FINANCIAL REPORT  
2016

INTRODUCTORY SECTION

## AUBURN UNIVERSITY

OFFICE OF THE PRESIDENT

January 24, 2017

Dear Members of the Auburn Community and Alabama Citizens:

The most recent fiscal year has been a good one for Auburn University. Following are a few notable highlights.

### **Growing Demand for the Auburn Experience**

While some colleges and universities struggle with enrollment, the demand for the Auburn experience is strong and growing. Prospective students have many choices, but they place significant value on a university delivering real-world impact and an education that leads to a solid career. Prospective students also see national rankings that promote Auburn and its academics. For example, in fiscal 2016, Money and Forbes each ranked Auburn as the State's top university. In another, a digital outlet that helps families pick schools said Auburn has the State's smartest student population.

### **Campaign Passes \$1 Billion Goal**

Private fundraising is critical to Auburn's success. Because This is Auburn, a campaign for Auburn University, surpassed its ambitious \$1 billion goal in 2016 — more than 16 months ahead of schedule — thanks to great leadership and overwhelming support from the Auburn family and friends. Gifts to the campaign benefit Auburn students, faculty, programs, facilities, research, outreach and more.

### **Students Win Prestigious Scholarships & Awards**

More and more Auburn students are earning prestigious scholarships to further their education in the U.S. and around the world. In just one example, a record seven students earned the prestigious National Science Foundation Fellowship to continue their studies in science, technology, engineering or mathematics. They bring great credit to Auburn, and we're proud of their accomplishments.

This report summarizes our financial position and activity for the fiscal year ending September 30, 2016. We invite you to learn more at [www.auburn.edu](http://www.auburn.edu).

Sincerely,

Jay Gogue  
President

AUBURN

UNIVERSITY

FINANCIAL REPORT  
2016

FINANCIAL SECTION

## Report of Independent Auditors

To the Board of Trustees of Auburn University:

We have audited the accompanying financial statements of Auburn University (the “University”), a component unit of the State of Alabama, as of and for the years ended September 30, 2016 and 2015, and the related notes to the financial statements, which consist of the statements of net position and the related statements of revenues, expenses and changes in net position and statements of cash flows of Auburn University and the statements of financial position and of activities and changes in net assets of the University’s discretely presented component units.

### ***Management’s Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor’s Responsibility***

Our responsibility is to express opinions on the financial statements based on our audits. We did not audit the financial statements of Auburn Alumni Association (the “Association”) and Auburn University Foundation (the “Foundation”), two of the University’s discretely presented component units, as of and for the years ended September 30, 2016 and 2015. We did not audit the financial statements of Tigers Unlimited Foundation (“TUF”), one of the University’s discretely presented component units, as of and for the years ended June 30, 2016 and 2015. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion expressed herein, insofar as it relates to the amounts included for the above mentioned discretely presented component units of the University, is based solely on the reports of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the University’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, based on our audits and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the University and its discretely presented component units at September 30, 2016 and 2015, or at June 30, 2016 and 2015, as applicable, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Emphasis of Matter***

As discussed in Note 1 and 4 to the basic financial statements, in the year ended September 30, 2016, the University adopted new accounting guidance related to the manner in which it values its investments. As described within the notes to the financial statements, the University adopted Governmental Accounting Standards Board ("GASB") Statement No. 72, *Fair Value Measurement and Application*, effective October 1, 2015. Our opinion is not modified with respect to this matter.

### ***Other Matters***

The accompanying management's discussion and analysis and the required supplemental information on pages 12 through 25 and 81 through 86, respectively, are required by accounting principles generally accepted in the United States of America to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The University has omitted the management's discussion and analysis for the year ended September 30, 2015 that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The introductory information on pages 5 and 6 and the supplemental divisional financial statements on pages 71 to 79 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements by us or other auditors, and accordingly, we do not express an opinion or provide any assurance on them.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

The following discussion and analysis provides an overview of the financial position and activities of Auburn University (the University) for the year ended September 30, 2016, with a comparison to the year ended September 30, 2015. This discussion has been prepared by management and should be read in conjunction with the financial statements and the notes thereto, which follow this section. The financial statements, footnotes, and this discussion are the responsibility of University management.

The University is a land-grant institution with two campuses, Auburn (main campus) and Montgomery (AUM). Main campus is classified by the Carnegie Foundation as "Doctoral/Research-Extensive," while AUM is classified as "Master's I." Fall 2016 enrollment totaled 33,168 students at main campus and AUM. The University offers a diverse range of degree programs in 12 colleges and schools and has approximately 5,200 full-time employees, including approximately 1,500 faculty members, who contribute to the University's mission of serving the citizens of the State of Alabama through its instructional, research, and outreach programs.

## Using the Annual Report

The University's financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB) principles, which establish standards for external financial reporting for public colleges and universities. The financial report includes three financial statements: the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows. All references to "2016," "2015," or another year refer to the fiscal year ended September 30, unless otherwise noted.

The University's financial statements are summarized as follows:

**The Statement of Net Position** presents entity-wide assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position (assets and deferred outflows of resources minus liabilities and deferred inflows of resources) on the last day of the fiscal year. Distinctions are made in current and noncurrent assets and liabilities. Net position is segregated into unrestricted, restricted (expendable and nonexpendable), and net investment in capital assets. The University's net position is one indicator of the University's financial health. From the data presented, readers of the Statement of Net Position have the information to determine the assets available to continue the operations of the University. They may also determine how much the University owes vendors, investors, and lending institutions. Finally, the Statement of Net Position outlines the net resources available to the University.

**The Statement of Revenues, Expenses and Changes in Net Position** presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or nonoperating. Governmental accounting standards require state appropriations, gifts, and investment earnings to be classified as nonoperating revenues. As a result, the University will typically realize a significant operating loss. The utilization of capital assets is reflected in the Statement of Revenues, Expenses and Changes in Net Position as depreciation expense, which reflects the amortization of the cost of an asset over its expected useful life.

**The Statement of Cash Flows** reports the major sources and uses of cash and reveals further information for assessing the University's ability to meet financial obligations as they become due. Inflows and outflows of cash are summarized by operating, noncapital financing, capital and related financing, and investing activities.

In addition to the University's financial statements, related component unit Statements of Financial Position and Statements of Activities and Changes in Net Assets have been included in this annual report. GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units-an amendment of GASB Statement No. 14*, provides criteria for determining which related organizations should be reported as component units based on the nature and significance of their relationship with the primary government, which is the University. GASB Statement No. 39 clarifies financial reporting requirements for those organizations as amendments to GASB Statement No. 14, *The Financial Reporting Entity*. The University also evaluated GASB Statement No. 61, *The Financial Reporting Entity: Omnibus-an amendment of GASB Statements No. 14 and No. 34*, to ensure proper presentation and disclosure. The component units report financial results under principles prescribed by the Financial Accounting Standards Board (FASB) and are subject to standards under the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles and present net assets in three classes: unrestricted, temporarily restricted, and permanently restricted. The four component units of the University reported herein are as follows:

- (1) Auburn University Foundation (AUF)** - AUF was organized on February 9, 1960, and is the fundraising foundation for the University. AUF holds endowments and distributes earnings from those endowments to the University. AUF is incorporated as a legally separate, tax-exempt nonprofit organization established to solicit individual and corporate donations for the direct benefit of the University. The Auburn University Real Estate Foundation, Inc. (AUREFI) has been consolidated into AUF's financial statements.
- (2) Auburn Alumni Association (the Association)** - The Association is a nonprofit corporation organized on April 14, 1945, which was created to promote mutually beneficial relationships between the University and its alumni, to encourage loyalty among alumni, and to undertake various other actions for the benefit of the University, its alumni, and the State of Alabama. Membership is comprised of alumni, friends, and students of the University. The Association provides monetary support to the University in the form of faculty awards and student scholarships.
- (3) Tigers Unlimited Foundation (TUF)** - TUF is a legally separate nonprofit organization incorporated in December 2002, which began operations on April 21, 2004. TUF was organized exclusively for charitable purposes, pursuant to Sections 501(a) and 501(c)(3) of the Internal Revenue Code to support athletic fundraising and athletic programs. TUF has a June 30 fiscal year end. TUF provides economic resources to the University for athletic scholarships, athletic building maintenance or new construction, and for athletic department programs.
- (4) Auburn Research and Technology Foundation (ARTF)** - ARTF was organized on August 24, 2004, as a separate nonprofit organization to develop and operate the Auburn Research Park and to assist the University with the attraction, development, and commercialization of technology. The vision of ARTF is to establish an entrepreneurial atmosphere for businesses to foster economic diversification and vitality of the local community, state, and region.

During fiscal year 2016, the University adopted GASB Statement No. 72, *Fair Value Measurement and Application*. With the adoption of this Statement, the University expanded disclosures to present cash equivalents and investments across the hierarchy of valuation inputs. In accordance with the Statement, the University has reported an increase in net position in the amount of \$32,922,843 as a change in accounting principle adjustment as of October 1, 2014.

**Financial Highlights****Statement of Net Position**

A summary of assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position as of September 30, 2016 and 2015, is as follows:

|   | 2016                    | 2015                    |
|---|-------------------------|-------------------------|
| <b>Assets</b>                               |                         |                         |
| Current assets                              | \$ 268,441,791          | \$ 236,697,624          |
| Capital assets                              | 1,609,592,167           | 1,560,193,650           |
| Other noncurrent assets                     | <u>1,058,132,170</u>    | <u>1,024,681,829</u>    |
| <b>Total assets</b>                         | <u>2,936,166,128</u>    | <u>2,821,573,103</u>    |
| <b>Deferred Outflows of Resources</b>       |                         |                         |
| Loss on refunding of bonds                  | 55,805,159              | 26,953,797              |
| Pension                                     | <u>114,158,400</u>      | <u>53,229,926</u>       |
| <b>Total deferred outflows of resources</b> | <u>169,963,559</u>      | <u>80,183,723</u>       |
| <b>Liabilities</b>                          |                         |                         |
| Current liabilities                         | 350,511,471             | 345,166,861             |
| Noncurrent liabilities                      | <u>1,414,483,340</u>    | <u>1,309,624,581</u>    |
| <b>Total liabilities</b>                    | <u>1,764,994,811</u>    | <u>1,654,791,442</u>    |
| <b>Deferred Inflows of Resources</b>        |                         |                         |
| Nonexchange transactions                    | 281,953                 | 206,159                 |
| Pensions                                    | <u>3,407,593</u>        | <u>39,307,330</u>       |
| <b>Total deferred inflows of resources</b>  | <u>3,689,546</u>        | <u>39,513,489</u>       |
| <b>Net Position</b>                         |                         |                         |
| Net investment in capital assets            | 923,568,302             | 855,698,812             |
| Restricted-nonexpendable                    | 28,723,093              | 28,537,859              |
| Restricted-expendable                       | 203,813,861             | 177,483,201             |
| Unrestricted                                | <u>181,340,074</u>      | <u>145,732,023</u>      |
| <b>Total net position</b>                   | <u>\$ 1,337,445,330</u> | <u>\$ 1,207,451,895</u> |

**The University's Assets**

Current assets consist of cash and cash equivalents, operating investments (those investments that are expected to be liquidated during the course of normal operations), net accounts receivable (primarily amounts due from the federal and state governments and other agencies as reimbursements for sponsored programs), net student accounts receivable (including amounts due from third parties on behalf of the students), current portion of loans receivable, accrued interest receivable, inventories, and prepaid expenses. The University's current assets increased \$31.7 million from 2015 to 2016. Of this increase, cash and cash equivalents and operating investments increased by \$31.6 million. The University also saw its long-term investments, shown in other noncurrent assets, increase by \$33.5 million from 2015 to 2016. In accordance with the Board's direction, the University invests all available cash. The University anticipates market

changes and diversifies its investments, based on current yield rates to obtain the best return on its investment.

The University saw increases in capital assets, net of depreciation, shown as "Investment in plant, net" on the Statement of Net Position, of \$49.4 million from 2015 to 2016. Capital assets generally represent the historical cost of land, land improvements, buildings, construction in progress, infrastructure, equipment, library books, art and collectibles, software implementation, and livestock, less any accumulated depreciation, with buildings comprising approximately 74.3% of the total net capital asset value. The increase, offset by disposal activity, depreciation, and transfers, was the result of \$129.5 million of new additions to property, plant, and equipment, net of construction in progress transfers. The University expended \$96.9 million in new construction during fiscal year 2016.

The following building construction projects totaling \$35.2 million were either completed and placed into service or additional work was performed on a previously completed project during the current fiscal year:

|   |                        |
|---|------------------------|
| AUM P40 Residence Hall                      | \$ 14.5 million        |
| Dudley Envelope and Windows                 | 2.6 million            |
| Pebble Hill Addition                        | 2.3 million            |
| Foy Convert Loading Dock to Dining Facility | 2.0 million            |
| AU Regional Airport Hangers                 | 1.9 million            |
| Samford Hall Roof                           | 1.7 million            |
| South Donahue Residence Hall                | 1.5 million            |
| Off Site Library Archiving Facility         | 1.2 million            |
| Martin Hall First Floor Renovations         | 1.0 million            |
| AUM Research Building                       | 1.0 million            |
| North Auburn New Poultry Housing Facility   | 0.8 million            |
| Other Small Projects                        | <u>4.7 million</u>     |
|   | <u>\$ 35.2 million</u> |

### The University's Deferred Outflows of Resources

Deferred outflows of resources are a consumption of net assets that are applicable to a future reporting period. In 2010, 2012, 2014, 2015, and 2016, the University defeased certain outstanding bonds. These refundings resulted in losses (the difference between the acquisition price of the new debt and the net carrying amount of the old debt). In accordance with GASB Statements No. 63 and No. 65, these losses are presented as deferred outflows of resources. In 2015, the University implemented GASB Statement No. 68 which required the reporting of deferred outflows of resources relating to the accounting and reporting of pensions.

Deferred outflows of resources increased \$89.8 million, which is made up of loss on refunding of bonds and pension activity. During the year, the University partially defeased certain bonds and issued 2016A General Fee Bonds. The losses on refunding of these defeasances, which totaled \$34.3 million, were amortized with prior years' losses. The amortized amount of \$5.4 million netted with the current year losses to account for \$28.9 million of the increase. The loss on refunding is amortized over the life of the old or new bonds, whichever is shorter. The University is amortizing over the life of the defeased bonds (see Note 8). In addition, deferred outflows of resources increased \$60.9 million relating to current year pension activity in accordance with GASB Statement No. 68 (see Note 11).

