

The floor plan is a complex layout of a building, divided into numerous rooms and corridors. The rooms are color-coded according to their function or status, as indicated by the legend on the right. The legend lists room numbers and their corresponding colors: red, yellow, green, and grey. The plan shows a central corridor system connecting various rooms. There are also several stairwells and elevators indicated by blue and red symbols. The building has a curved exterior on the right side. The legend on the right side of the plan lists room numbers and their corresponding colors, starting from 1001A and ending at 11008.

Room Number	Color
1001A	NON-Nonassignable Areas
1001B	NON-Nonassignable Areas
1001C	NON-Nonassignable Areas
1001D	NON-Nonassignable Areas
1001E	NON-Nonassignable Areas
1001F	NON-Nonassignable Areas
