Class and Individual Assignments

<u>Class Assignments.</u> In addition to individual assignments, you will contribute to group assignments and projects throughout the course. These projects will be tailored to the interests of the class. Topics in previous years have dealt with programs in K-12 settings, accreditation issues, and community programs. These activities will involve interaction with "clients" from ongoing program evaluations.

<u>Individual Assignments</u>. Assignments are included throughout the course schedule. These assignments will be discussed in further detail as they are made. They will pertain to specific components of program evaluation (e.g., construction an evaluation plan, logic models, budgets, etc...). These assignments will contribute toward the completion of you overall course project. Each assignment will be expected when due. Any assignment presented or turned in late will be penalized 5% for each day past the assignment deadline. Assignments more than 1 week overdue will not be accepted.