### The University's Liabilities

Current liabilities consist of accounts payable, accrued salaries and wages, the current portion of compensation-related liabilities, accrued interest payable, other accrued liabilities, student and other deposits (including Perkins and Health Professions loan liability), unearned revenues, and the current portion of noncurrent liabilities. Current liabilities increased \$5.3 million from 2015 to 2016. At year end, the University accrued an additional \$2.6 million in accounts payable, \$1.1 million in health insurance liabilities, and had an additional \$2.7 million in deposits held for the custody of others. Due to the refunding of certain bonds in 2016 as well as anticipated repayment of other debts, the University's accrued interest payable decreased \$1.4 million. In addition, the University's unearned revenue decreased \$2.2 million. Unearned revenue is comprised of tuition, room and board revenue that relates to fiscal year 2017, contracts and grants funding received prior to expenditure as well as athletic revenue related to games played subsequent to September 30. For Fall 2016, the Board of Trustees approved approximately a 3.0% and 2.0% tuition increase for main campus and AUM, respectively. Sixty percent of fall tuition is reported as unearned revenue due to the fiscal year end of September 30. The decrease in unearned revenue relates to athletic ticket revenue. During the 2016 football season, the University played four home games prior to September 30, compared to only two home games prior to September 30 during the 2015 football season. Therefore, additional amounts were recognized in fiscal year 2016, which were deferred as of September 30, 2015. The remaining differences are due to an increase in compensation-related liabilities of \$1.4 million and an increase of \$1.1 million in the University's current portion of noncurrent liabilities.

Noncurrent liabilities include principal amounts due on University bonds payable, pension, other post-employment benefit obligations, pollution remediation, and self-insured liabilities that are payable beyond September 30, 2017. Noncurrent liabilities increased \$104.9 million from 2015 to 2016. The majority of the increase was due to the increase in the net pension obligation for pension plans provided by the University to its employees, in accordance with GASB Statement No. 68. Based on actuarial data, the University's pension obligation increased \$101.0 million. An additional \$1.3 million

was accrued for the University's post-employment medical plan, in accordance with GASB Statement No. 45. The remaining increase is due to a \$3.1 million note payable for land purchased during fiscal year 2016.

### The University's Deferred Inflows of Resources

Deferred inflows of resources are an acquisition of net assets that are applicable to a future reporting period. The University engages in certain voluntary nonexchange transactions (grants). Grant funds received for which all eligibility requirements have been met, other than time requirements, are presented as deferred inflows of resources in accordance with GASB Statements No. 63 and No. 65. In addition, in accordance with GASB Statement No. 68, the University reports deferred inflows of resources relating to the accounting and reporting of pensions.

The University's deferred inflows of resources decreased \$35.8 million from 2015 to 2016. This decrease was the result of the accounting and reporting of current year pension activity, in accordance with GASB Statement No. 68 (see Note 11).

### The University's Net Position

The three major net position categories are discussed below:

Net investment in capital assets represents the University's capital assets, net of accumulated depreciation and outstanding principal balances of debt as well as any deferred inflows or outflows of resources, attributable to the acquisition, construction, or improvement of those assets. Net investment in capital assets increased 7.9% from 2015 to 2016. This increase was due to capitalization of assets as previously described and payments made on outstanding debt.

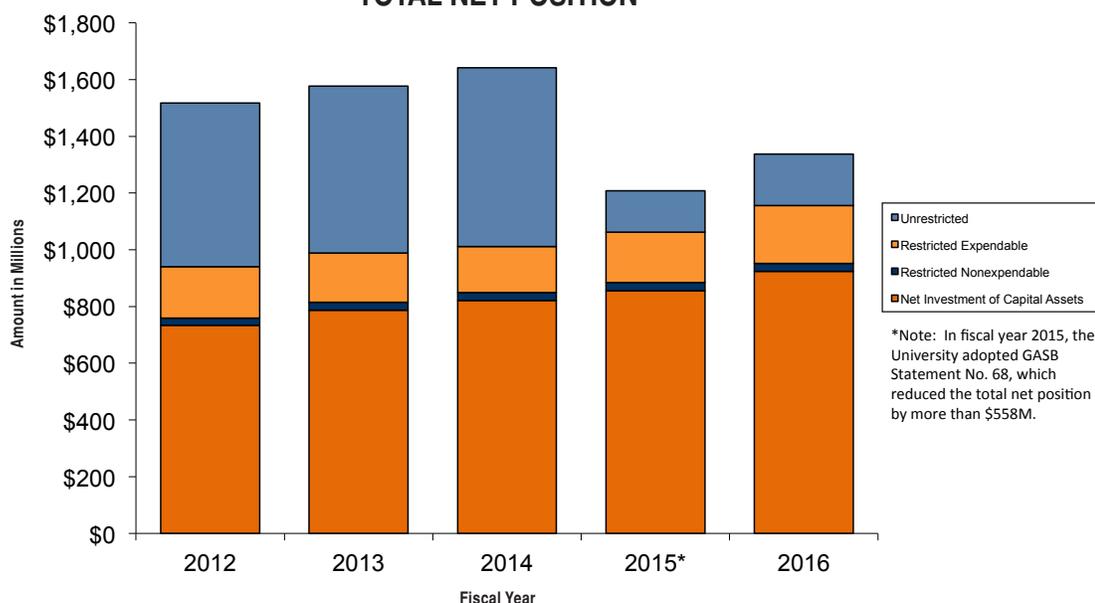

Restricted (nonexpendable and expendable) net position:

Restricted-nonexpendable net position is subject to external restrictions governing its use and consists of the University's permanent endowment funds. This net position increased 0.6% from 2015 to 2016. This increase was the result of additional gifts to permanently endowed funds as well as investment earnings that were added back to current permanent endowments.

Restricted-expendable net position is also subject to external restrictions governing its use. Items of this nature include gifts, contracts and grants restricted by federal, state, local governments, or private sources for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets. Restricted funds functioning as endowments, restricted funds available for student loans, and funds restricted for construction purposes are also included in this category. Restricted-expendable net position increased 14.8% from 2015 to 2016. The majority of the increase was due to additional gift receipts in fiscal year 2016.

Unrestricted net position is the third major class of net position, and it is not subject to externally imposed stipulations; however, the majority of the University's unrestricted net position has been internally designated for various mission-related purposes. This category includes funds for general operations of the University, auxiliary operations (including athletics, housing, and the bookstores), unrestricted quasi-endowments, and capital projects. Unrestricted net position increased 24.4% from 2015 to 2016. The increase in unrestricted net position was mainly due to holding unrestricted funds for future mission-related priorities and deferred maintenance needs.

## TOTAL NET POSITION

**Statement of Revenues, Expenses and Changes in Net Position**

Changes in total net position are the result of activity presented in the Statement of Revenues, Expenses and Changes in Net Position. The purpose of this statement is to present the operating and nonoperating

revenues, operating and nonoperating expenses, other revenues, expenses, gains, losses, and changes in net position.

A condensed statement for the years ended September 30, 2016 and 2015 is provided below:

|   | 2016             | 2015             |
|---|------------------|------------------|
| Operating revenues  | \$ 775,067,471   | \$ 718,514,949   |
| Operating expenses  | 1,009,079,696    | 949,522,278      |
| Operating loss  | (234,012,225)    | (231,007,329)    |
| Net nonoperating revenues and other changes in net position | 364,005,660      | 321,955,844      |
| Increase in net position                                    | 129,993,435      | 90,948,515       |
| Net position - beginning of year                            | 1,207,451,895    | 1,083,580,537    |
| Cumulative effect of change in accounting principle         |                  | (32,922,843)     |
| Net position, October 1, 2014, as restated                  |                  | 1,116,503,380    |
| Net position - end of year                                  | \$ 1,337,445,330 | \$ 1,207,451,895 |

The 2016 Statement of Revenues, Expenses, and Changes in Net Position reflects an increase in net position at the end of the year of \$130.0 million. Operating revenues increased 7.9% from 2015 to 2016. The majority of this increase is attributable to the increase in student tuition and fee revenue, net of discounts. The \$19.2 million tuition and fee increase over 2015 was the result of the Board-approved increase in tuition for both main campus and AUM, along with a modest increase in enrollment. The University saw a net increase in federal appropriations, federal, state, and nongovernmental contract and grant revenues of \$5.3 million, which was primarily the result of an increase in spending of federal grant funds appropriated and awarded for research. Auxiliary revenue increased approximately \$38.0 million. The majority of this increase was due to increased athletic ticket sales, radio and television revenues. In addition, the University saw increases in housing revenue at main campus and at AUM. The University saw a decrease in other operating revenue of \$5.2 million. The majority of the decrease was due to revenue recognized in 2015 on a fixed price contract, which did not occur in fiscal year 2016.

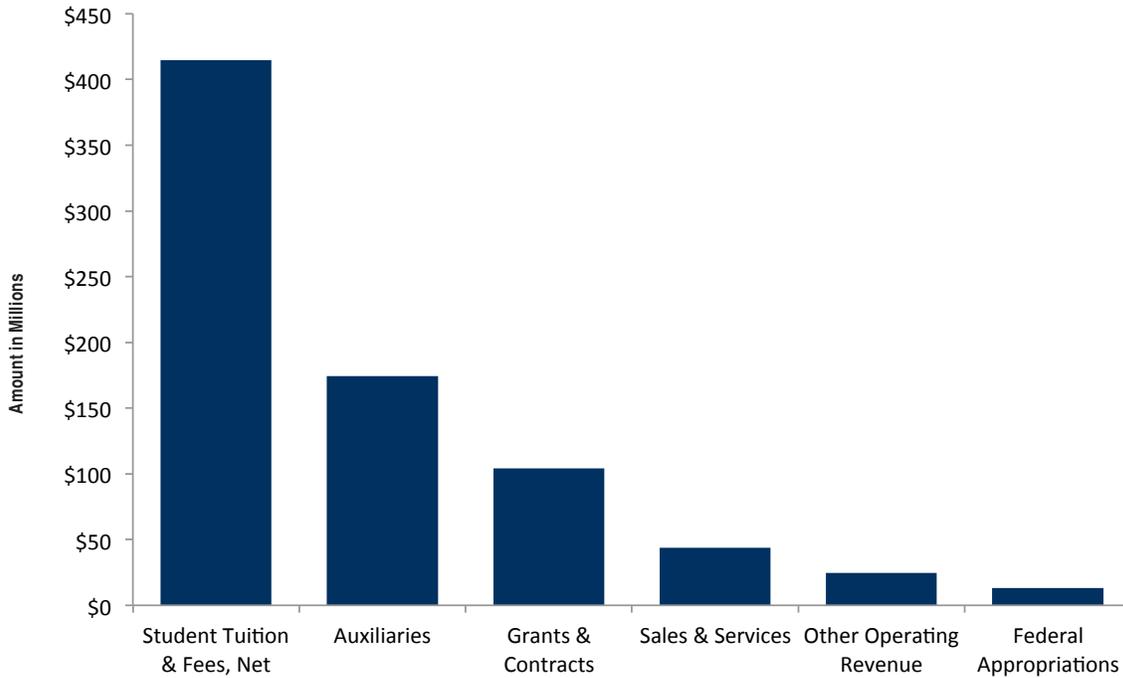

Operating expenses increased 6.3% from 2015 to 2016. Multiple factors contributed to this net increase. Compensation and benefit costs increased \$28.8 million, or 4.8%. This was the result of Board-

approved salary increases and one-time supplement payments. Scholarship and fellowship expense increased 7.9%, while other supplies and services expenses has an increase of 12.1%. Depreciation expense increased 1.9% in 2016. This increase was the result of recording depreciation beginning in fiscal year 2016 on projects completed in 2015. The largest addition in fiscal year 2015 was the Jordan Hare Stadium Score and Video Board System.

Net nonoperating revenues and other changes in net position increased \$42.1 million from 2015 to 2016. The University's net investment income increased from \$23.4 million in fiscal year 2015 to \$43.0 million in fiscal year 2016. This was the result of increases in market values of investments of \$18.1 million at September 30. The remaining \$1.5 million increase was the result of interest and dividend income received from the cash and endowment pools. Additional gifts from the University's comprehensive gift campaign attributed to an increase in gifts of \$24.7 million. The University also saw a modest increase in appropriations from the State of Alabama of \$2.6 million. Changes in the revenue recognized on Pell grants awarded to students in fiscal year 2016 were minimal. These increases in revenue are offset by the increase in interest expense of \$4.6 million.

