Remaining 14 hours should be selected from/include the following:

Course name/ number (2-year system)	Course Title	Credit hours
Free Electives - See Note Below	Free Electives - See Note Below	

Comments:

SPECIAL NOTE FOR TRANSFER STUDENTS PLANNING TO ENTER INDUSTRIAL DESIGN AT AUBURN UNIVERSITY:

The major in Industrial Design requires both studio and professional support courses to complete the degree. These courses are likely not offered at the community college level. Thus, courses taken beyond the 42 semester hours that are required in Areas I-IV, will count only as free electives outside this major.

Further, as a professional program, the desired entry term is summer. The summer semester serves as the competitive gateway for the selection process. If the student is selected, there are six (6) required studio courses, one per semester. Each studio builds on the last. Thus, it will take at least seven (7) semesters to graduate upon transfer.

The remaining hours in AREA V must be fulfilled by the requirements at Auburn University. Courses taken at Auburn University will likely qualify for reverse transfer to the community college to complete the Associate Degree requirements

Institutional Contact Information:

Name: Joyce Rodgers Griffin

Title: Director of Student Services, College of Architecture, Design and Construction

Office Address: 120 Dudley Hall Auburn University

Email: griffjr@auburn.edu
