PRESCRIPTION DRUG BENEFITS

Precertification is required for some drugs; if precertification is not obtained, no benefits are available.

Prescription Drug Card

- Prescription medications can be filled with up to a 30 day supply at retail at one time. The designated copayment for the medication's tier is due with each fill.
- The pharmacy network for the plan is Prime Participating Network Locate a Prime Participating Network pharmacy at AlabamaBlue.com/Prime ParticipatingPharmacyLocator
- View the Standard Prescription Drug list that applies to the plan at

AlabamaBlue.com/StandardDrugList

- Retail pharmacy benefits are available for prescription drugs up to a 90-day supply with one copay when purchased through pharmacies participating in Prime's Extended Supply Network (ESN).
- Retail pharmacy benefits are available for prescription drugs up to a 90 day supply with two copays when purchased at the Auburn University Employee Pharmacy.
- AU maintains a list of select medications that are considered maintenance medications. (Note: This list does not include all chronic medications.) These medications are used to treat chronic disease and are often stabilized at treatment doses. For medications on this list, the first fill is limited to a 30 day supply (this includes when the medication is first started, re-started after a lapse in therapy, or the dosage is adjusted). After 30 days of treatment, if the prescriber is comfortable that the medication is effective, well tolerated and dosed optimally, then the prescriber has the option to write for up to a 90 day supply, and the patient will only be responsible for two copayments instead of three when purchased through pharmacies participating in the extended supply pharmacy network (ESN Network). View the maintenance drug list that applies to the plan at AlabamaBlue.com/ MaintenanceDrugList
- AU offers a pharmacy benefit where a beneficiary can elect to participate in a voluntary pill-splitting program for cholesterol-lowering medications called "statins". Through this program if the prescriber writes for half a tablet of a higher strength medication instead of a whole tablet of a lower strength medication, then the patient will pay a half co-pay (for 17 tabs for a 34 day supply and one copay for 45 tabs for a 90 day supply). For the 90-day supply, the statin must be on the AU approved maintenance drug list.
- Specialty drugs can be dispensed for up to a 30day supply. They can be filled at the AU Employee Pharmacy (334-844-8938 or tigermeds@auburn.edu). View the Specialty Drug Lists at

AlabamaBlue.com/SelfAdministeredSpecialtyD rugList and

AlabamaBlue.com/ProviderAdministeredSpeci altyDrugList

 Certain specialty drugs are listed on the Specialty Drug Coupon Program List at AlabamaBlue.com/specialtycouponprogramdr uglist

Participating Pharmacy (In Network):

Covered at 100% of the allowed amount, subject to the following co-payments per prescription:

No Copayment (\$0):

Certain prescription medications that are used for contraception and for smoking cessation will have no co-payment at network pharmacies

Tier 1 Medications:

- \$0 through the TigerMeds Program (see below)
- \$15 co-payment per prescription at all innetwork pharmacies
- \$30 co-payment per prescription at nonpreferred pharmacies*

Tier 2 Medications:

- \$10 through the TigerMeds Program (see below)
- \$25 co-payment per prescription at all innetwork pharmacies
- \$40 co-payment per prescription at nonpreferred pharmacies*

Tier 3 Medications:

- \$55 co-payment per prescription at all innetwork pharmacies
- \$70 co-payment per prescription at nonpreferred pharmacies*

Tier 4 Medications:

- \$85 co-payment per prescription at all innetwork pharmacies
- \$100 co-payment per prescription at nonpreferred pharmacies*

Tier 5 Medications:

25% coinsurance up to a maximum of \$800 per prescription at preferred and non-preferred pharmacies *

Tier 5 drugs on Specialty Drug Coupon Program List: greater of 25% of the allowed amount or the full amount of the available manufacturer or provider cost share assistance program payments (such as manufacturer cost share assistance, manufacturer discount plans, and/or manufacturer coupons).

- The TigerMeds program is an employee benefit offered to employees and family members who subscribe to the AU Health Insurance Plan. It is offered exclusively through AU's Employee Pharmacy. To enroll in TigerMeds, beneficiaries must complete a baseline medication therapy management (MTM) (medication check-up) appointment with a pharmacist, and must transfer all prescription medications to the AU Employee Pharmacy (not a partial list; must transfer all meds). Once enrolled in TigerMeds, the beneficiary receives generic Tier 1 medications at no copay (\$0), and Tier 2 at \$10 copay per prescription. Patients are also eligible for free on-campus and local delivery, free refill reminders, remote pharmacy consultations, etc. (334) 844-8938 or tigermeds@auburn.edu
- Medication Tiers are subject to change. To look up the tier of a specific medication visit AlabamaBlue.com/StandardDrugList

Non-Participating Pharmacy in Alabama:

No benefits are available for prescriptions purchased in a non-Participating Pharmacy in Alabama. Non-covered.

Non-Participating Pharmacy Outside Alabama:

Covered at 100% of the allowance subject to the in-network copays (see column to left). In addition, the member will be responsible for any difference between the allowance and the actual billed charge.

(**Note:** The amount paid for the difference between the allowance and the actual billed charge does not apply to the in-network out-of-pocket maximum.)