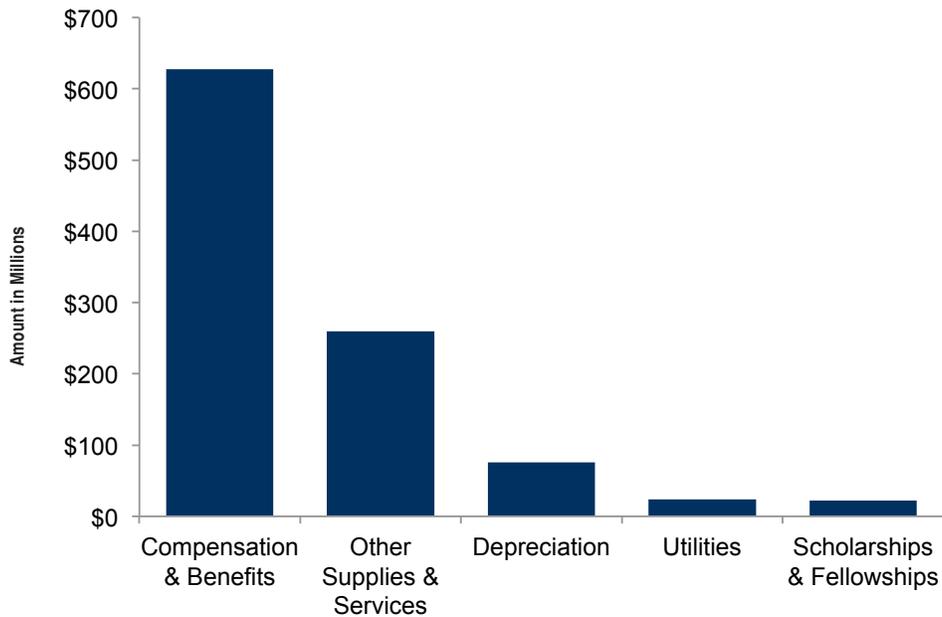

**OPERATING REVENUES SUPPORTING CORE ACTIVITIES**

For the year ended September 30, 2016

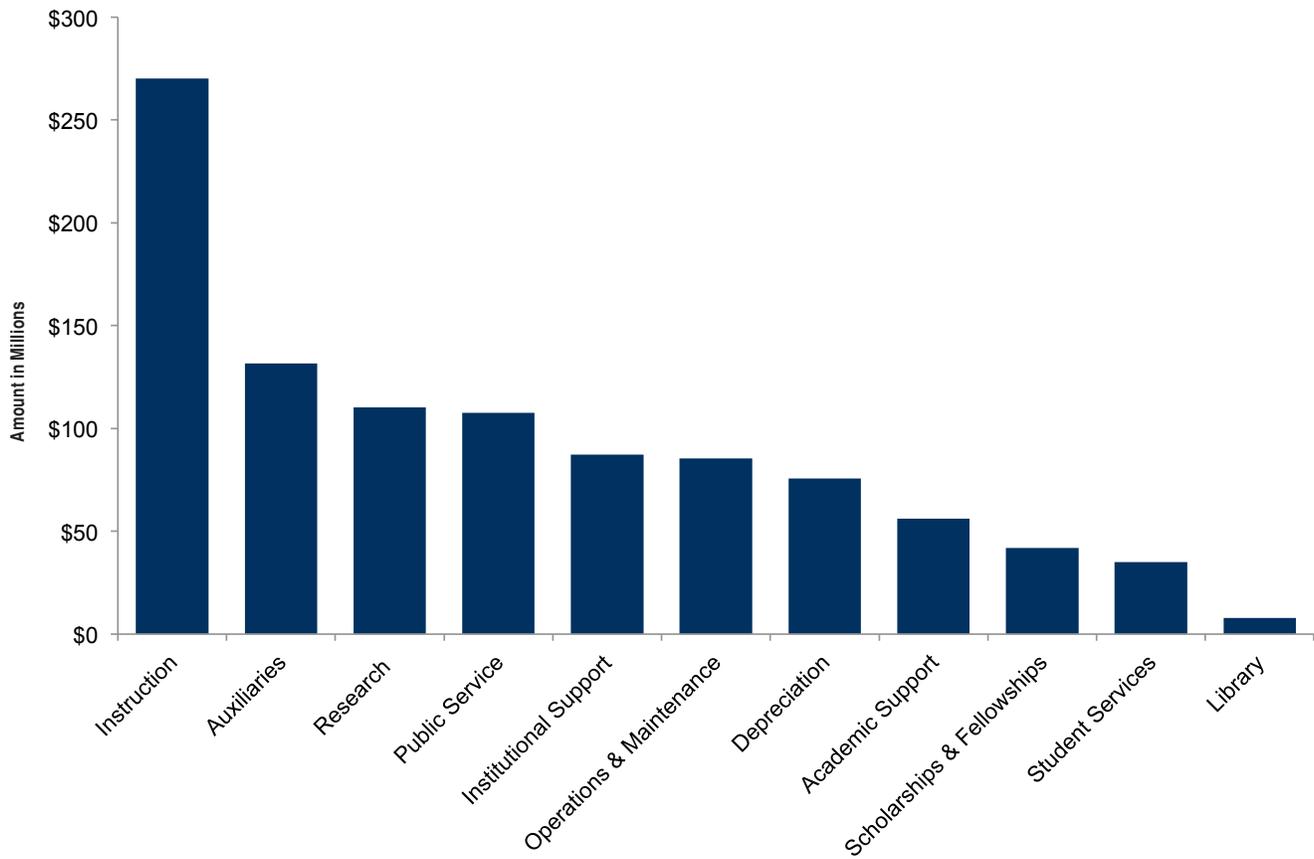

**OPERATING EXPENSES BY NATURAL CLASSIFICATION**

For the year ended September 30, 2016

### OPERATING EXPENSES BY FUNCTION

For the year ended September 30, 2016

**Statement of Cash Flows**

The Statement of Cash Flows presents information about changes in the University's cash position using the direct method of reporting sources and uses of cash. The direct method reports all major gross cash inflows and outflows, differentiating these activities into operating activities; noncapital financing, such as nonexchange grants and

contributions; capital and related financing, including bond proceeds from debt issued to purchase or construct buildings; and investing activities. Operating activity uses of cash significantly exceed operating activity sources of cash due to classification of state appropriations and gifts as noncapital financing activities.

The University's cash flows for the years ended September 30, 2016 and 2015 are summarized below:

|   | 2016                 | 2015                 |
|---|----------------------|----------------------|
| Net cash provided by (used in):               |                      |                      |
| Operating activities                          | \$ (143,440,787)     | \$ (156,592,736)     |
| Noncapital financing activities               | 319,359,943          | 313,173,218          |
| Capital and related financing activities      | (153,772,101)        | (127,591,944)        |
| Investing activities                          | <u>(29,912,628)</u>  | <u>(91,707,514)</u>  |
| Net decrease in cash                          | (7,765,573)          | (62,718,976)         |
| Cash and cash equivalents - beginning of year | <u>74,669,989</u>    | <u>137,388,965</u>   |
| Cash and cash equivalents - end of year       | <u>\$ 66,904,416</u> | <u>\$ 74,669,989</u> |

Net cash used in operating activities decreased from 2015 to 2016 by 8.4%. The majority of this decrease was the result of additional cash provided from tuition and fees of \$23.7 million, grants and contracts of \$18.5 million, auxiliary enterprises of \$17.6 million, and federal appropriations of \$1.1 million. These increases in cash were offset by payments for employee compensation and benefits of an additional \$22.1 million, as a result of Board-approved salary increases and one-time supplement payments, additional payments to suppliers of \$13.9 million, and payments for scholarships & fellowships increased \$3.1 million. In addition, the University received \$9.3 million less funds from other operating revenues than in 2015.

Net cash provided by noncapital financing activities increased \$6.2 million. This was primarily due to additional gifts of \$7.2 million and additional allocation of state appropriations of \$2.5 million over the allocation in fiscal year 2015. The remaining decrease of \$3.5 million was the difference between direct and other loan receipts and disbursements in fiscal year 2016.

The University saw an increase in net cash used in capital and related financing activities of \$26.2 million. This was primarily the result of the University expending \$35.3 million more for capital assets in 2016 than in 2015. This increase in use of cash was offset by \$12.2 million more of capital gifts and grants funding. In addition to entering into a note payable for a land purchase, the University partially refunded several bond issuances causing a net increase in cash flows provided by capital and related financing activity of \$4.3 million.

Net cash used in investing activities decreased by \$61.8 million. The University received an additional \$198.3 million from the proceeds from the sale and maturities of investments and utilized \$139.0 million purchasing new investments. The remaining difference of \$2.5 million was attributable to investment income receipts.

**Economic factors that will affect the future**

While the University is impacted by the general economic conditions, management believes the University will continue its high level of excellence in service to students, sponsors, the State of Alabama, and other constituents. The University's strong financial position and internal planning processes provide the University some protection against funding reductions and adverse economic conditions. Nonetheless, future reductions in state support must be anticipated and managed

carefully to maintain excellence. Neither external nor internal efforts to mitigate the impact; however, are intended to eliminate the effects of future proration or decrease in state funding. As a labor intensive organization, the University faces competitive pressures related to attracting and retaining faculty and staff. The rising cost of health care remains a concern, particularly in light of the post-retirement health care benefits offered to retirees.

The University continues to address aging facilities with significant new construction, as well as, modernization and renovation of existing facilities. Although funding of these projects through gifts, federal and state funds, and deferred maintenance budget allocations continues, the costs of operating the new and renovated facilities will continue to place additional resource demands on the operating budget of the institution.

The University continues to take steps to enhance student recruitment, both in marketing efforts and in providing additional scholarship funding. Applications, acceptances, and retention are monitored closely to assess the potential impact of general economic conditions on future enrollment. We are cautiously optimistic that demand will remain strong.

The University will continue to employ its long-term investment strategy to maximize total returns at an appropriate level of risk, while utilizing a spending rate policy to insulate the University's operations from temporary market volatility. Preservation of capital is regarded as the highest priority in the investing of the cash pool. Diversification through asset allocation is utilized as a fundamental risk strategy for endowed funds.

**Cautionary note regarding forward-looking statements**

Certain information provided by the University, including written, as outlined above, or oral statements made by its representatives, may contain forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical fact, which address activities, events, or developments that the University expects or anticipates will or may occur in the future, contain forward-looking information.

In reviewing such information, it should be kept in mind that actual results may differ materially from those projected or suggested in such forward-looking information. This forward-looking information is based upon various factors and was derived using various assumptions.

## AUBURN UNIVERSITY FINANCIAL RATIOS\*\* FOR THE FISCAL YEARS ENDED SEPTEMBER 30

### Financial Ratios

#### Debt Service Coverage Ratio

The debt service coverage ratio measures the ability to cover annual debt service obligations from current year operating cash flows. A ratio of at least 1.0 is desirable.

From 2011 through 2013, the University's debt service coverage ratio decreased due to new debt issuances. The ratio began rebounding as the University paid down portions of the outstanding amounts. The ratio remains sufficiently above the desired 1.0 in all years presented and was not affected by the implementation of GASB Statement No. 68.

#### Debt Service Burden

This ratio measures the percentage of annual operating expenses devoted to debt service. A ratio below 7% is desirable.

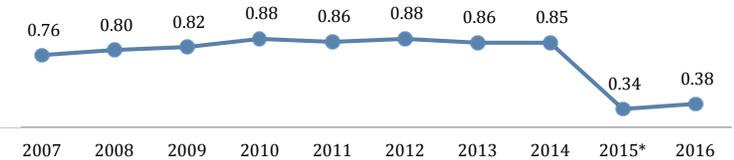

The University's debt service burden increased due to new debt issuances in 2011 and 2012. However, in 2013 and 2014, debt service remained relatively consistent, while operating expenses increased. The ratio increased slightly in fiscal year 2015, as debt service increased. Management strategically planned for debt service to increase as certain projects funded by the debt became revenue-generating. The ratio was not affected by the implementation of GASB Statement No. 68.

#### Primary Reserve Ratio

The Primary Reserve Ratio measures the financial strength of the institution by indicating how many years it could operate using expendable net position without relying on additional revenue. It is generally recommended that the ratio be at least 0.40.

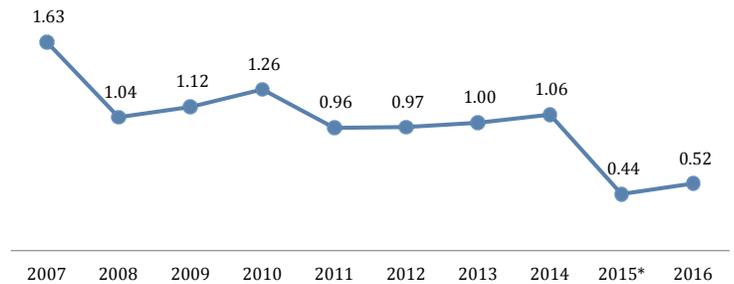

The primary reserve ratio was significantly impacted by the implementation of GASB Statement No. 68 in fiscal year 2015. Management believes the University has sufficient expendable net position to continue to operate.

#### Viability Ratio

This ratio measures the availability of expendable net position to cover debt obligations should the institution be required to settle them immediately. A ratio of 1.0 indicates that the institution could pay off all debts.

While new debt issuances in 2011 dropped the ratio below 1.0, the ratio rebounded with an increase in the subsequent three years. The viability ratio was significantly impacted by the implementation of GASB Statement No. 68 in fiscal year 2015. However, management believes the University has sufficient expendable net position to cover debt obligations.

\*In fiscal year 2015, the University adopted GASB Statement No. 68, which reduced the total net position by more than \$558 million.

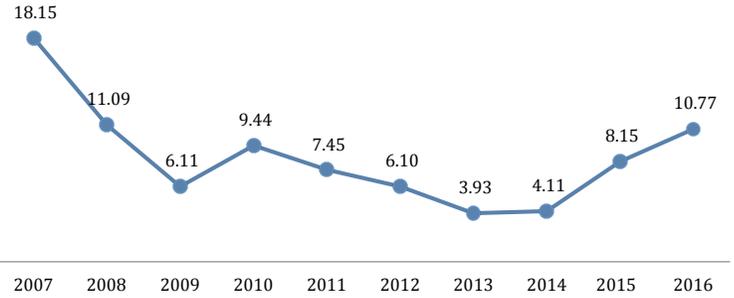

\*\*These financial ratios are presented for purposes of additional analysis and are not a required part of the basic financial statements. These ratios include only the University's financial statements and may not be comparable to other institutions.

## AUBURN UNIVERSITY FINANCIAL RATIOS\*\* FOR THE FISCAL YEARS ENDED SEPTEMBER 30

### Return on Net Position Ratio

This ratio measures total economic return and can be used to indicate whether the institution is financially stronger or weaker over time. It is generally recommended that the goal be a 3%-4% return over the long-term.

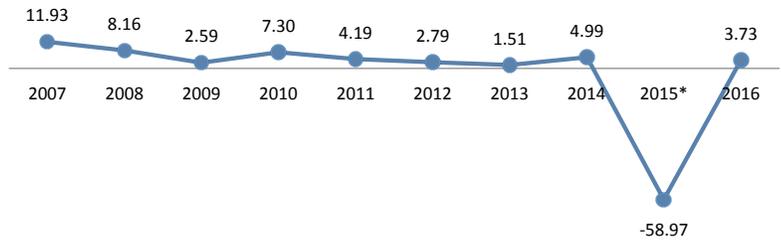

The University's return on net position ratio remains strong. The implementation of GASB Statement No. 68 lowered the beginning net position, which resulted in a higher ratio for 2015.

### Net Income Ratio

This ratio measures the success of financial operations for a given year. It is generally recommended that the goal be 2%-4% return over the long-term.

The University's net income ratio was significantly impacted by the implementation of GASB Statement No. 68 in fiscal year 2015. However, it rebounded to the recommended levels in the current year and management believes the University will continue to operate successfully within available resources.

# NOTES TO FINANCIAL STATEMENTS

## (1) NATURE OF OPERATIONS

Auburn University (the University) is a land grant university originally chartered on February 1, 1856, as the East Alabama Male College. The Federal Land Grant Act of 1862, by which the University was established as a land grant university, donated public lands to several states and territories with the intent that the states would use these properties for the benefit of agriculture and the mechanical arts. Several pertinent laws dictate specific purposes for which the land may be used. In 1960, the Alabama State Legislature officially changed the name to Auburn University. The University has two campuses, Auburn and Montgomery, with a combined enrollment of 33,168 students for Fall semester 2016. The University serves the State of Alabama, the nation and international business communities through instruction of students and the advancement of research and outreach programs. By statutory laws of the State of Alabama, the University is governed by the Board of Trustees (the Board) who are appointed by the Governor of Alabama, a committee consisting of two trustees and two Alumni Association board members and approved by the Alabama State Senate.

