CIS 208	Introduction to Web Development	3SH
CIS225	Java Programming	3SH

Comments:

The major in Landscape Architecture requires studio courses, major support courses and directed electives specific to landscape architecture to complete the degree. These courses are likely not offered at the community college level. Thus, courses taken beyond the 42 semester hours that are required in Areas I-IV will count only as free electives outside the major. There are zero (0) free elective hours for this program

Further, as a professional program, the 8 studio courses are required, one per semester. Each studio builds on the last. Thus, it will take at least four years to graduate upon transfer. The remaining hours in Area V must be fulfilled by the requirements at Auburn University. Courses taken at Auburn University will likely qualify for reverse transfer to the community college in order to complete the Associate Degree requirements.
