

1. ERMA 7300 Design and Analysis I

3 credit hours

2. Instructor

Instructor: Joni M. Lakin
4032 Haley Center
(334) 844-4930
joni.lakin@auburn.edu
Office Hours: Monday 2pm-4pm and by appointment.

Teaching Assistants:	Graham Morris gwm0007@auburn.edu 4013 Haley Center Hours: Mon 4-5PM Tue 4-6PM Thur 4-5PM	Kseniya Zhuzha kzz0006@auburn.edu Office hours in LRC Hours: Wed 3-4:30pm
----------------------	---	--

3. Resources

Required: Salkind, N.J. (2010). *Statistics for people who (think they) hate statistics* (4th edition). Thousand Oaks, CA: Sage. ISBN 9781412971027 [A copy of this text will be on hold at the MAIN library.]

Recommended: Pallant, J. (2010). *SPSS survival manual: A step by step guide to data analysis using SPSS* (5th ed.). Open University Press. [A copy of this text will be on hold at the MAIN library.]

4. Course Description

Knowledge of the concepts and application of quantitative analytical methods is critical to the producers and consumers of educational research. This course is designed to provide students the understanding of statistical methods pertaining to the design and analysis of experiments in educational research. Basic methods of descriptive and inferential analysis will be reviewed including chi-square, t-tests, between and within subjects ANOVA, mixed ANOVAs and hierarchical designs as they are used in educational research.

5. Course Objectives

Upon completion of this course, the student will be able to

- explain the process of hypothesis testing and apply to research problems
- identify different types of research designs found in published articles
- describe the strengths and limitations of different research designs
- identify applications of a wide variety of statistical procedures
- solve educational research problems using statistical tests of significance
- make accurate interpretations of statistical findings
- use data analysis software (SPSS) to solve statistical problems

Note: We will be using the Canvas learning management system for this course. Check the Canvas site weekly for announcements and handouts for class.

6. Tentative Course Content and Schedule		Readings and Assignments due
Week 1 (8/19)	Class overview Brief introduction to Canvas Introduction to Research Design	
Week 2 (8/26)	Research Design cont'd Descriptive statistics	Salkind Ch 1-4 Optional: Pallant Ch 6-7, Salkind Appendix A Homework #1 due (all homework worksheets on Canvas)
Week 3 (9/2)	Hypothesis testing and one-sample designs (z-test and one-sample t-test)	Salkind Ch 7-9 Homework #2 due
Week 4 (9/9)	Hypothesis testing with two means (t-test and ANOVA)	Salkind Ch.10-11 Optional: Pallant Ch 17 Homework #3 due <i>Quiz 1 Ch. 1-4 distributed</i>
Week 5 (9/16)	Hypothesis testing with two means cont'd	Salkind Ch. 12 Quiz 1 due (start of class)
Week 6 (9/23)	One-way ANOVA with more than two groups	Salkind Ch. 13 Optional: Pallant Ch 18 Homework #4 due
Week 7 (9/30)	One-way ANOVA with more than two groups cont'd <i>This Is Research Faculty Symposium 9/30</i> <i>(extra credit opportunity on Canvas)</i>	Homework #5 due
Week 8 (10/7)	Content review/Catch up <i>Work on in-class midterm project</i>	<i>Midterm can be submitted for feedback</i> <i>Quiz 2 distributed</i>
Week 9 (10/14)	Content review/Catch up, if needed	Midterm project due Quiz 2 due 10/14 (midnight, Wed)
Week 10 (10/21)	Overview of remaining designs Two-way ANOVA	Field Ch. 12 [SKIP 12.16 and 12.18] Salkind Ch 14 Optional: Pallant Ch 19
Week 11 (10/28)	Two-way ANOVA cont'd	Homework #6 due
Week 12 (11/4)	Repeated measures and within-subjects ANOVA	Field Ch. 13 Review Salkind Ch.12 Optional: Pallant Ch. 20
Week 13 (11/11)	Mixed Designs ANOVA <i>Time to work on final project</i>	Field Ch. 14 Salkind Ch. 18 Homework #7 due
Week 14 (11/18)	Non-parametric tests (Binomial, Chi-square) <i>TA teaching, Dr. Lakin away at conference</i> <i>(can respond to emails)</i>	Salkind Ch 17 Optional: Pallant Ch 16
11/25	Thanksgiving	
Week 15 (12/2)	Class presentations	Homework #8 due All components of project due (start of class) <i>Quiz 3 distributed (all Chs.)</i>
Finals		Take home quiz due 12/8 (Tue, midnight)

7. Course Requirements and Evaluation

Learning Methods: Lectures, discussions, readings, class exercises and projects.