The accompanying financial statements of the University have been prepared in accordance with accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB). The accompanying financial statements include the following four divisions of the University:

Auburn University Main Campus  
Auburn University at Montgomery  
Alabama Agricultural Experiment Station  
Alabama Cooperative Extension System

The University, a publicly supported, state funded institution, is a component unit of the State of Alabama and is included in the Comprehensive Annual Financial Report of the State. However, the University is considered a separate reporting entity for financial statement purposes.

The University, as a public corporation and instrumentality of the State of Alabama, is exempt from federal income taxes under Section 115 of the Internal Revenue Code. Certain transactions may be taxable as unrelated business income under Internal Revenue Code Sections 511 to 514.

Contributions intended for the University's benefit are primarily received through the University's component units and are deductible by donors as provided under Section 170 of the Internal Revenue Code, consistent with the provisions under Section 501(c)(3) and corresponding state law.

### Component Units

The University adheres to GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units—an amendment of GASB Statement No. 14*. This statement clarifies GASB Statement No. 14, *The Financial Reporting Entity*, which provides criteria for determining whether such organizations for which a government is not financially accountable should be reported as component units. In accordance with GASB Statement No. 61, *The Financial Reporting Entity: Omnibus—an Amendment of GASB Statements No. 14 and No. 34*, the University has included statements for its discretely presented component units, Auburn University Foundation, Auburn Alumni Association, Tigers Unlimited Foundation and Auburn Research and Technology Foundation in these

financial statements, as exclusion of such organizations would render the entity's financial statements misleading or incomplete. Auburn University Real Estate Foundation, Inc. has been consolidated into Auburn University Foundation's financial statements, as an affiliated supporting organization. The University's component units' financial statements are presented following the University's statements. The component units are not GASB entities; therefore, their respective financial statements adhere to accounting principles under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Auburn University Foundation (AUF) is a qualified charitable organization established in 1960, existing solely for the purpose of receiving and administering funds for the benefit of the University. AUF is exempt from federal income taxes pursuant to Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision has been made for income taxes in their respective financial statements. AUF's activities are governed by its own Board of Directors.

Auburn Alumni Association (the Association) is an independent corporation organized on April 14, 1945, which was created to promote mutually beneficial relationships between the University and its alumni, to encourage loyalty among alumni and to undertake various other actions for the benefit of the University, its alumni and the State of Alabama. Membership is comprised of alumni, friends and students of the University. The Association is exempt from federal income taxes pursuant to Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision has been made for income taxes in their respective financial statements. The Association's activities are governed by its own Board of Directors.

Tigers Unlimited Foundation (TUF) is an independent corporation that began operations on April 21, 2004. It was formed for the sole purpose of obtaining and disbursing funds for the University's Intercollegiate Athletics Department. TUF is exempt from federal income taxes under Section 501(a) as an organization described in Section 501(c)(3). Therefore, no provision has been made for income taxes in their respective financial statements. TUF's activities are governed by its own Board of Directors with transactions being maintained using a June 30 fiscal year end date.

Auburn Research and Technology Foundation (ARTF) is an independent corporation organized on August 24, 2004, to facilitate the acquisition, construction and equipping of a technology and research park on the University's campus. ARTF was organized under Internal Revenue Code 509(a)(3). ARTF is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. ARTF's activities are governed by its own Board of Directors.

Auburn University Real Estate Foundation, Inc. (AUREFI) is a qualified charitable organization created on July 5, 2005, solely for the purpose of receiving and administering real estate gifts. AUREFI was organized under Internal Revenue Code 170(b)(1)(A)(vi). This real estate holding corporation is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. AUREFI is owned and controlled by AUF, and its financial statements are consolidated with AUF's financial statements. AUREFI's activities are governed by its own Board of Directors.

The financial statements of the component units have been prepared on the accrual basis of accounting. Net assets, revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the component units and changes therein are classified and reported as unrestricted, temporarily restricted or permanently restricted.

Contributions received, including unconditional promises to give, are recognized as revenues at their fair values in the period received. For financial reporting purposes, the component units distinguish between contributions of unrestricted assets, temporarily restricted assets and permanently restricted assets. Contributions for which donors have imposed restrictions which limit the use of the donated assets, are reported as restricted support if the restrictions are not met in the same reporting period. When such donor-imposed restrictions are met in subsequent reporting periods, temporarily restricted net assets are reclassified to unrestricted net assets and reported as net assets released from restrictions when the purpose or time restrictions are met. Contributions of assets which donors have stipulated must be maintained permanently, with only the income earned thereon available for current use, are classified as permanently restricted assets. Contributions for which donors have not stipulated restrictions are reported as unrestricted support.

Financial statements for AUF and the Association may be obtained by writing to the applicable entity at 317 South College Street, Auburn University, Alabama 36849. Financial statements for TUF may be obtained by writing to Athletic Complex, 392 South Donahue Drive, Auburn University, Alabama 36849. Financial statements for ARTF may be obtained by writing to 570 Devall Drive, Suite 101, Auburn, Alabama 36832.

### Financial Statement Presentation

For financial reporting purposes, the University adheres to the provisions of GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis-for State and Local Governments* and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis-for Public Colleges and Universities-an amendment of GASB Statement No. 34*, GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and GASB Statement No. 65, *Items Previously Reported and Assets and Liabilities*. These statements establish standards for external financial reporting for public colleges and universities on an entity-wide perspective and require that resources be classified in three net position categories.

- **Net investment in capital assets:**

This category is defined as capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred inflows and outflows of resources attributable to the acquisition, construction, or improvement of those assets or related debt also would be included in this component of net position. Unexpended related debt proceeds and the related debt attributable to the unspent amount as well as deferred inflows of resources, if applicable, are not reported in net investment in capital assets, but in restricted or unrestricted net position.

- **Restricted net position:**

The restricted component of net position consists of Nonexpendable and Expendable elements.

**Nonexpendable** – Nonexpendable restricted net position is the net amount of the assets, deferred outflows of resources, liabilities and deferred inflows of resources subject to externally imposed stipulations that they be maintained permanently by the University. This element includes the University's permanent endowment funds.

**Expendable** – Expendable restricted net position is the net amount of the assets, deferred outflows of resources, liabilities and deferred inflows of resources whose use by the University are subject to externally imposed stipulations that can be fulfilled by actions of the University pursuant to those stipulations, or that expire by the passage of time.

- **Unrestricted net position:**

This category is defined as the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not subject to externally imposed stipulations or included in the determination of net investment in capital assets. Unrestricted net position may be designated for specific purposes by action of management or the Board. Substantially all unrestricted net position is designated for academic and research programs and initiatives, capital projects, and auxiliary units.

GASB Statements No. 35 and No. 63 also require three statements: the Statement of Net Position; the Statement of Revenues, Expenses and Changes in Net Position; and the Statement of Cash Flows.

During fiscal year 2016, the University adopted GASB Statement No. 72, *Fair Value Measurement and Application*. This Statement changes certain accounting and financial reporting matters related to fair value measurements and generally requires investments to be measured at fair value. It also requires disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques (see Note 4). In accordance with this Statement, the University has reported an increase in net position in the amount of \$32,922,843 as a change in accounting principle adjustment as of October 1, 2014.

During fiscal year 2015, the University implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. GASB Statement No. 68 revises existing standards for employer financial statements and requires the recognition of a liability equal to the net pension obligation for pension plans provided by the University to its employees. The net pension obligation is measured as the total pension liability, less the amount of the pension plan's fiduciary net position. The total pension liability is determined based upon discounting projected benefit payments based on the benefit terms and legal agreements existing at the pension plan's fiscal year end. Projected benefit payments are required to be discounted using a single rate that reflects the expected rate of return on investments, to the extent that plan assets are available to pay benefits, and a tax-exempt, high-quality municipal bond rate when plan assets are not available. This Statement requires that most changes in the net pension liability be included in pension expense in the period of the change.

GASB Statement No. 71 is a clarification to GASB Statement No. 68 requiring recognition of a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. These statements also enhance

accountability and transparency through revised note disclosures and required supplementary information (RSI).

The amounts presented and disclosed in the financial statements as of September 30, 2016 related to pension activity in accordance with GASB Statement No. 68 were based upon the best available information at the valuation date. Subsequent to the valuation date, the Retirement Systems of Alabama completed experience studies for both the Teachers' Retirement System (TRS) and the Employees' Retirement System (ERS). As a result, certain assumptions (including the mortality rates and the discount rate) will likely change for future valuations of the pension liabilities. This could result in a significant increase in the pension liabilities recorded by the University in fiscal year 2017.

### **Basis of Accounting**

The financial statements of the University have been prepared on the accrual basis of accounting and in accordance with accounting standards of the United States of America and all significant, interdivisional transactions between auxiliary units and other funds have been eliminated. The University reports as a Business Type Activity (BTA) as defined by GASB Statement No. 35. BTAs are those institutions that are financed in whole or in part by fees charged to external parties for goods or services. Under BTA reporting, it is required that statements be prepared using the economic resources measurement focus.

GASB Statement No. 35 requires the recording of depreciation on capital assets, accrual or deferral of revenue associated with certain grants and contracts, accrual of interest expense, accounting for certain scholarship allowances as a reduction of revenue, classification of federal refundable loans as a liability, and capitalization and depreciation of equipment.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## **(2) SIGNIFICANT ACCOUNTING POLICIES OF AUBURN UNIVERSITY**

### **Cash & Cash Equivalents**

Cash and cash equivalents are defined as highly liquid debt instruments readily convertible into cash and with maturities at date of acquisition of three months or less, whose use is not restricted for long term purposes.

### **Investments**

Operating investments consist of cash and investments designated for current operations. Investments for capital and student loan activities represent funds that are intended to be used for the related specific activities. Investments recorded as endowment and life income represent funds that are considered by management to be of long duration. Investments received by gift are recorded at fair value on the date of receipt. Investments in real estate are recorded at fair value. For investments other than non-readily marketable investments, investment income is recorded on the accrual basis of accounting. For non-readily marketable investments, investment income is recorded as received.

GASB Statement No. 72 defines fair value and establishes a framework for measuring fair value that includes a three-tiered hierarchy of valuation inputs, placing a priority on those which are observable in the marketplace. Observable inputs reflect market data obtained from sources independent of the reporting entity and unobservable inputs reflect the University's own assumptions about how market participants would value an asset or liability based on the best information available. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. The three levels of inputs, of which the first two are considered observable and the last unobservable, are as follows:

- Level 1 – Quoted prices for identical assets or liabilities in active markets that can be accessed at the measurement date
- Level 2 – Other significant observable inputs, either direct or indirect, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable; or market corroborated inputs
- Level 3 – Unobservable inputs

GASB Statement No. 72 allows for the use of net asset value (NAV) as a practical expedient for valuation purposes. Investments that use NAV in determining fair value are disclosed separately from the valuation hierarchy (see Note 4).

Investments in equity securities, mutual funds, and debt securities are reported at fair value in the Statement of Net Position, with all net realized and unrealized gains and losses reflected in the Statement of Revenues, Expenses and Changes in Net Position. Fair value of these investments is based on quoted market prices or dealer quotes where available. Investments in life insurance contracts are measured at cash surrender value.

The University uses NAV reported by the investment managers as a practical expedient to estimate fair value for certain investments. The NAV is applied to certain investments that do not have readily determinable fair values including business trust, common trust, hedge, private equity and real asset investment funds. As these investments are not readily marketable the estimated value is subject to uncertainty, and therefore, may differ from the value that would have been used had a ready market for the investments existed. While these investments may contain varying degrees of risk, the University's risk with respect to such transactions is limited to its capital balance in each investment and the amounts of any unfunded commitments.

Under GASB Statement No. 40, *Deposit and Investment Risk Disclosures-an amendment of GASB Statement No. 3*, common deposit and investment risks related to credit risk, concentration of credit risk, interest rate risk, and foreign currency risk are addressed. This statement defines custodial risk for deposits as "the risk that, in the event of a failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party." As an element of interest rate risk, this Statement requires certain disclosures of investments that have fair values which are highly sensitive to changes in interest rates. Deposit and investment policies related to the risks identified in this statement are also required to be disclosed (see Note 4).

### **Inventories**

Units currently holding inventories include Facilities, Scientific Supply Store, Chemistry Glass Shop, Animal Clinic Pharmacy, Harrison School

of Pharmacy, Alabama Agricultural Experiment Station, Bookstores, Museum Gift Shop, and Ralph Draughon and AUM Libraries. All inventories are valued at the lower of cost or market, on the first-in, first-out basis, and are considered to be current assets.

### Capital Assets

Capital expenditures of land, buildings and equipment are carried at cost at date of acquisition. Gifts of capital assets are recorded at acquisition value at the date of donation. Depreciation is computed on a straight line basis over the estimated useful lives of buildings and building improvements (40 years), land improvements and infrastructure (10 – 40 years), library collection and software costs (10 years) and inventoried equipment (5 – 18 years). Land and construction in progress are not depreciated. The threshold for capitalizing buildings and infrastructure is \$25,000. Expenditures for maintenance, repairs and minor renewals and replacements are expensed as incurred; major renewals and replacements are capitalized if they meet the \$25,000 threshold. Construction in progress expense is capitalized as incurred. Interest expense related to construction is capitalized net of interest income earned on bond proceeds. Capitalized interest of \$8.0 million and \$12.5 million was recorded as of September 30, 2016 and 2015, respectively. Equipment is capitalized if the cost exceeds \$5,000 and has a useful life of more than one year. All buildings are insured through the State of Alabama Property Insurance Fund.

Art collections and historical treasures are capitalized and valued at cost or acquisition value at the date of purchase or gift, respectively, but not depreciated. Collections are preserved and held for public exhibition, education and research.

Livestock is capitalized and valued at cost or acquisition value at the date of purchase or gift, respectively, but not depreciated. Annually, livestock inventories are adjusted to actual livestock counts, valued in various manners depending on the type and purpose of the livestock.

In accordance with GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, the University continues to evaluate prominent events or changes in circumstance to determine whether an impairment loss should be recorded and whether any insurance recoveries should be offset against the impairment loss. The University did not record any losses related to asset impairment during fiscal year 2016 or 2015.

### Unearned Revenues

Unearned revenues include funds received in advance of an event, such as tuition and fees and advance ticket sales for athletic events. Net student tuition and fee revenues and housing revenues for the fall semester are recognized in the fiscal year in which the related revenues are earned. Ticket sale revenues for athletic events are recognized as the related games are played. Unearned revenues also consist of amounts received from grant and contract sponsors that have not yet been earned under the terms of the agreements. Amounts received from grant sponsors for which the only unmet term of the agreement is timing (i.e. funds may not be spent until a certain date) are classified as deferred inflows of resources in accordance with GASB Statement No. 65. All other unearned revenue is classified as a current liability (see Note 13).

