### **Format of Presentations:**

**Paper sessions** will consist of three to four presentations in a 90-minute session. The session will be divided equally between the presentations.

**Workshop** presenters will be given the full 90 minutes for a more hands-on session.

**Panel sessions** will provide an opportunity for three or more presenters to speak in a more open and conversational setting with conference attendees. These sessions will last 90 minutes, and it is the presenters' choice how that time is split between panelists.

**Roundtable Discussions** will last 90 minutes and give the presenter an opportunity to speak with 2-3 audiences as follows:

- Each presenter in a roundtable session will be assigned a table number which will be listed in the program.
- Attendees will be able to select any table.
- Presenters will have 25 minutes to lead a discussion with attendees.
- After the 25 minutes, attendees will have 5 minutes to select a new table.
- No audio-visual equipment will be provided for these sessions. They are meant to be discussions, not presentations.

**Poster sessions** will last 90 minutes and consist of a large group of presenters. Poster sessions allow attendees to speak with the presenters on a one-to-one basis. If you are scheduled for a poster session, the following supplies will be provided:

- Magnetic whiteboard (48 inches wide x 32 inches tall)
- Magnets to affix posters/papers
