

The floor plan illustrates the layout of the 200 Laboratory F building. It features a central corridor system connecting various rooms. The rooms are color-coded: red for laboratory areas, yellow for office spaces, and grey for non-laboratory areas. The plan includes numerous rooms, each labeled with a number and name, such as 200-Lab F, 200-Office F, and 200-Lab F. Stairwells are marked with blue stairs. The plan also shows a large central corridor and several smaller rooms and offices.