### Classification of Revenues

The University has classified its revenues as either operating or nonoperating according to the following criteria:

- **Operating Revenues:** Operating revenues include activities that have the characteristics of exchange transactions, such as student tuition and fees, net of scholarship discounts and allowances, sales and services of auxiliary enterprises, net of scholarship discounts and allowances, most federal, state, local, private grants and contracts and federal appropriations, and interest on institutional student loans.
- **Nonoperating Revenues:** Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues. In accordance with GASB Statement No. 35, certain significant revenues on which the University relies to support its operational mission are required to be recorded as nonoperating revenues. These revenues include state appropriations, private gifts, federal Pell grants and investment income, including realized and unrealized gains and losses on investments.

### Student Tuition, Fees and Scholarship Discounts and Allowances

Student tuition and fee revenues and certain other revenues from students are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses and Changes in Net Position. Scholarship discounts and allowances represent the difference between the stated charge for goods and services provided by the University and the amount that is paid by students and/or third parties making payments on the students' behalf. Scholarship allowance to students is reported using the alternative method as prescribed by the National Association of College and University Business Officers (NACUBO). The alternative method is an algorithm that computes scholarship allowance on a university-wide basis rather than on an individual student basis.

### Auxiliary Revenues

Sales and services of auxiliary enterprises primarily consist of revenues generated by athletics, bookstore, housing, dining, printing and telecommunications, which are substantially self-supporting activities that primarily provide services to students, faculty, administrative and professional employees and staff.

### Grants and Contracts Revenues

The University receives sponsored funding from governmental and private sources. Revenues from these projects are recognized in accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, based on the terms of the individual grant or contract. Pell grants are recorded as nonoperating revenues in the accompanying Statements of Revenues, Expenses and Changes in Net Position.

### Compensated Absences

The University reports employees' accrued annual leave and sick leave at varying rates depending upon employee classification and length of service, subject to maximum limitations. Upon termination of employment, employees are paid all unused accrued vacation at their regular rates of pay up to a designated maximum number of days. GASB Statement No. 35 requires the amount of compensated absences that are due within one year of the fiscal year end to be classified as a current liability. Annually, University employees utilize vacation and sick leave in an amount greater than the compensated absence liability at September 30; therefore, the entire accrual is considered to be a current liability.

## Donor Pledges

The University normally does not receive gift pledges. Pledged revenue representing unconditional promises to give is normally received by AUF or TUF and later disbursed in accordance with the donors' wishes for the benefit of the University. Pledges are recorded at their gross, undiscounted amounts.

## (3) CASH AND CASH EQUIVALENTS

Cash consists of petty cash funds and demand deposits held in the name of the University. GASB Statement No. 40, *Deposit and Investment Risk Disclosures-an amendment of GASB Statement No. 3*, defines custodial risk for deposits as "the risk that, in the event of a failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover securities which are in the possession of an outside party."

Effective January 1, 2001, any depository of University funds must provide annual evidence of its continuing designation as a qualified public depository under the Security for Alabama Fund Enhancement Act (SAFE). The enactment of the SAFE program changed the way all Alabama public deposits are collateralized. In the past, the bank pledged collateral directly to each individual public entity. Under the mandatory SAFE program, each qualified public depository (QPD) is required to hold collateral for all its public deposits on a pooled basis in a custody account established for the State Treasurer as SAFE administrator. In the unlikely event a public entity should suffer a loss due to QPD insolvency or default, a claim form would be filed with the State Treasurer who would use the SAFE pool collateral or other means to reimburse the loss. As a result, the University believes its custodial risk related to cash is remote. In addition, the standard Federal Deposit Insurance Corporation (FDIC) is \$250,000 per depositor, per insured bank, for each account ownership category.

Cash equivalents may consist of commercial paper, repurchase agreements, banker's acceptances, and money market accounts purchased with maturities at date of acquisition of three months or less.

## (4) INVESTMENTS

The Board is authorized to invest all available cash and is responsible for the management of the University's investments. The endowment funds and the cash pool assets are invested in accordance with policies established by the Board. The Board has engaged a custodian and professional investment managers to manage the investment of the endowment funds while maintaining centralized management of the cash pool. The University monitors these investments through an on-going review of investment strategy, performance, valuation, risk management practices and operational activities.

Preservation of capital is regarded as the highest priority in the investing of the cash pool. It is assumed that all investments will be suitable to be held to maturity. The University's investment portfolio is structured in such a manner to help ensure sufficient liquidity to pay obligations as they become due. The portfolio strives to provide a stable return consistent with investment policy. The Cash Pool Investment Policy authorizes investments in the following: money market accounts, repurchase and reverse repurchase agreements, banker's acceptances, commercial paper, certificates of deposit, municipals, U.S. Treasury obligations, U.S. Agency securities and mortgage-backed securities.

Bond proceeds are invested in accordance with the underlying bond agreements. The University's bond agreements generally permit

bond proceeds and debt service funds to be invested in obligations in accordance with University policy in terms maturing on or before the date funds are expected to be required for expenditures or withdrawal. Certain bond indentures require the University to invest amounts held in certain construction funds, redemption funds and bond funds in federal securities or state, local and government series (SLGS) securities.

Diversification through asset allocation is utilized as a fundamental risk strategy for endowed funds. These strategic allocations represent a blend of assets best suited, over the long term, to achieve maximum returns without violating the risk parameters established by the Board. The Endowment Investment Policy, approved April 17, 2015, authorizes investment of the endowment portfolio to include the following: cash and cash equivalents; global fixed income; global equity securities; global private capital; absolute return/hedge funds; and real estate assets, collectively referred to as the endowment pool.

The Alabama Uniform Prudent Management of Institutional Funds Act (UPMIFA) was enacted by the Legislature of the State of Alabama and signed into law effective January 1, 2009. UPMIFA prescribes guidelines for expenditure of donor-restricted endowment funds (in the absence of overriding, explicit donor stipulations). UPMIFA focuses on the entirety of a donor-restricted endowment fund, that is, both the original gift amount(s) and net appreciation. UPMIFA includes a robust set of guidelines about what constitutes prudent spending, explicitly requiring consideration of the duration and preservation of the fund.

The earnings distributions are appropriated for expenditure by the Board in a manner consistent with the standard of prudence prescribed by UPMIFA. In order to conform to the standards for prudent fiduciary management of investments, the Board has adopted a spending plan whose long term objective is to maintain the purchasing power of each endowment and provide a predictable and sustainable level of income to support current operations. In the policy approved on April 17, 2015, spending for a given year equals 80% of spending in the previous year, adjusted for inflation (Consumer Price Index (CPI) within a range of 0.0% and 6.0%), plus 20% of the long-term spending rate (4.0%) applied to the twelve month rolling average of the market values. The net appreciation on endowments and funds functioning as endowments available for authorization for expenditure by the Board amounted to \$53,804,356 and \$45,387,488 at September 30, 2016 and 2015, respectively, and are recorded as restricted expendable net position.

## Investment Risks

Investments are subject to certain types of risks, including interest rate risk, custodial credit risk, credit quality risk, concentration of credit risk, and foreign currency risk. The following describes those risks:

- **Interest Rate Risk** – Interest rate or market risk is the potential for changes in the value of financial instruments due to interest rate changes in the market. Certain fixed maturity investments contain call provisions that could result in shorter maturity periods. As previously stated, it is the University's intent to hold all investments in the Cash Pool until maturity. The Board understands that in order to achieve its objectives, investments can experience fluctuations in fair value. Both the Endowment Investment Policy and the Non-Endowment Cash Pool Investment Policy set forth allowable investments and allocations.

The following segmented time distribution tables provide information as of September 30, 2016 and 2015, covering the fair value of investments by investment type and related maturity:

| <b>Auburn University Investments</b>                      |                      |                       |                      |                      |                         |

- Custodial Credit Risk** – GASB Statement No. 40 defines investment custodial risk as “the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party.” Although no formal policy has been adopted, the University requires its safekeeping agents to hold all securities in the University’s name for both the Cash Pool and the Endowment Pool. Certain limited partnership investments in Private Capital and Real Assets represent ownership interests that do not exist in physical or book-entry form. As a result, custodial credit risk is remote.
- Credit Quality Risk** – GASB Statement No. 40 defines credit quality risk as “the risk that an issuer or other counterparty to an investment will not fulfill its obligations” as they become due. The University’s Non-Endowment Cash Pool Investment Policy stipulates that commercial paper be rated at least P1 by Moody’s or A1 by Standard & Poor’s or a comparable rating by another nationally recognized rating agency. Banker’s acceptance should hold a long term debt rating of at least AA or short term debt rating of AAA (or comparable ratings) as provided by one of the nationally recognized rating agencies.

The following table provides information as of September 30, 2016 and 2015, concerning credit quality risk:

| Auburn University Investments<br>Ratings of Fixed Maturities |                       |  |                       |                |  |            |

\*Certificates of deposit are included in the "Not rated" category.

- Concentration of Credit Risk** – GASB Statement No. 40 defines concentration of credit risk as “the risk of loss attributed to the magnitude of a government’s investment in a single issuer.” The University Non-Endowment Cash Pool Investment Policy does not limit the aggregate amounts that can be invested in U.S. Treasury securities with the explicit guarantee of the U.S. Government or U.S. Agency securities that carry the implicit guarantee of the U.S. Government. As of September 30, 2016 and 2015, the University Cash Pool and the University Endowment Pool were in compliance with their respective policies.

The University Endowment Investment Policy provides for diversification by identifying asset allocation classes and ranges to provide reasonable assurance that no single security, or class of securities, will have a disproportionate impact on the performance of the total Endowment Pool.

- Foreign Currency Risk** – GASB Statement No. 40 defines foreign currency risk as “the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit.” No formal University policy has been adopted addressing foreign currency risk. As of September 30, 2016 and 2015, the University held no investments in foreign currency.

#### Securities Lending Program

As of September 30, 2016 and 2015, there was no participation in any securities lending program.

#### Interest Sensitive Securities

As of September 30, 2016, the University held no investments in mortgage-backed securities. As of September 30, 2015, the University held \$6,855,074, representing 0.6% of its total investments in mortgage-backed securities. As of September 30, 2016 and 2015, the University held no investments in asset-backed securities. The mortgage-backed

investments have embedded prepayment options that are expected to fluctuate with interest rate changes. Generally, this variance presents itself in variable repayment amounts, uncertain early or extended payments.

Certain fixed maturity investments have call provisions that could result in shorter maturity periods. However, it is the intent that the University’s Cash Pool fixed maturity investments be held to maturity; therefore, the fixed maturity investments are classified in the above table as if they were held to maturity. As of September 30, 2016 and 2015, the University Cash Pool held \$14,646,691 and \$52,483,818, representing 1.3% and 4.9%, respectively, of total investments in continuously callable fixed maturity investments. The University investment policies do not restrict the purchase of mortgage-backed securities, asset-backed securities, or bonds with call provisions.

The University owns shares in seven mutual funds, two common trust funds, and four business trust funds. These funds are invested in global marketable securities, commodities and global debt securities. The University owns an interest in a corporation and limited partnership interests in several non-registered investment partnerships. The goal of the corporation and limited partnerships is to invest in readily marketable securities, privately held companies and properties within different industry sectors. At investment inception, the University enters into a separate subscription agreement with a capital commitment to each corporation or limited partnership.

On September 30, 2016 and 2015, the University was not a party in any swap or other derivative contracts.

The table entitled, “Auburn University Investments, Investment Maturities at Fair Value (in Years)”, includes funds held for pending capital expenditures at September 30, 2016, as follows: \$100,000, 2011 General

Fee Bond proceeds, and \$18,759,871, Deferred Maintenance Building Fund. The General Liability Account holds investments of \$5,759,695.

At September 30, 2015, funds held for pending capital expenditures were as follows: \$3,751,967, 2011 General Fee Bond proceeds, and \$26,810,876, Deferred Maintenance Building Fund. The General Liability Account held investments of \$5,749,582.

The University previously carried its limited partnership investments at cost, with no adjustment recorded to recognize net unrealized gains and losses as required by GASB Statement No. 31. GASB Statement No. 72, implemented during fiscal year 2016, supersedes GASB Statement No. 31, and limited partnership investments are carried at fair value. The University records its initial investment and subsequent contributions at cost and adjusts for its share of income/appreciation, losses/depreciation, and distributions received from the investments. The University believes that the carrying amount of these investments (using NAV) is a reasonable estimate of fair value as of September 30, 2016 and 2015. Because these investments are not readily marketable, the estimated value is subject to uncertainty, and therefore may differ from the value

that would have been used had a ready market for the investments existed and such difference could be material. These investments are made in accordance with the University's investment policy that approves the allocation of funds to various asset classes (i.e., global equity, private capital, hedge funds, real assets, global fixed income, and cash) in order to ensure the proper level of diversification within the endowment pool. Investments in limited partnerships (private equity, hedge funds, and real assets) and the corporation are designed to enhance diversification and provide reductions in overall portfolio volatility. These fair values are estimated by the general partner of each limited partnership and corporation using various valuation techniques.

GASB Statement No. 72 establishes a hierarchy that prioritizes inputs to valuation techniques used to measure fair value. At September 30, 2016 and 2015, the fair value of the University's investments based on the inputs used to value them is summarized in the tables below. Note that the Money Market, Cash Surrender Value of Life Insurance, and Investments measured using the Net Asset Value (NAV) are presented in these tables to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying Statements of Net Position.

Investments categorized as Level 1 are valued using prices quoted in active markets for those companies. Fixed income securities categorized as Level 2 represent investments valued using a matrix pricing technique from a pricing service, which values debt securities based on their

relationship to a benchmark and the relative spread to that benchmark. Real estate categorized as Level 3 is valued from periodic valuations prepared by independent appraisers or property tax valuation.

**Liquidity Disclosures for Investments Measured Using Net Asset Value as of September 30, 2016**

Funds held in trust represent a foundation with the University as the named beneficiary (see Note 5).

The global bond fund includes investments in a globally diversified portfolio of primarily debt or debt-like securities. The fund invests in government debt securities.

The business trust funds and common trust funds include investments in international and emerging markets equity securities, investment grade credit securities, mortgage-backed securities and government securities. Exposure by market is approximately: 5% domestic, 63% developed international, and 32% emerging markets.

