Though things are quite different this year, we are looking forward to hearing about your work. Our goal is to make this process as transparent as possible. To get started please complete the following:

1. If you choose to have your poster narrative included in the proceedings the final manuscripts must be uploaded to the poster submission site by Friday, April 26th.
You will need to resubmit the narrative as a PDF file with a cover page added that will then be included in the conference proceedings. The cover page should contain the following information and be centered on the page-poster abstract title, author name, mailing address, phone number, and e-mail address of the authors. The type of poster should be printed in the upper right-hand corner.

Uploading Poster Abstract Revisions

1. Go to the AAAE Poster Website.
2. Choose the appropriate conference.
3. Login
4. Select "My Reviews"
5. Select a poster submission.
6. Select "Upload Final Version for Publication"
7. Upload your revised narrative as a PDF. Your narrative must be no longer than 4 pages (cover page, 2-page narrative, 1-page references). You should take this opportunity to add blinded information (such as state or university name).

To recap key deadlines:

- . April 26th: submit final poster manuscript.

Congratulations again!

You can register for the conference using the AAAE Conference Registration Webpage.
