# ALMA MATER AND NATIONAL ANTHEM

## ALMA MATER

On the rolling plains of Dixie  
'Neath the sun kissed sky  
Proudly stands our Alma Mater  
Banners high.

To thy name we'll sing thy praise  
From hearts that love so true  
And pledge to thee our loyalty  
The ages through.

We hail thee, Auburn, and we vow  
To work for thy just fame,  
And hold in memory as we do now  
Thy cherished name.

Composed by Bill Wood, 1924

## THE STAR-SPANGLED BANNER

O say can you see,  
by the dawn's early light,  
What so proudly we hail'd  
at the twilight's last gleaming,  
Whose broad stripes and bright stars,  
through the perilous fight,  
O'er the ramparts we watch'd,  
were so gallantly streaming?  
And the rocket's red glare,  
the bombs bursting in air,  
Gave proof through the night  
that our flag was still there.  
O say does that star-spangled  
banner yet wave  
O'er the land of the free  
and the home of the brave?

Music by John Stafford Smith, 1780  
Lyrics by Francis Scott Key, 1814  
Adopted as the national anthem of the United States, 1931

## ACADEMIC REGALIA

Academic regalia worn during graduation is based on attire from the 12th and 13th centuries when universities were being established. Academic dress and accoutrements have been used in higher education in the United States since colonial times. In 1895, an intercollegiate commission adopted a standardized code for the use of academic gowns, hoods, and caps, which included regulation of style and materials. Colors were prescribed to represent different fields of learning. Since then, the majority of colleges and universities in the United States, including Auburn, have upheld the code.

### GOWNS

Except for a few universities, academic gowns are all black. The bachelor's gown is the simplest of the three types. The master's gown is similar but has sleeves with an extra long extension. Representing the highest degree, the doctoral gown is fuller throughout and has pleated bell-shaped sleeves. It is trimmed with a velvet band that circles the neck and descends the front, and it has velvet bars on the sleeves.

### ACADEMIC HOODS

Academic hoods have endured as the sign of a scholar, and increased symbolism through color and material. Master's hoods are edged in velvet in the color of the candidate's major field. The hood's satin lining shows Auburn's official colors. A doctoral hood is longer and larger than the master's. A doctor of philosophy's hood has dark blue velvet-bound edges and the doctor of audiology has green.

The orange and blue satin lining shows that the degree was conferred at Auburn University. The faculty who march in the academic processional show a range of colors marking their diverse fields, degrees, and institutions.

The traditional rule for academic hoods is that a candidate for a degree should not wear the hood until the degree is conferred. However, at Auburn, master's degrees are conferred en masse, therefore degree candidates wear hoods throughout the ceremony. Doctoral degree recipients are hooded by their major professor during the ceremony. These candidates do not wear the hood during the academic processional, but receive their hood when the degree is conferred.

## CAPS AND TASSELS

A black mortar board is the typical headwear worn, with some faculty wearing black tams. All caps have tassels. Students earning a bachelor's degree have tassel colors representing their fields. They begin the ceremony with the tassels on the right front side; after all degrees are conferred, they are instructed to move the tassels to the left side. Faculty and candidates for master's and doctoral degrees already wear their gold tassels on the left side.

## STOLES, CORDS, AND MEDALS

In addition to the orange stoles worn by student marshals, some graduates wear regalia signifying academic achievements or membership in organizations, primarily academic honor societies. Students graduating summa cum laude, magna cum laude, or cum laude wear yellow cords. The Honors College recognizes its graduates with silver medals. Students inducted into Phi Kappa Phi, an honor society incorporating all fields of study, may wear cords of interwoven gold and blue. Some schools and colleges have honor societies unique to their discipline, and students selected for membership wear stoles, cords or medallions representing them. Like hoods, each color and pattern is unique to the honor.

## MACE

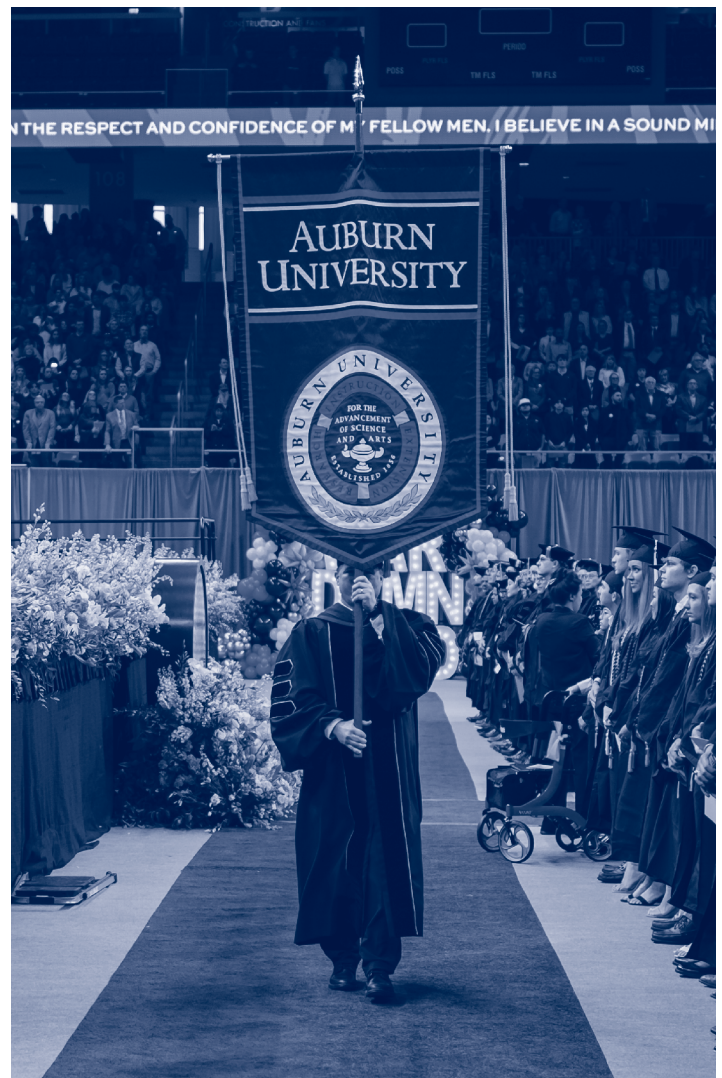

In ancient Rome, what would later be called a mace was carried at the head of processing civil authorities. By the Middle Ages, the Catholic Church similarly used a mace, which also became associated with the civil authority of monarchies. Today, the United Kingdom's House of Commons still presents a mace to mark the opening of daily sessions being open and legal. The U.S. House of Representatives adopted this practice in 1789, establishing the tradition of the Sergeant at Arms carrying the mace into the chamber to be placed near the Speaker of the House.

As an established symbol of authority, maces in the academic setting were adopted to show that a president represents the governing body of the school. Maces are used in graduation ceremonies to demonstrate that a school has the legal authority to grant degrees. Auburn's mace was created in fall 2015 from the wood of the beloved Auburn Oaks, representing the Board of Trustees' legal authority and linking to a symbol that is laden with meaning to the Auburn Family. The Auburn mace is approximately 42 inches tall and is carried by the macebearer, one of the faculty leaders from the graduation committee.

## GONFALONS

Gonfalons are banners that originated in medieval Italy to identify a state or office. At Auburn commencements, each college and school is represented by a unique gonfalon, carried into the ceremony by a student marshal selected from the graduating class. The university gonfalon is carried by the faculty marshal. Additionally, smaller gonfalons stand on the edge of the floor to designate the seating area for each participating college and school.
