Remaining 6 **hours should be selected from/include the following:**

Course name/ number (2-year system)	Course Title	Credit hours
Please see Area V of the Guide	Please see note below.	

Comments:

SPECIAL NOTE FOR TRANSFER STUDENTS PLANNING TO ENTER BUILDING SCIENCE AT AUBURN UNIVERSITY:

The major in Building Science requires major specific courses to complete the degree. These courses are likely only offered at Auburn University. Thus, courses taken beyond the 42 semester hours that are required in Areas I-IV will count only as free electives outside the major as there are zero (0) free electives hours for this major.

The professional program requires four semesters of major specific courses. There are also major specific courses in the Pre-Building Science portion of the program. These courses take two semesters to complete. Thus, it will take a minimum of 3 years to graduate upon transfer.

The remaining hours in AREA V must be fulfilled by the requirements at Auburn University. Courses taken at Auburn University will likely qualify for reverse transfer to the community college to complete the Associate Degree requirements.

Institutional Contact Information:

Name: Joyce Rodgers Griffin

Title: Director of Student Services, College of Architecture, Design and Construction

Office Address: 120 Dudley Hall Auburn University
