

Resilience, Innovation, Sustainability and Engagement (AURISE)

This committee shall be responsible for advocating for resilience, innovation, engagement, and sustainability at Auburn University.

The committee will consider sustainability across the university and with respect to the university's impact and influence on the state and beyond. It shall communicate feedback on current policies and offer recommendations for improvements and new initiatives to the Office of Sustainability, the Academic Sustainability Program, and to university leadership. It shall perform continuous monitoring, make regular reports, and actionable recommendations to the Senate on institutional data and assessments, seek input from faculty, staff, students and administration for sustainable initiatives, support and reward interdisciplinary sustainability research, Extension, outreach, and instruction, and encourage implementation and outcomes of sustainability initiatives in the university.
