what needs to be addressed so that I can take immediate action.

Dr. Ford previously informed me that my Praxis exam should be completed no later than December, and I am scheduled to take the exam on Thursday, November 20th. This process truly means so much to me, as I am dedicated to meeting all requirements to graduate on time and continue progressing in the Agriscience Education program.

I am also preparing to move next semester, and completing my master's degree on schedule is extremely important to me.

Thank you so much for your time, understanding, and guidance. I truly appreciate your support and any clarification you can provide so that I can make the necessary corrections as soon as possible.

Warm regards,

Good morning!

I still plan to intern for Spring 2026. I have already completed the **Spring 2026 Clinical Residency Application** in Watermark. I will be taking the Praxis Exam in October.

Thank you! Have a great day.

Hi!

Your faculty advisor has indicated that you plan to do your Clinical Residency (Internship) for your Alternate Master's in Education in the **Spring 2026**.

- If you have not filled out a "**Spring 2026 Clinical Residency Application**" in **Watermark**, please do so as soon as possible. (If you have already done this, you don't need to do it again!)
- If you have not taken/passed **Praxis**, please do so as soon as possible.

Please reply to this email and let me know if you still plan to intern Spring 2026.

If you have any questions, feel free to email me anytime!

Thank you,

Katy