Student Assessment

Quizzes	60%
Homework, In-class Activities	20%
Projects, Presentations	20%

You MUST be in class to earn in-class activity points.

When appropriate, you must show your work for full credit.

All work MUST be submitted on Canvas. If you complete work by hand, you must scan and submit it on Canvas. There are easy to use apps for your phone that scan and create PDFs.

Grading Scale: A: 90 – 100% B: 80 – 89% C: 70 – 79% D: 60 – 69% F: below 60%

8. Class Policy Statements

Attendance Policy

- Excellent attendance is expected, but not required. If you miss class, you will need to get notes from another student.
- If you miss an in-class assignment, it can only be made up if you have a university-approved excuse for the absence.
- I will start class on time, so if you are late you will need to get notes from another student.

Late Assignments Policy

- Assignments turned in late will receive a 5% reduction in earned points per day. The only exception will be in the case of emergency.
- Except for work requiring calculations, all work must be typed or it will **not be graded**. Late penalty will be applied to work completed in writing and then turned in late in typed format for a grade.

Incompletes and Withdrawals

Grades associated with incomplete course work or withdrawal from class will be assigned in strict conformity to University policy (see Auburn University Bulletin). If you wish to drop this course you may do so by the 10th class day with no grade assignment. From the 10th class day to mid-quarter a W (withdrawn-passing) grade will be recorded in your transcripts. After this period withdrawal from the course will only be granted under unusual circumstances and must be approved by the Dean of the College of Education.

Note that a new incomplete grade (IN) policy is in effect. The new policy requires that students complete a form requesting that an IN grade be assigned. If this form is not completed and given to the instructor of the class, a grade will be assigned with a score of zero (0) for work that has not been completed and turned in by the time the instructor reports grades.

Academic Misconduct

The Department of EFLT recognizes university policy regarding academic misconduct. Violations include, but are not limited to: plagiarism, unauthorized assistance during examinations, submitting another's work product as your own, using another's words as your own without appropriate citation, sharing unauthorized materials with another that contain questions or answers to examinations, altering or attempting to alter assigned grades. In accordance with University policy regarding academic misconduct, students may be subject to several sanctions upon violations of the Student Academic Honesty Code. See the Tiger Cub publication for the current year for specifics regarding academic misconduct as well as student's rights and responsibilities associated with the Code.

Disability Accommodations

Students who need accommodations are asked to electronically submit their approved accommodations through AU Access and to arrange a meeting during office hours the first week of classes, or as soon as possible if accommodations are needed immediately. If you have a conflict with my office hours, an alternate time can be arranged. To set up this meeting, please contact me by e-mail. If you have not established accommodations through the Office of Accessibility, but need accommodations, make an appointment with the Office of Accessibility, 1228 Haley Center, 844-2096 (V/TT).

Copyright and Course Materials (adapted from <http://www.president.umd.edu/legal/commercial.html>)

My lectures and course materials, including power point presentations, tests, outlines, and similar materials, are protected by copyright. I am the exclusive owner of copyright to those materials I create. You may take notes and make copies of course materials for your own use. You may not and may not allow others to reproduce or distribute lecture notes and course materials *publicly* (whether or not a fee is charged) without my express written consent. Similarly, you own copyright to your original papers and exam essays. If I am interested in posting your answers or papers on the course web site, I will ask for your written permission. As part of this course, you may provide written lecture materials for other students. Your consent to post those to the course website is implied. Any other use (by me or other students) will require your permission.