BENEFIT	IN-NETWORK	OUT-OF-NETWORK
AU offers a manufacturer's coupon assistance program for specific drugs. The Specialty Drug Coupon Solutions Program will apply to AU Employee Pharmacy (334-844-8938 or tigermeds@auburn.edu). So long as the manufacturer's coupon exist, if the member is eligible for a manufacturer's coupon, the coupon shall be used to pay the member's plan copay • Diabetic Supplies (copays apply) are covered only through the Prescription Drug Card Program. Some copays might be combined. • There have been several medications excluded from the AU prescription plan this year, and some medications have changed tiers. Support is available for any beneficiary who has experienced a change in prescription drug coverage or cost in prescription medications. Individual medication consultations are available through the Auburn University Pharmaceutical Care Center (AUPCC). Call 334-844-4099 or e-mail aupoc4U@auburn.edu to schedule an appointment. For more information about the AUPCC- See: http://www.auburn.edu/academic/pharmacy/phs/clinic/employee.html • Oral prescription medications used to treat impotence, erectile dysfunction, sexual dysfunction (in men or women) is not covered by the AU prescription plan. Sildanefil (generic Viagra®) is covered with a PA when medical necessity is demonstrated for other disease states such as pulmonary artery hypertension (PAH). • Prescription Proton Pump Inhibitors (PPIs) will be restricted to generic omeprazole, generic pantoprazole, and generic lansoprazole (all Tier 1). No step therapy will be required. Many PPIs that were historically only available with a prescription are now available with a prescription are now available with a prescription are now available over-the-counter (OTC). Prevacid Solutabs® ODT tablets are available only with a PA demonstrating medical need. (Tier 4 - \$80 copayment or \$95 copayment at a non-preferred pharmacy - per prescription, when approved). • Prescription neasil steroids are availabl	IN-NE TWORK *Non-preferred pharmacies: CVS owned and operated pharmacies, such as, CVS pharmacy and Target pharmacy. AU strictly enforces a mandatory generic policy. If a generic is available for a brand name medication, then the generic must be dispensed. The only exception to this policy is a short list of narrow therapeutic drugs (NTD) that might be prescribed brand name by a physician if brand is deemed necessary. In all other situations, if a brand name of a medication is requested for a medication where there is a generic available (regardless if the request comes from the doctor or the patient), the medication will be non-covered and the patient will be responsible for all costs. The only exception is for the NTI override list. A limited number of medications used for chronic diseases at stable doses are classified as "maintenance medications" on our plan. This list does not include all chronic medications. If a prescriber considers a treatment (drug and dose) as stable and wishes to write for a 90-day supply, then the subscriber can get a 90 day supply for two copayments instead of three. All Tier 4 and Tier 5 chronic maintenance medications are excluded from the maintenance medication program. Certain immunizations may also be obtained through the Pharmacy Vaccine Network. See AlabamaBlue.com/ VaccineNetworkDrugList for more information For more information on AU's pharmacy benefit, please refer to your benefit booklet	OUI-OF-NE IWORK

BENEFIT	IN-NETWORK	OUT-OF-NETWORK
 The AU Employee Pharmacy (AUEP) is proud to serve as a local resource for specialty medications, drug information and medication monitoring. Please call the AU Employee Pharmacy at (334) 844-4938 or e-mail tigermeds@auburn.edu for more information. The AU Employee Pharmacy provides 24 hour/7 days a week access to a pharmacist. You or your physician can access the on-call pharmacist by calling 334-750-1048. The on-call pharmacist will assist you with medication filling during medication 		
emergencies.	HEALTH MANACEMENT DENEELTS	
Individual Case Management HEALTH MANAGEMENT BENEFITS Coordinates care in event of catastrophic or lengthy illness or injury; For more		
mulvidual Case Management	Coordinates care in event of catastrophic or lengthy illness or injury; For more information, please call 1-800-821-7231.	
Chronic Condition Management	Coordinates care for chronic conditions such as asthma, diabetes, coronary artery disease, congestive heart failure and chronic obstructive pulmonary disease and other specialized conditions.	
Contraceptive Management	Covers prescription contraceptives, which include: birth control pills, injectables, diaphragms, IUDs and other non-experimental FDA approved contraceptives; subject to applicable deductibles, copays and coinsurance.	
Baby Yourself®	A maternity program; For more information, please call 1-800-222-4379. You can also enroll online at AlabamaBlue.com/BabyYourself . Auburn University will waive the \$300 inpatient hospital copay and calendar year deductible (or remainder of deductible at time of admission) through the end of calendar year for covered members, spouses and dependents who enroll in Baby Yourself® during the first 16 weeks of pregnancy.	

Useful Information to Maximize Benefits

- To maximize your benefits, always use in-network providers for services covered by your health benefit plan. To find in-network providers, check a provider directory, provider finder website (AlabamaBlue.com) or call 1-800-810-BLUE (2583).
- In-network hospitals, physicians and other healthcare providers have a contract with Blue Cross and Blue Shield of Alabama or another Blue Cross and/or Blue Shield Plan for furnishing healthcare services at a reduced price (examples: BlueCard® PPO, PMD, Preferred Care).
- In-network pharmacies are pharmacies that participate with Blue Cross and Blue Shield of Alabama or its pharmacy benefit manager(s). Sometimes an in-network provider may furnish a service to you that is not covered under the contract between the provider and a Blue Cross and/or Blue Shield Plan. When this happens, benefits may be denied or reduced. Please refer to your benefit booklet for the type of provider network that we determine to be an in-network provider for a particular service or supply.
- Out-of-network providers generally do not contract with Blue Cross and Blue Shield of Alabama or another Blue Cross and /or Blue Shield Plan. If you use out-of-network providers, you may be responsible for filing your own claims and paying the difference between the provider's charge and the allowed amount. The allowed amount may be based on the negotiated rate payable to in-network providers in the same area or the average charge for care in the area or in accordance with applicable Federal Law.
- Please be aware that providers/specialists may be listed in a PPO directory or provider finder website, but not covered under this benefit plan. Please check your benefit booklet for more detailed coverage information.

This is not a contract, benefit booklet or a Summary Plan Description.

Benefits are subject to the terms, limitations and conditions of the group contract (including your benefit booklet). Check your benefit booklet for more detailed coverage information. Please visit our website, AlabamaBlue.com.
