Syllabus

Course Number: ERMA 8200

Course Title: Survey Research Methods

Semester: Fall, 2013

Credit Hours: 3 credit hours

Prerequisites: None

Meeting Time: Thursday 4:00~6:50 pm (3233)

Instructor: Chih-hsuan Wang

4045 Haley

wangchi@auburn.edu

Office Hour: Wednesday 9:30~11:30

Thursday 9:30~11:30 or make an appointment

Date Syllabus Prepared: August, 2013

Texts:

Dillman, D.A. (2009). Internet, Mail, and Mixed Mode surveys: The Tailored Design Method (3rd ed.). NewYork: John Wiley & Sons.

Recommended Reading:

Fink, A. (Ed.) (2003). *The Survey Kit – 2nd Edition* (10 volumes). Thousand Oaks, CA: Sage Publications.

Shannon, D. M. & Davenport M. A. (2000). *Using SPSS to solve statistical problems: A self-instructional Guide*. Merrill Prentice Hall, Upper Saddle River, New Jersey.

American Psychology Association (2009). *Publication Manual of the American Psychological Association (6th ed.).* Washington D.C., American

Psychological Association. (ISBN# 1433805618)

Course Description:

Overview of survey research, sampling issues, selection and construction of survey instruments, scaling techniques, response effects, issues influencing response rate, reliability and validity of survey data, and analysis of data.

Course Objectives:

Upon completion of this course, the student will be able to:

- recognize and discuss the uses of survey research.
- describe the advantages and limitations of different types of measurement scales.
- recognize an apply the appropriate estimates of reliability and validity.
- prepare a cover or informational letter which adheres to the guidelines discussed in class.
- complete IRB CITI training.
- discuss the advantages and limitations of different sampling procedures.
- describe procedures used to increase response rate in survey research.
- recognize aspects of measurement instruments which may increase response effects and suggest ways to deal with these aspects.
- construct a measurement instrument in accordance with guidelines discussed in class and the research literature.
- conduct a pilot study using a measurement instrument developed in class (for A only).
- determine the appropriate data analysis procedure(s) (quantitative and qualitative)
 given a specific set of research questions.
- prepare a report detailing instrument development, sampling and procedures, and pilot study (if contracting for an A).

Tentative Course Content and Schedule

Week	Date	Reading & Class activities
1	08/22	Syllabus
2	08/29	Introduction to Survey Research (Chapter 1)
		Background Research to Define Survey Content
		Delphi Method to Define Construct
		Reading: Practical Considerations for Conducting Delphi Studies:
		The Oracle Enters a New Age
	09/05	Ethical Issues
3		Confidentiality, Informed Consent
		Institutional Review Board (IRB)
		Assignment Due: Individual Project Research Question
	09/12	Types of Measurement Scales (Chapter 4)
4		Assignment Due: Introduction (a short review of theory or other basis for
		items)
	09/19	Guidelines for Survey Instrumental Construction (Chapter 5 & 6)
5		Writing Questions
		Constructing the Questionnaire
		Assignment Due: Informed Consent Letter
6	09/26	Peer review of items and rewrites
		Assignment Due: Completed IRB & First Draft of Survey Items
	10/03	Sampling Issues (Chapter 2 & 3)
		Sampling procedures
		Dealing with Nonrespondents
7		Follow-up Techniques
•		Piloting and Implementing Surveys
		Reading: Developing a Strong Program of Construct Validation: A Test
		Anxiety Example
		Assignment Due: Survey Items
	10/10	Methods of Administration (Chapter 7)
8		Response Rate
		Reading: Factors Affecting Response Rates to Mailed Questionnaires: A
		quantitative Analysis of the Published Literature

Week	Date	Reading & Class activities	
		Assignment Due: Method Section	
		Online Survey Tools (Chapter 9)	
9	10/17	SurveyMonkey.com	
		And others	
		Assignment Due: Collecting Data (for those contracting for an A)	
10	10/24	Data Analysis Issues	
		Survey Psychometrics	
		Validity and Reliability	
		Reading: Reliability of Scores and the Researcher	
		Assignment Due: Completed Methods Section	
11	10/31	Peer Review	
12	11/07	MSERA Conference	
	11/14	Data Analysis Issues	
		Data management, Analysis, and Interpretation	
13		Reading: Validity of Students' Evaluations of College Teaching: A	
		Multitrait-Multimethod Analysis	
		Assignment Due: Analysis Section added to Methods	
	11/21	Reporting Survey Results	
		Assignment Due: Final Project (Make corrections and assemble parts)	
14		For those contracting for an A, the results section must also be	
14		completed	
		Reading: Checklist of Contents for a Survey Report	
		Reading: How to Make a Presentation	
15	11/28	Thanksgiving Break	
16	12/05	Class Presentation (Poster Sessions)	

Course Requirements:

- Attend all class sessions and participate in class discussions and activities
- Complete all assignments
- Construct a measurement instrument and prepare a project report proposing the use of your measurement instrument

Grading and Evaluation Procedures:

Quizzes/In-class Activity Points	20%
Individual Project	
Informed Consent Letter	10%
Survey Items	20%
Methods Section	
Population, sampling, sample	
Instrument Development	
Scale Development	10%
Validity & Reliability	10%
Data Analysis	10% (description)
IRB	05%
Final Report-corrections identified	15%

(for A the report must include results of the pilot study)

Student will contract for grades as described below:

1) For Grade of A:

- Excellent attendance and participation
- Informed/consent letter.
- Survey items with at least 20 items developed by the researcher (YOU).
- IRB.
- Collect data and conduct appropriate data analysis, including the evidence supporting the reliability and validity.
- Write an appropriate final report for the project and earn 90% or better of possible points.

