Description of Work Activity

Replacement of the hydraulic power unit.

Building(s) or Location(s) Affected

Sciences Center Classroom

Specific Space Affected (Room Numbers)

Elevator

How are the building clients or University stakeholders affected? What will they notice?

The elevator will not be operational while the work is being completed.

Schedule: Start Date: 7/22/25 Start Time: 7:00 am End Date: 7/23/25 End Time: 5:00 pm

Planned Outage and Interruption Request

Planning Reviews (Per Review Matrix):

Organization	Review Required?	Reviewer	Review Date
Maintenance Zone Manager or Supervisor	Y	Trans Tally	7/14/25
Utility Supervisor	N		
Others as Needed	N		

Client Approvals (Per Approval Matrix):

Organizations Affected by Work, Interruption, or Outage			
Client	Building(s)	Key Contact	Approval Date
COSAM	Sciences Center Classroom	Mike Brackin	7/21/25
Provost	Sciences Center Classroom	Julie Huff	7/14/25

Facilities Management Approvals (Per the Approval Matrix)

Subject: Sciences Center Classroom Elevator Outage

All,

As you may remember, we attempted to complete the change and upgrade of the hydraulic power unit on the elevator in the Sciences Center Classroom building last month, but we ran into some issues that prevented us from completing the work. We have corrected our issues with the hydraulic power unit, and we are now ready to change out the unit that we were not able to change out in late June.

I am requesting an outage for next week Tuesday, July 22 and Wednesday, July 23 to complete the change out of the hydraulic power unit on the elevator in the Sciences Center Classroom building. The work will require the elevator to be down while the work is being completed.

Please let me know if this timeframe works for the outage

If there are any questions, please let me know.

Thanks

Eric Moore