The global equity hedge fund includes investments in long/short equities. Long exposure ranges from 140-170%, while short exposure ranges from 40-70%. Management of the hedge fund's stated process is a risk-controlled, industry-neutral, analyst-driven approach to large cap equity investing.

Global long/short hedge funds include investments primarily in U.S. equities, with some international exposure. These funds are invested in various sectors including consumer, healthcare, technology, media, telecom, financials, industrials, and materials.

Absolute return hedge funds include investments in multiple strategies to diversify risk and reduce volatility, including but not limited to event-driven, arbitrage, distressed debt, and special situations.

Private equity funds predominantly consist of limited partnership funds that invest in private equity, venture capital, distressed opportunities, natural resources and real estate.

Real asset investment funds include limited partnership and corporate investments in commercial and residential real estate and land, natural resources, and commodities.

Under the terms of these private equity and real asset investment agreements, the University is obligated to remit additional funding periodically as capital calls are exercised. Depending on market conditions, the ability or inability of a fund to execute its strategy and other factors, the fund may request an extension of terms beyond its

originally anticipated existence or may liquidate the fund prematurely. The University cannot anticipate such changes, because they are based on unforeseen events. These investments cannot be redeemed at NAV; however, periodic distributions may be made to the University at the managers' discretion as underlying portfolio assets are liquidated.

Real estate includes land in Birmingham, Alabama and Washington, D.C. The land in Birmingham is an undeveloped lot that is listed for sale. The land in Washington, D.C. is subject to a building lease ending in 2145.

AUF holds endowments and distributes earnings from those endowments to the University. AUF investments at September 30, 2016 and 2015, include the following:

|  | 2016                  |                       | 2015                  |                       |

| Total investments  | <u>\$ 472,383,134</u> | <u>\$ 383,248,246</u> | <u>\$ 421,516,863</u> | <u>\$ 363,820,732</u> |

AUF owns shares in five mutual funds, four business trust funds, one common trust fund, and two family limited partnerships. These funds are invested in global marketable securities, commodities and global debt securities. AUF owns an interest in a corporation and limited partnership interests of which the goal is to invest in readily marketable securities, privately held companies and properties within different industry sectors. At investment inception, AUF enters into a separate subscription agreement with a capital commitment to each corporation or limited partnership.

As of September 30, 2016, AUF had entered into subscription agreements with one corporate and forty-eight limited partnership investments. The aggregate amount of capital committed to these investments is \$233,462,200 of which capital contributions of \$192,032,605 have been invested. A cumulative net unrealized gain of \$53,809,303 has been recorded on these investments. Of these forty-eight commitments, thirteen subscriptions relate to hedge funds, twenty-one subscriptions relate to private equity funds, and fourteen subscriptions relate to real estate asset funds. The hedge funds are primarily invested in long/short equities, arbitrage, distressed debt, special situations and other event-driven strategies through various investment managers, investment partnerships and offshore funds. The private equity fund commitments are for investment in private equity, venture capital, distressed opportunities, natural resources and real estate. The real assets funds include limited partnership and corporate investments in commercial and residential real estate and land, natural resources, and commodities.

Investment income, realized gains and losses, unrealized gains and losses, and changes in values of split-interest agreements are

reported on AUF's Consolidated Statements of Activities and Changes in Net Assets net of estimated investment expenses of \$4,765,000 and \$4,384,000 for the fiscal years ended September 30, 2016 and 2015, respectively.

AUF carries its investments in limited partnership interests, including an ownership interest in two family limited partnerships and a corporation, at estimated fair value as determined by the fund manager or general partner. AUF records its initial investment and subsequent contributions at cost and adjusts for its share of income/appreciation, losses/depreciation, and distributions received from the investments. AUF believes that the carrying amount of these investments is a reasonable estimate of fair value as of September 30, 2016 and 2015. Because these investments are not readily marketable, the estimated value is subject to uncertainty, and therefore may differ from the value that would have been used had a ready market for the investments existed and such difference could be material. These investments are made in accordance with AUF's investment policy that approves the allocation of funds to various asset classes (i.e., global equity, private capital, hedge funds, real assets, global fixed income, and cash) in order to ensure the proper level of diversification within the endowment pool. Investments in limited partnerships (private equity, hedge funds, and real assets) and the corporation are designed to enhance diversification and provide reductions in overall portfolio volatility. These fair values are estimated by the general partner of each limited partnership and corporation using various valuation techniques. The fair values of these investments were \$315,391,482 and \$286,967,264 as of September 30, 2016 and 2015, respectively.

## (5) FUNDS HELD IN TRUST

In addition to permanently restricted endowments carried on the University's financial statements, the University is the beneficiary of income earned on a number of AUF endowments. The cost of these funds was \$344,957,463 and \$327,177,712 and the market value was \$430,823,694 and \$382,439,328 at September 30, 2016 and 2015, respectively. The portion of endowment income received by the University from these funds was \$12,838,007 and \$11,939,752 for the fiscal years ended September 30, 2016 and 2015, respectively.

Endowment earnings are distributed annually in March, based on the AUF endowment distribution spending rate. These amounts are reported as investment income on the Statements of Revenues, Expenses and Changes in Net Position.

In addition, the University has been named as a beneficiary of a foundation with investments having a cost of \$2,493,689 and \$2,582,437 and a market value of \$3,472,723 and \$3,400,476 at September 30, 2016 and 2015, respectively.

The University is the beneficiary of the income earned on two additional trusts. The cost of investments held by these trusts was \$753,000 as of September 30, 2016 and 2015. The income received from the two trusts was \$77,908 and \$70,542 for the fiscal years ended September 30, 2016 and 2015, respectively.

## (6) ACCOUNTS RECEIVABLE

Accounts receivable and the allowances for doubtful accounts at September 30, 2016 and 2015, are summarized as follows:

|  | 2016                 | 2015                 |
|--|----------------------|----------------------|
| <b>NONSTUDENT ACCOUNTS RECEIVABLE</b>                              |                      |                      |
| Federal, state & local government, and other restricted expendable | \$ 27,009,932        | \$ 28,262,990        |
| Less allowance for doubtful accounts                               | (1,803,950)          | (1,303,687)          |
| Pledged receivables  | 195,825              | 534,056              |
| General  | 18,588,712           | 14,707,046           |
| Less allowance for doubtful accounts                               | (12,761,338)         | (13,257,468)         |
| Auxiliary  | 11,876,199           | 14,458,432           |
| Capital gifts and grants   | 1,505,553            | 1,861,835            |
| Total nonstudent accounts receivable                               | <u>\$ 44,610,933</u> | <u>\$ 45,263,204</u> |
| <b>STUDENT ACCOUNTS RECEIVABLE</b>                                 |                      |                      |
| Unrestricted general   | \$ 38,270,306        | \$ 39,903,223        |
| Less allowance for doubtful accounts                               | (1,910,412)          | (1,179,619)          |
| Unrestricted auxiliary   | 2,439,340            | 2,600,817            |
| Less allowance for doubtful accounts                               | (41,166)             | (57,377)             |
| Total student accounts receivable                                  | <u>\$ 38,758,068</u> | <u>\$ 41,267,044</u> |

**(7) CAPITAL ASSETS**

Capital assets at September 30, 2016 and 2015, are summarized as follows (dollars in thousands):

|   | September 30, 2015  | Additions/Transfers | Deletions/Transfers | September 30, 2016  |
|---|---------------------|---------------------|---------------------|---------------------|
| Capital assets not being depreciated        |                     |                     |                     |                     |
| Land  | \$ 19,460           | \$ 12,455           | \$ (36)             | \$ 31,879           |
| Art & collectibles                          | 10,663              | 469                 | (3)                 | 11,129              |

During the fiscal years ended September 30, 2016 and 2015, the University did not receive any construction funding from the State of Alabama.

#### (8) DEFERRED OUTFLOWS OF RESOURCES

Deferred outflows of resources are a consumption of net assets that is applicable to a future reporting period. In 2010, 2012, 2014, 2015, and 2016, the University defeased certain outstanding bonds. These refundings resulted in a loss (the difference between the acquisition price of the new debt and the net carrying amount of the old debt). In accordance with GASB Statements No. 63 and No. 65, this loss is

presented as a deferred outflow of resources that is amortized over the life of the old or new bonds, whichever is shorter. The University is amortizing each of the deferred losses presented below over the life of the defeased bonds. Additionally, in accordance with GASB Statement No. 68, which the University adopted in fiscal year 2015, the University's proportionate share of the net difference between projected and actual earnings on pension plan investments is presented as a deferred outflow of resources. The components of deferred outflows of resources are summarized below.

|                                      | September 30, 2016    | September 30, 2015   |
|--------------------------------------|-----------------------|----------------------|
| <b>Loss on refunding</b>             |                       |                      |
| 2009 General Fee refunding           | \$ 1,908,740          | \$ 2,317,000         |

| Total noncurrent bonds and notes payable   | <u>\$ 716,188,582</u>            |                       |                         | <u>\$ 699,839,916</u>            |

On August 17, 2016, \$217,930,000 in General Fee bonds with interest rates ranging from 1.5% to 5.0% were issued to currently and advance refund \$218,035,000 of outstanding bonds with interest rates ranging from 4.0% to 5.0%. The portion of the net proceeds of the new bond issue to be used for refunding were deposited in an irrevocable trust with an escrow agent and were used to purchase U.S. Government securities which will provide sufficient funds to pay all future debt service payments on the previously outstanding bonds. As a result, the previously outstanding bonds are considered to be defeased and the liability for those bonds has

been removed from the University's financial statements. This refunding resulted in the University recognizing a loss of \$34,274,282 for the difference between the acquisition price of the new debt and the carrying amount of the old debt. Although the University recognized an accounting loss, the refunding decreases the University's total debt service payments over the next 25 years by \$32,922,610 and resulted in an economic gain (the difference between the present values of the debt service payments on the old and the new bonds) for the University of \$21,485,561.

### Future Debt Service

Future debt service payments for each of the five fiscal years subsequent to September 30, 2016, and thereafter, are as follows:

| Year Ending<br>September 30      | Bonds Payable         |                       |
|----------------------------------|-----------------------|-----------------------|
|                                  | Principal             | Interest              |
| 2017                             | \$ 24,873,501         | \$ 29,601,350         |
| 2018                             | 24,072,554            | 30,717,854            |
| 2019                             | 24,684,123            | 29,964,625            |
| 2020                             | 25,222,709            | 28,992,359            |
| 2021                             | 26,316,475            | 27,890,763            |
| 2022-2026                        | 143,545,000           | 107,861,563           |
| 2027-2031                        | 135,760,000           | 74,853,881            |
| 2032-2036                        | 155,135,000           | 41,584,488            |
| 2037-2041                        | 103,795,000           | 11,510,700            |
| 2042                             | 1,725,000             | 86,250                |
| <b>Total future debt service</b> | <b>\$ 665,129,362</b> | <b>\$ 383,063,833</b> |

### Capital Lease Obligations

The University leases certain pieces of equipment which are classified as capital leases.

| Lease Obligations       | Balance at<br>September 30, 2015 | New<br>Lease Obligations | Principal<br>Repayment | Balance at<br>September 30, 2016 |
|-------------------------|----------------------------------|--------------------------|------------------------|----------------------------------|
| Equipment               | \$ -                             | \$ 334,602               | \$ -                   | \$ 334,602                       |
| Total lease obligations | \$ -                             | \$ 334,602               | \$ -                   | \$ 334,602                       |

Minimum lease payments under capital leases together with the present value of the net minimum lease payments are shown in the table below:

|   | Equipment  | Total      |
|---|------------|------------|
| 2016-2017                               | \$ 106,458 | \$ 106,458 |
| 2017-2018                               | 106,458    | 106,458    |
| 2018-2019                               | 103,632    | 103,632    |
| 2019-2020                               | 10,330     | 10,330     |
| 2020-2021                               | 16,265     | 16,265     |
| Minimum lease payments                  | 343,143    | 343,143    |
| Less interest                           | (8,541)    | (8,541)    |
| Present value of minimum lease payments | 334,602    | 334,602    |
| Less current portion                    | (103,040)  | (103,040)  |
| Noncurrent obligations                  | \$ 231,562 | \$ 231,562 |

The University has entered into various operating leases for equipment. It is expected that, in the normal course of business, such leases will continue to be required. Net expenditures for rentals under operating

leases for the years ended September 20, 2016 and 2015, amounted to approximately \$4.2 million and \$3.8 million, respectively.

## (10) PLEDGED REVENUES

Pledged revenue for 2016 and 2015 as defined by the **Series 2006A, 2007A, 2008, 2009, 2011A, 2012A, 2012B, 2014A, 2015A, 2015B and 2016A General Fee Revenue Trust Indentures** is as follows:

|   | 2016                  | 2015                  |
|---|-----------------------|-----------------------|
| Student fees collected                                  | \$ 468,856,351        | \$ 445,535,019        |
| Less fees pledged for specific purposes:                |                       |                       |
| Athletic fees (\$96 per student per semester)           | (3,479,255)           | (4,799,903)           |
| Transit fees (\$149/\$145 per semester)                 | (7,588,595)           | (7,007,982)           |
| Student activities fees (\$15 per student per semester) | (544,128)             | (747,404)             |
| Total general fees pledged                              | <u>\$ 457,244,373</u> | <u>\$ 432,979,730</u> |

The Series 2011A Bonds expanded the definition of pledged revenues. "General Fees" pledged to secure the Series 2011A Bonds and all other Parity Bonds now or hereafter outstanding under the General Fee Revenue Indenture will include the general fees levied against the University's students at both the main campus and AUM. "Housing Revenues" pledged to secure the Series 2011A Bonds and all other Parity Bonds now or hereafter outstanding under the General Fee Revenue Indenture will include the University's housing and dining

revenues from the operation of housing and dining facilities on both the main campus and AUM.

The pledge of housing and dining revenues under the General Fee Revenue Indenture is subordinate in all respects to the University's prior pledge of certain dormitory revenues at AUM to secure payment of the 1978 Dormitory Revenue Bonds.

AUM housing and dining revenue pledged for 2016 and 2015 subordinate to prior pledges of such revenues as defined by the **Series 2011A General Fee Revenue Trust Indenture** is as follows:

|   | 2016                | 2015                |
|---|---------------------|---------------------|
| AUM housing revenues                          |                     |                     |
| Room rental                                   | \$ 5,529,964        | \$ 5,071,716        |
| Other income                                  | 251,207             | 329,796             |
| Total housing                                 | <u>5,781,171</u>    | <u>5,401,512</u>    |
| AUM dining revenue                            | <u>1,937,348</u>    | <u>2,048,293</u>    |
| Total AUM housing and dining revenues pledged | <u>\$ 7,718,519</u> | <u>\$ 7,449,805</u> |

The pledge of Athletic program revenues was added to the General Fee Trust Indenture contemporaneously with the issuance of the Series 2008 Bonds and collateralizes, on a parity basis, all bonds now or hereafter issued under the General Fee Revenue Indenture. Athletic

program revenues pledged to the 2008 General Fee Revenue Bonds are subordinate to the Athletic program revenues previously pledged to the Athletic Bonds as described below.