- **Absolutely NO make ups.** You must be in class to earn in-class points (quizzes, in-class labs, or assignment completed in class).
- Take-home assignments turned in late earn 2% reduction in points per day late.
- Weighted average must equal 90% or better.

2) For Grade of B:

- Good attendance and participation.
- Informed/consent letter.
- Survey items with at least 20 items developed by the researcher (YOU).
- IRB.
- Write an appropriate final report for the project and earn 80% or better of possible points.
- **Absolutely NO make ups.** You must be in class to earn in-class points (quizzes, in-class labs, or assignment completed in class).
- Take-home assignments turned in late earn 2% reduction in points per day late.
- Weighted average must equal 80% or better.

If Guidelines for contracted grade are not met, lower grades will be given. A grade of C or lower will also be given for weighted averages below 80% as follows:

Grading Scale:

Grade	Percentage	
С	70~79%	
D	60~69%	
F	<60%	

• Individual Project

Each person in the class will complete a project that includes the following:

- 1. Introduction
 - Statement of purpose of the study
 - Necessary background information
 - Brief overview of relevant literature
 - Standards
 - · Research or evaluation questions

2. Methods

- Participants (descriptive information related to the sample)
- Sampling methods
- Description of instrument development
- Description of scale and how items are scored and meaning of scores per item and per scale.
- How value(s) are obtained for analysis.
- Description of how validity and reliability of scores are established.
- Procedures and data analysis

3. Results

- Evidence supporting reliability and validity
- Results from pilot test of instrumentation (for those contracting for an A)
- 4. Discussion
- 5. Attach the
 - Informed/consent letter
 - Final measurement instrument
 - IRB
- 6. Follow APA writing style.
- 7. The report and instrument must be typed.

Class Policy Statements

• Class Attendance

Points are not attached to attendance directly. However, excellent class attendance is expected. If you need to be absent for school or work-related requirements, illness, or an emergency, you are allowed to make up points for no more than two classes. Students are responsible for initiating arrangements for missed work.

• Electronic Device Policy

Cell phones should be turned off or to vibrate during class. Cell phone texting and/or reading are not permitted in class. Laptops and tablets in class could only be used for the purpose of the class.

• Assignment Policy

- Due to the potential incompatibility of word processing programs and formats, and the potential for the transmission of viruses, absolutely <u>no</u> work for the course will be accepted as an E-mail and/or as an E-mail attachment, or on a disk etc. All graded work must be printed off by you and delivered to me in hard copy format.
- All work submitted for the course must be typed.

• Late Assignments Policy

- Assignments turned in late will receive a <u>2% reduction in earned points per day.</u>
 The only exception will be in the case of emergency.
- Except for work requiring calculations, all work must be typed or it will **not** be graded. Late penalty will be applied to work completed in writing and then turned in late in typed format for a grade.
- Assignments more than 2 weeks overdue will not be accepted.

Incompletes and Withdrawals

Grades associated with incomplete course work or withdrawal from class will be assigned in strict conformity to University policy (see Auburn University Bulletin). If you wish to drop this course you may do so by the 10th class day with no grade assignment. From the 10th class day to mid-quarter a W (withdrawn-passing) grade will be recorded in your transcripts. After this period withdrawal from the course will

only be granted under unusual circumstances and must be approved by the Dean of the College of Education.

Note that the incomplete grade (IN) policy is in effect. The new policy requires that students complete a form requesting that an IN grade be assigned. If this form in not completed and given to the instructor of the class, a grade will be assigned with a score of zero (0) for work that has not been completed and turned in by the time the instructor reports grades.

Academic Misconduct

Academic Honesty

The Department of EFLT recognizes university policy regarding academic misconduct. Violations include, but are not limited to: plagiarism, unauthorized assistance during examinations, submitting another's work product as your own, using another's words as your own without appropriate citation, sharing unauthorized materials with another that contain questions or answers to examinations, altering or attempting to alter assigned grades. In accordance with University policy regarding academic misconduct, students may be subject to several sanctions upon violations of the Student Academic Honesty Code. See the Tiger Cub publication for the current year for specifics regarding academic misconduct as well as student's rights and responsibilities associated with the Code.

Plagiarism

For more information, see:

http://www.collegeboard.com/student/plan/college-success/10314.html
http://owl.english.purdue.edu/owl/resource/589/01/
http://www.indiana.edu/~wts/pamphlets/plagiarism.shtml

• Disability Accommodations

Students who need special accommodations in class, as provided for by the American Disabilities Act, should arrange a confidential meeting with the instructor during office hours the first week of classes — or as soon as possible if accommodations are needed immediately. If you have a conflict with my office hours, an alternate time can be arranged. To set up this meeting, please contact me

by e-mail. You must bring a copy of your Accommodation Memo and an Instructor Verification Form to the meeting. If you do not have these forms but need accommodations, make an appointment with the Program for Students with Disabilities, 1228 Haley Center, 844-2096 (V/TT).

NOTE: This is a tentative syllabus. Any changes will be announced in class. Students are responsible for being aware of the changes made.
