## **7. Course Requirements:**

I. **Regular attendance and class participation** are essential for successful completion of the course. Active and mature participation includes asking questions, sharing experiences, and contributing to the class community. You are part of a classroom community and the total learning environment depends upon the contributions of each individual. Absences must be handled like they would be in a contracted campus professional position: communicated and planned for in advance. Since our class meets only once weekly for part of the semester and later in bi-weekly group meetings, excessive absences (more than two) may result in a lower grade for the course. Extenuating circumstances will be considered on an individual basis, especially if negotiated ahead of time. A successful HIED 8200 student demonstrates initiative in the area of participation. You are responsible for adding to the knowledge base during class by discussing input prepared and gained from your readings and coursework. The quality (not the quantity) of participation is important. Students who come to class unprepared to discuss course material will be downgraded accordingly.

II. **Group project.** Groups of students (minimum three per group) will be assigned to different on-campus or off-campus units to perform an evaluative inquiry and assessment project. The aim of the group work is to provide an opportunity to assist in an evaluation and assessment effort. In the process of this group work, you will learn to draw from your fellow students' skills and experiences. Your group will be required to:

- Post "Bi-Weekly Group Updates" using Canvas site
- Schedule and attend "Bi-weekly, In-person Meetings with the Instructor" (used for coaching, feedback, and "next step" discussions)

Class will not meet regularly during the group project phase of the semester. Refer to section 10 of this syllabus for specific class meeting dates.

III. **Group Presentation.** The group shall conduct a class presentation about the project, assessment, and evaluative inquiry. A group grade will be given for the presentation. In addition, a "Presentation Peer Evaluation" (developed in/by the class) will be used for the rest of the class to provide feedback about the group presentation.

**IV. Final Exam.** A final exam will be administered online in Canvas during exam week. The exam will include multiple choice, short answer, and essay questions.

**8. Grading and Evaluation Procedures:**

The final grade for the course will be based on the following:

Class Participation in	
Discussion/Group Meetings.....	200 pts.
Group Project.....	200 pts.
Group Presentation.....	200 pts.
Presentation Peer Evaluation.....	100 pts.
Final Exam .....	<u>300 pts.</u>
Total.....	1000 points

The following grading scale will be used:

900 - 1000	= A
800 - 899	= B
700 - 799	= C
600 - 699	= D
Below 600	= F

**9. Class Policy Statements:**

- A. Students are expected to attend all class meetings and participate in all classroom exercises (Tiger Cub, p. 73). Should students need to be absent for any reasons, please contact the course instructor before missing that class meeting.
- B. Students are responsible for initiating arrangements for missed work due to excused absences (Tiger Cub, p. 74)
- C. Students who need special accommodations in class, as provided for by the American Disabilities Act, should arrange a confidential meeting with the instructor during office hours the first week of classes - or as soon as possible if accommodations are needed immediately. You must bring a copy of your Accommodation Memo and an Instructor Verification Form to the meeting. If you do not have these forms but need accommodations, make an appointment with the Program for Students with Disabilities, 1244 Haley Center, (334) 844-2096.
- D. All portions of the Auburn University Honesty Code can be found in the Tiger Cub (Title XII) will apply in this class.
- E. A grade of incomplete will not be given except under extreme circumstances as determined by the instructor.
