### **7. Course Requirements:**

- I. **Attendance and class participation** are essential for successful completion of the course, both for the in-person meetings and online activities. Active and mature participation includes asking questions, sharing experiences, and contributing to the “learning community.” You are part of a classroom community and the total learning environment depends upon the contributions of each individual. Absences from the scheduled class meetings must be handled as they would be in a professional position on a college campus: planned for and communicated in advance. **Since our class meets in-person only four times, excessive absences from in-class meetings (more than one) may result in a lower grade for the course.** Extenuating circumstances will be considered on an individual basis, especially if negotiated ahead of time.

A successful HIED 7270 student demonstrates initiative in the area of participation. You are responsible for adding to the knowledge base both online and in class by discussing material and gained from your readings and coursework. The quality (not the quantity) of participation is important. Students who come to in-person class meetings unprepared to discuss course material will be downgraded accordingly. All student voices are important, so please do not monopolize discussion, either online or in-person. Thank you!

- II. **Weekly Readings and Canvas Postings.** Post online a short reflection about an assigned reading(s). Assigned readings are posted weekly by the instructor and include sections from the textbook (*Cohen & Kisker*), journal articles, and/or articles from *The Chronicle of Higher Education*. Instructor may use your posting for discussion in a future class. You may also be directed by the instructor to react to another student’s posting. **Discussion postings must be submitted by 11:00 a.m. on the day of class.**
- III. **Quizzes.** There will be three (3) online quizzes, approximately every three weeks. These are short assessments based only on the previous weeks’ content, including online “lectures,” articles, and the main text (*Cohen & Kisker*).

IV. **Final paper.** Individual students shall prepare a final paper (not to exceed 10 pages in length, excluding references) about some aspect of the history of higher education and how it relates to the modern systems we have today. Example topics include (but not limited to):

- The curriculum
- Diversity
- Faculty
- Gifts and fundraising
- Athletics
- Political unrest
- Professional schools
- More (discuss with instructor)

Note: All papers shall be prepared according to the *APA Style Manual* (6th edition).

V. **Final exam.** A final exam will be administered online in Canvas during the final week of classes. The exam will include multiple choice, short answer, and essay questions. More information in class.