Pledged revenue for 2016 and 2015 as defined by the **Series 2001A Athletic Revenue Trust Indenture** is as follows:

|  | 2016                  | 2015                 |
|--|-----------------------|----------------------|
| Jordan-Hare and other revenues:            |                       |                      |
| Television and broadcast revenues          | \$ 34,244,461         | \$ 24,945,871        |
| Conference and NCAA distributions          | 9,388,670             | 16,493,869           |
| Sales and services revenues                | 46,915,884            | 27,506,023           |
| Student fees                               | 3,479,255             | 4,799,903            |
| Royalties, advertisements and sponsorships | 6,196,360             | 6,062,826            |
| Other income                               | 12,956,276            | 8,545,966            |
| Total athletic revenues pledged            | <u>\$ 113,180,906</u> | <u>\$ 88,354,458</u> |

The Series 2001A Athletic Revenue Bonds are collateralized by a first-priority pledge of the Athletic program revenues that is senior to, and has priority in all respects over, the subordinate pledge of the Athletic program revenues that was added to the General Fee Trust Indenture concurrently with the issuance of the Series 2008 Bonds.

The pledge of housing and dining revenues was added to the General Fee Trust Indenture, contemporaneously with the issuance of the University's General Fee Revenue Bonds, Series 2007A and collateralizes, on a parity basis now or hereafter issued under the General Fee Revenue Indenture.

The following summary shows the pledged revenues and related expenses and transfers from operations of the West Dormitories of AUM for the years ended September 30, 2016 and 2015, as defined by the **1978 Auburn University at Montgomery Trust Indenture**:

|  | 2016              | 2015              |
|--|-------------------|-------------------|
| Revenues:  |                   |                   |
| Room rental  | \$ 1,289,528      | \$ 1,241,852      |
| Other income   | 75,302            | 54,506            |
| Total revenues   | <u>1,364,830</u>  | <u>1,296,358</u>  |
| Expenses and transfers:  |                   |                   |
| Personnel costs  | 331,521           | 306,897           |
| Operating expenses   | 607,886           | 345,133           |
| Transfers  | <u>147,912</u>    | <u>146,787</u>    |
| Total expenses and transfers                                   | <u>1,087,319</u>  | <u>798,817</u>    |
| Surplus of revenues over expenses and transfers                | 277,511           | 497,541           |
| AUM student housing net surplus (deficit) at beginning of year | <u>170,019</u>    | <u>(327,522)</u>  |
| AUM student housing net surplus at end of year                 | <u>\$ 447,530</u> | <u>\$ 170,019</u> |

The AUM dormitory occupancy rate for Fall semester 2016 and Fall semester 2015 was 97.4% and 99.2%, respectively (unaudited).

### (11) RETIREMENT PROGRAMS

The employees of the University are participants in three types of benefit plans; a 401(a) defined benefit plan, a 403(b) defined contribution plan, and a 457(b) deferred compensation plan as follows:

#### A. Teachers' Retirement System of Alabama

The University contributes to the Teachers' Retirement System of Alabama (TRS), a cost sharing, multiple-employer, public employee retirement system for the various state-supported educational agencies and institutions. This plan is administered by the Retirement Systems of Alabama.

Substantially all non-student employees are members of TRS. Membership is mandatory for eligible employees. During the 2012 regular session of the Alabama Legislature, Act 2012-377 created a new defined benefit plan tier for employees hired on or after January 1, 2013, with no previous creditable service referred to as "Tier 2". Employees hired or with creditable service prior to that date are "Tier 1" participants.

Benefits vest after ten years of creditable service. Vested Tier 1 employees may retire with full benefits at age 60 with ten years of service or at any age with 25 years of service. Retirement benefits for Tier 1 employees are calculated by the formula method by which retirees are allowed 2.0125% of their final salary (average of the highest three of the last ten years) for each year of service. Vested Tier 2 employees may retire with full benefits at age 62 with 10 years of service. For Tier 2 employees, the percentage is 1.65% of their final salary (average of the highest five of the last ten years) for each year of service. Disability retirement benefits are calculated in the same manner for both Tier 1 and Tier 2 employees. Pre-retirement death benefits are provided to plan members.

TRS was established September 15, 1939, under the provisions of Act Number 419, of the Acts of Alabama 1939, for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by state-supported educational institutions. The

responsibility for general administration and operation of TRS is vested in the Board of Control (currently 15 trustees). Benefit provisions are established by the Code of Alabama 1975, Sections 16-25-1 through 16-25-113, as amended, and Sections 36-27B-1 through 36-27B-6, as amended.

The Retirement Systems of Alabama issues a publicly available financial report that includes financial statements and required supplementary information for TRS. The TRS financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenue when earned, pursuant to plan requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with requirements of the GASB. Under these requirements, the TRS plan is considered a component unit of the State of Alabama and is included in the State's Comprehensive Annual Financial Report. That report may be obtained by writing to the Retirement Systems of Alabama, 135 South Union Street, Montgomery, Alabama 36130-2150 or at [www.rsa-al.gov](http://www.rsa-al.gov).

#### Funding Policy

Tier 1 employees are required by statute to contribute 7.5% of their salary to TRS. Tier 2 employees contribute 6.0% of their salary. The University is required to contribute the remaining amounts necessary to fund the actuarially determined contributions to ensure sufficient assets will be available to pay benefits when due. Each year TRS recommends to the Alabama State Legislature the contribution rate for the following fiscal year, with the Alabama State Legislature setting this rate in the annual appropriations bill. The percentages of the contributions and the amount of contributions made by the University and the University's employees, for both Tier 1 and Tier 2 employees, respectively, equal the required contributions for each year as follows:

| Fiscal year ended September 30,         | 2016          | 2015          | 2014          |
|---|---------------|---------------|---------------|
| Total percentage of covered payroll     | 19.44%/16.84% | 19.21%/17.05% | 19.21%/17.08% |
| Contributions:                          |               |               |               |
| Percentage contributed by the employer  | 11.94%/10.84% | 11.71%/11.05% | 11.71%/11.08% |
| Percentage contributed by the employees | 7.50%/6.00%   | 7.50%/6.00%   | 7.50%/6.00%   |
| Contributed by the employer             | \$ 46,139,070 | \$ 43,894,444 | \$ 42,684,405 |
| Contributed by the employees            | 28,390,415    | 27,572,040    | 27,016,081    |
| Total contributions                     | \$ 74,529,485 | \$ 71,466,484 | \$ 69,700,486 |

The University reported a liability of \$624,361,000 and \$523,080,000 as of September 30, 2016 and 2015, respectively, for its proportionate share of the collective net pension liability. The collective net pension liability was measured as of September 30, 2015 and 2014, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2014 and 2013, respectively. The University's proportion of the collective net pension liability was based on employers' shares of contributions to the pension plan relative to the total employer contributions of all participating TRS employers. At September 30, 2015 and 2014, the

University's proportion was 5.965792% and 5.757899%, respectively, which was an increase of 0.207893% and 0.081384% from its proportion measured as of September 30, 2014 and 2013, respectively.

For the years ended September 30, 2016 and 2015, the University recognized pension expense of \$52,213,000 and \$41,089,000, respectively. At September 30, 2016, the University reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

|   | Deferred Outflows<br>of Resources | Deferred Inflows<br>of Resources |
|---|-----------------------------------|----------------------------------|
| Differences between expected and actual experience  | \$ -                              | \$ 3,383,000                     |
| Changes of assumptions  | -                                 | -                                |
| Net difference between projected and actual earnings on pension plan investments                              | 40,878,000                        | -                                |
| Changes in proportion and differences between Employer contributions and proportionate share of contributions | 21,432,000                        | -                                |
| Employer contributions subsequent to the measurement date   | 46,139,000                        | -                                |
| <b>Total</b>  | <b>\$ 108,449,000</b>             | <b>\$ 3,383,000</b>              |

\$46,139,000 reported as deferred outflows of resources related to pensions resulting from University contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2017.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in compensation and benefits expense as follows:

| Year Ending September 30: |               |
|---------------------------|---------------|
| 2017                      | \$ 14,803,000 |
| 2018                      | 14,803,000    |
| 2019                      | 14,803,000    |
| 2020                      | 13,737,000    |
| 2021                      | 781,000       |
| Thereafter                | -             |

### Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of September 30, 2014, using the following actuarial assumptions, applied to all periods included in the measurement:

| Actuarial Assumptions      |            |
|----------------------------|------------|
| Inflation                  | 3.00%      |
| Investment rate of return* | 8.00%      |
| Projected salary increases | 3.50-8.25% |

\*Net of pension plan investment expense

The actuarial assumptions used in the actuarial valuation as of September 30, 2014, were based on the results of an investigation of economic and demographic experience for the TRS based upon participant data as of September 30, 2010. The Board of Control accepted and approved these changes on January 27, 2012, which became effective at the beginning of fiscal year 2012.

Mortality rates for TRS were based on the RP-2000 Combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA projected to 2015 and set back one year for females.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of geometric real rates of return for each major asset class are as follows:

|                                       | Target Allocation | Long-Term Expected Rate of Return* |
|---------------------------------------|-------------------|------------------------------------|
| Fixed Income                          | 25.00%            | 5.00%                              |
| U.S. Large Stocks                     | 34.00%            | 9.00%                              |
| U.S. Mid Stocks                       | 8.00%             | 12.00%                             |
| U.S. Small Stocks                     | 3.00%             | 15.00%                             |
| International Developed Market Stocks | 15.00%            | 11.00%                             |
| International Emerging Market Stocks  | 3.00%             | 16.00%                             |
| Real Estate                           | 10.00%            | 7.50%                              |
| Cash                                  | 2.00%             | 1.50%                              |
| <b>Total</b>                          | <u>100.00%</u>    |                                    |

\*Includes assumed rate of inflation of 2.50%

#### Discount Rate

The discount rate used to measure the total pension liability was 8.00%. The projection of cash flows used to determine the discount rate assumed that the plan member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Sensitivity of the System's proportionate share of the net pension liability to changes in the discount rate

The following table presents the University's proportionate share of the net pension liability calculated using the discount rate of 8.00% as well as what the University's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7.00%) or one percentage point higher (9.00%) than the current rate:

|  | 1.00% Decrease (7.00%) | Current Discount Rate (8.00%) | 1.00% Increase (9.00%) |
|--|------------------------|-------------------------------|------------------------|
| Employers' proportionate share of the collective net pension liability | \$ 825,985,000         | \$ 624,361,000                | \$ 453,356,000         |

The amounts presented and disclosed in the financial statements as of September 30, 2016 related to pension activity in accordance with GASB Statement No. 68 were based upon the best available information at the valuation date. Subsequent to the valuation date, the Retirement Systems of Alabama completed experience studies for both the Teachers' Retirement System (TRS) and the Employees' Retirement System (ERS). As a result, certain assumptions (including the mortality rates and the discount rate) will likely change for future valuations of the pension liabilities. This could result in a significant increase in the pension liabilities recorded by the University in fiscal year 2017.

#### B. Employees' Retirement System of Alabama

Federally appointed employees of the Alabama Cooperative Extension System are covered by the Employees' Retirement System of Alabama (ERS). This program is a multi-employer defined benefit plan. Benefits of the ERS plan are similar to those of the TRS plan with the exception that they are based on half of the employee's average final salary.

Upon retirement, these employees will also receive pension benefits under the Federal Civil Service Retirement System. ERS is part of the Retirement Systems of Alabama.

ERS was established October 1, 1945, under the provisions of Act 515 of the Legislature of 1945 for the purpose of providing retirement allowances and other specified benefits for state employees. The responsibility for the general administration and operation of ERS is vested in its Board of Control (currently 13 trustees).

The ERS financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenue when earned, pursuant to plan requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with requirements of

the GASB. Under these requirements, the ERS plan is considered a component unit of the State of Alabama and is included in the State's Comprehensive Annual Financial Report. The Plan issues a publically available report that can be obtained at [www.rsa-al.gov](http://www.rsa-al.gov).

### Funding Policy

Tier 1 employees are required by statute to contribute 3.75% of their salary to the ERS. Tier 2 employees contribute 3.00% of their salary. The University is required to contribute the remaining amounts

necessary to fund the actuarially determined contributions to ensure sufficient assets will be available to pay benefits when due. Each year the ERS recommends to the Legislature the contribution rate for the following fiscal year, with the Legislature setting this rate in the annual appropriations bill. The percentages of the contributions and the amount of contributions made by the University and the University's employees, for Tier 1 and Tier 2 employees, respectively, equal the required contributions for each year as follows:

| Fiscal year ended September 30,         | 2016            | 2015            | 2014          |
|---|-----------------|-----------------|---------------|
| Total percentage of covered payroll     | 266.92%/265.93% | 153.70%/152.88% | 57.52%/56.73% |
| Contributions:                          |                 |                 |               |
| Percentage contributed by the employer  | 263.17%/262.93% | 149.95%/149.88% | 53.77%/53.73% |
| Percentage contributed by the employees | 3.75%/3.00%     | 3.75%/3.00%     | 3.75%/3.00%   |
| Contributed by the employer             | \$ 5,629,191    | \$ 4,162,196    | \$ 1,796,181  |
| Contributed by the employees            | 80,210          | 104,090         | 125,541       |
| Total contributions                     | \$ 5,709,401    | \$ 4,266,286    | \$ 1,921,722  |

The ERS establishes rates based upon an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with additional amounts to finance any unfunded accrued liability, the pre-retirement death benefit and administrative expenses of the Plan. For the year ended September 30, 2016, the University's active employee contribution rate was 263.17% of covered employee payroll.

The University's contractually required contribution rate for the year ended September 30, 2016, was 263.17% of pensionable pay. These required contribution rates are based upon the actuarial valuation dated September 30, 2014, a percent of annual pensionable payroll, and

actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the University were \$5,629,191 for the year ended September 30, 2016.

