Auburn University

Auburn, Alabama 36849-5122

UNDERGRADUTE STATEMENT OF FINANCE

It is my understanding that the approximate cost of college education for one student at Auburn University for 2024-2025 is $52,030 (U.S. Dollars) for each nine-month academic year for the student, an additional $4,800 per year for a spouse, and an additional $4,200 for each dependent. This amount is adjusted every year. This includes non-resident tuition, fees, health insurance, room and board, books, and personal expenses. It does not include the cost of transportation to and from the United States. Even though some students may choose not to attend school during the 3-month summer term, they must provide evidence of their ability to pay all expenses incurred per year in order to obtain a Visa Eligibility Certificate (I-20 or DS-2019). Further information is available at http://www.auburn.edu/academic/international/isss/cost.php

It is hereby declared that_____U.S. Dollars will be available per twelve-month academic year for_____(student's name) as long as he/she is a student at Auburn University.

I have attached hereto a certified statement from my bank or other certified evidence of my capability to fulfill this financial sponsorship. I have also included a list of each accompanying dependent, including the name, city and country of birth, date of birth, and country of citizenship.

Signature of responsible financial sponsor:_____Date: _____

Sponsor's printed name: _____
Sponsor's relationship to student: _____