### Net Pension Liability

The University's net pension liability was measured as of September 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2014 and rolled forward to September 30, 2015, using standard roll-forward techniques as shown in the following table:

| Total Pension Liability  | Expected       | Actual         |
|--|----------------|----------------|
| (a) Total Pension Liability as of September 30, 2014   | \$ 48,737,965  | \$ 48,983,043  |
| (b) Entry Age Normal Cost for the period<br>October 1, 2014 - September 30, 2015               | \$ 46,380      | \$ 46,380      |
| (c) Actual Benefit Payments and Refunds for the period<br>October 1, 2014 - September 30, 2015 | \$ (5,501,945) | \$ (5,501,945) |
| (d) Total Pension Liability as of September 30, 2015<br>[(a)*(1.08)]+(b)-[(c)*(1.04)]          | \$ 46,961,359  | \$ 47,226,044  |
| (e) Difference between Expected and Actual<br>Experience (Gain)/Loss                           |                | \$ 264,685     |

The total pension liability in the September 30, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Actuarial Assumptions      |            |
|----------------------------|------------|
| Inflation                  | 3.00%      |
| Salary increases           | 3.75-7.25% |
| Investment rate of return* | 8.00%      |

\*Net of pension plan investment expense

Mortality rates for ERS were based on the RP-2000 Combined Mortality Table Projected with a Scale AA to 2015 set forward three years for males and two years for females. The rates of mortality for the period after disability retirement are according to the sex distinct RP-2000 Disability Mortality Table.

The actuarial assumptions used in the September 30, 2014 valuation were based on the results of an investigation of economic and demographic experience for the ERS based upon participant data as of September 30, 2010. The Board of Control accepted and approved these changes on January 27, 2012, which became effective at the beginning of fiscal year 2012.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of geometric real rates of return for each major asset class are as follows:

|                                       | Target Allocation | Long-Term Expected Rate of Return* |
|---------------------------------------|-------------------|------------------------------------|
| Fixed Income                          | 25.00%            | 5.00%                              |
| U.S. Large Stocks                     | 34.00%            | 9.00%                              |
| U.S. Mid Stocks                       | 8.00%             | 12.00%                             |
| U.S. Small Stocks                     | 3.00%             | 15.00%                             |
| International Developed Market Stocks | 15.00%            | 11.00%                             |
| International Emerging Market Stocks  | 3.00%             | 16.00%                             |
| Real Estate                           | 10.00%            | 7.50%                              |
| Cash                                  | 2.00%             | 1.50%                              |
| <b>Total</b>                          | <b>100.00%</b>    |                                    |

\*Includes assumed rate of inflation of 2.50%

#### Discount Rate

The discount rate used to measure the total pension liability was the long term rate of return, 8.00%. The projection of cash flows used to determine the discount rate assumed that the plan member contributions will be made at the current contribution rate and that the employer contributions will be made in accordance with the funding policy adopted by the ERS Board of Control. Based on those

assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Changes in Net Pension Liability

|   | Total Pension Liability<br>(a) | Increase (Decrease)                |                                  |
|---|--------------------------------|------------------------------------|----------------------------------|
|   |                                | Plan Fiduciary Net<br>Position (b) | Net Pension Liability<br>(a)-(b) |
| <b>Balance at September 30, 2014</b>                          | \$ 48,737,965                  | \$ 1,383,525                       | \$ 47,354,440                    |
| Changes for the year:   |                                |                                    |                                  |
| Service cost  | 46,380                         | -                                  | 46,380                           |
| Interest  | 3,678,959                      | -                                  | 3,678,959                        |
| Differences between expected and actual experience            | 264,685                        | -                                  | 264,685                          |
| Contributions - employer                                      | -                              | 4,159,117                          | (4,159,117)                      |
| Contributions - employees                                     | -                              | 104,131                            | (104,131)                        |
| Net Investment Income   | -                              | 9,066                              | (9,066)                          |
| Benefit payments, including refunds of employee contributions | (5,501,945)                    | (5,501,945)                        | -                                |
| Administrative expense  | -                              | -                                  | -                                |
| Transfers among employers                                     | -                              | -                                  | -                                |
| Net changes   | (1,511,921)                    | (1,229,631)                        | (282,290)                        |
| <b>Balance at September 30, 2015</b>                          | <b>\$ 47,226,044</b>           | <b>\$ 153,894</b>                  | <b>\$ 47,072,150</b>             |

#### Sensitivity of the System's proportionate share of the net pension liability to changes in the discount rate

The following table presents the University's proportionate share of the net pension liability calculated using the discount rate of 8.00% as well as what the University's proportionate share of the net pension

liability would be if it were calculated using a discount rate that is one percentage point lower (7.00%) or one percentage point higher (9.00%) than the current rate:

|  | 1.00% Decrease<br>(7.00%) | Current Discount<br>Rate (8.00%) | 1.00% Increase<br>(9.00%) |
|--|---------------------------|----------------------------------|---------------------------|
| Employers' proportionate share of the collective net pension liability | \$ 50,033,419             | \$ 47,072,150                    | \$ 44,462,681             |

The amounts presented and disclosed in the financial statements as of September 30, 2016 related to pension activity in accordance with GASB Statement No. 68 were based upon the best available information at the valuation date. Subsequent to the valuation date, the Retirement Systems of Alabama completed experience studies for both the Teachers' Retirement System (TRS) and the Employees' Retirement System (ERS). As a result, certain assumptions (including the mortality rates and the discount rate) will likely change for future valuations of the pension liabilities. This could result in a significant increase in the pension liabilities recorded by the University in fiscal year 2017.

**Pension plan fiduciary net position:** Detailed information about the pension plan's fiduciary net position is available in the separately issued RSA Comprehensive Annual Report for the fiscal years ended

September 30, 2015 and 2014. The supporting actuarial information is included in the GASB Statement No. 68 Report for the ERS prepared as of September 30, 2015 and 2014. The auditor's report dated October 17, 2016, and June 3, 2015, respectively, on the Schedule of Changes in Fiduciary Net Position by Employer and accompanying notes is also available. The additional financial and actuarial information is available at [www.rsa-al.gov](http://www.rsa-al.gov).

For the year ended September 30, 2016 and 2015, the University recognized pension expense of \$3,813,090 and \$3,535,872, respectively. At September 30, 2016, the University reported deferred outflows of resources and deferred inflows of resources related to pensions of the following sources:

|  | Deferred Outflows<br>of Resources | Deferred Inflows<br>of Resources |
|--|-----------------------------------|----------------------------------|
| Differences between expected and actual experience                               | \$ -                              | \$ -                             |
| Changes of assumptions   | -                                 | -                                |
| Net difference between projected and actual earnings on pension plan investments | -                                 | 24,593                           |
| Employer contributions subsequent to the measurement date                        | <u>5,709,400</u>                  | <u>-</u>                         |
| <b>Total</b>   | <b>\$ <u>5,709,400</u></b>        | <b>\$ <u>24,593</u></b>          |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in compensation and benefits expense as follows:

| Year Ending September 30: |            |
|---------------------------|------------|
| 2017                      | \$ (6,148) |
| 2018                      | (6,148)    |
| 2019                      | (6,148)    |
| 2020                      | (6,149)    |
| 2021                      | -          |
| Thereafter                | -          |

|   | Pension Expense            |
|---|----------------------------|
| Service Cost  | \$ 46,380                  |
| Interest on the total pension liability   | 3,678,959                  |
| Current-period benefit changes  | -                          |
| Expensed portion of current-period difference between expected and actual experience in total pension liability | 264,685                    |
| Expense portion of current-period changes of assumptions  | -                          |
| Member contributions  | (104,131)                  |
| Projected earnings on plan investments  | (61,134)                   |
| Expensed portion of current-period differences between actual and projected earnings on plan investments        | 10,414                     |
| Transfers among employers   | -                          |
| Recognition of beginning deferred outflows of resources as pension expense                                      | -                          |
| Recognition of beginning deferred inflows of resources as pension expense                                       | <u>(22,083)</u>            |
| <b>Pension Expense (Income)</b>   | <b>\$ <u>3,813,090</u></b> |

### C. Tax Deferred Annuity Plans

This plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code. Accordingly, benefits depend solely on amounts contributed to the plan plus investment earnings. This is provided as a supplement to the aforementioned programs. All full-time regular or probationary employees are eligible to participate. Full-time temporary employees are also eligible if their employment period is for a minimum of one year. The University will match 100.0% of elective deferral contributions up to 5.0% of the employee's plan compensation. The matching contributions cannot exceed \$1,650 for any plan year (calendar year). An employee enrolling in one of the University's tax deferred annuity plans will not vest in the University's matching portion until he/she has completed five years of full-time continuous service. Upon the employee's completion of the five year requirement, the University's matching contribution and interest earned will be vested to the participant. Nonparticipating employees with continuous service will be given credit toward the five year requirement upon joining the tax deferred annuity program. The total investment in the annuities is determined by Section 403(b). There are several investment options including fixed and variable annuities and mutual funds. The University-approved investment firms employees may select are Valic, TIAA-CREF, Fidelity Investments and Lincoln Financial. At September 30, 2016 and 2015, 3,446 and 3,381 employees, respectively, participated in the tax deferred annuity program. The contribution for 2016 was \$20,721,371 which includes \$5,021,626 from the University and \$15,699,745 from its employees. The contribution for 2015 was \$20,314,942, which includes \$5,002,639 from the University and \$15,312,303 from its employees.

Total salaries and wages during the fiscal year for covered employees participating in the plan were \$259,097,850 and \$251,370,027 for the fiscal years ended September 30, 2016 and 2015, respectively.

### D. Deferred Compensation Plans

The University follows the provisions of GASB Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans-a rescission of GASB Statement No. 2 and an amendment of GASB Statement No. 31*. As of September 30, 2016 and 2015, 228 and 218 employees, respectively, participated in the plans. Contributions of \$2,770,515 and \$2,695,269 for fiscal years 2016 and 2015, respectively, were funded by employees and no employer contribution was funded. The University approved investment firms for 457(b) include Valic, TIAA-CREF and Fidelity Investments.

### (12) OTHER POSTEMPLOYMENT BENEFITS (OPEB)

The University offers postemployment health care benefits to all employees who officially retire from the University. Health care benefits are offered through the State of Alabama Public Education Employees Health Insurance Plan (PEEHIP) with TRS or the University's self-insured Retiree Medical Plan (the Plan), which is available for select employees who are not eligible for PEEHIP or those who were grandfathered in as Civil Service employees. Eligibility for benefits for Tier 1 employees begins at age 60 with at least ten years of service or at any age with 25 years of service. For Tier 2 employees, eligibility begins at age 62 with at least ten years of service. Retirees must have been enrolled in the active employees' health care plan for the last six of those years in order to be eligible for coverage under the plan.

The University applies GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postretirement Benefits Other than Pensions*. This statement requires governmental entities to recognize and match other post-retirement benefit costs with related services received and also to provide information regarding the actuarially calculated liability and funding level of the benefits associated with past services.

### A. State of Alabama Public Education Employees Health Insurance Plan (PEEHIP)

Alabama Retired Education Employees' Health Care Trust is a cost-sharing multiple-employer defined benefit health care plan administered by the Public Education Employees' Health Insurance Board (PEEHIB). PEEHIP offers a basic hospital/medical plan that provides basic medical coverage for up to 365 days of care during each hospital confinement. The basic hospital/medical plan also provides for physicians benefits, outpatient care, prescription drugs, and mental health benefits.

The Code of Alabama 1975, Section 16-25A-4 provides the PEEHIB with the authority to amend the benefit provisions for the plan, and Section 16-25A-8 provides the authority to set the contribution for retirees and employers.

The required contribution rate of the employer was \$399 and \$370 per employee per month in the years ended September 30, 2016 and 2015, respectively. The University paid \$11,141,386 and \$10,088,354 for 2,327 and 2,255 retirees for the years ended September 30, 2016 and 2015, respectively. 100% of the required contributions were paid to PEEHIP. The required contribution rate is determined by PEEHIP in accordance with state statute.

The required monthly contribution rates for fiscal year 2016 are as follows:  
**Retired Member Rates**

- Individual Coverage/Non-Medicare Eligible - \$151.00
- Family Coverage/Non-Medicare Eligible Retired Member and Non-Medicare Eligible Non-spousal Dependent(s) - \$391.00
- Family Coverage/Non-Medicare Eligible Retired Member and Non-Medicare Eligible Dependent(s) with Non-Medicare Eligible Spouse - \$416.00
- Family Coverage/Non-Medicare Eligible Retired Member and Non-spousal Dependent Medicare Eligible - \$250.00
- Family Coverage/Non-Medicare Eligible Retired Member and Spouse Dependent Medicare Eligible - \$260.00
- Individual Coverage/Medicare Eligible Retired Member - \$10.00
- Family Coverage/Medicare Eligible Retired Member and Non-Medicare Eligible Dependent(s) - No Spouse - \$250.00
- Family Coverage/Medicare Eligible Retired Member and Non-Medicare Eligible Dependent(s) with Non-Medicare Eligible Spouse - \$275.00
- Family Coverage/Medicare Eligible Retired Member and Non-spousal Dependent Medicare Eligible - \$109.00
- Family Coverage/Medicare Eligible Retired Member and Spousal Dependent Medicare Eligible - \$119.00
- Tobacco surcharge - \$50.00 per month
- PEEHIP Supplemental Plan - \$0
- Optional Plans (Hospital Indemnity, Cancer, Dental, Vision) - up to two optional plans can be taken by retirees at no cost if the retiree is not also enrolled in one of the Hospital Medical Plans. Otherwise, they can purchase the Optional Plans at the normal monthly rate of \$38.00 or \$50.00 for family dental.

Members who retired on or after October 1, 2005, and before January 1, 2012, pay two percent of the employer premium for each year under 25 years of service, and for each year over 25 years of service, the retiree premium is reduced by two percent.

Employees who retire on or after January 1, 2012, with less than 25 years of service, are required to pay 4% for each year under 25 years of service. Additionally, non-Medicare eligible employees who retire on or after January 1, 2012, are required to pay 1% more for each year less than 65 (age premium) and to pay the net difference between the active employee subsidy and the non-Medicare eligible retiree subsidy (subsidy premium). When the retiree becomes Medicare eligible, the age and subsidy premium will no longer apply. However, the years of service premium (if applicable to the retiree) will continue to be applied throughout retirement. These changes are being phased in over a five year period.

### Surviving Spouse Rates

- Surviving Spouse Non-Medicare Eligible - \$740.00
- Surviving Spouse Non-Medicare Eligible and Dependent Non-Medicare Eligible - \$987.00
- Surviving Spouse Non-Medicare Eligible and Dependent Medicare Eligible - \$1,033.00
- Surviving Spouse Medicare Eligible - \$425.00
- Surviving Spouse Medicare Eligible and Dependent Non-Medicare Eligible - \$679.00
- Surviving Spouse Medicare Eligible and Dependent Medicare Eligible - \$725.00

The complete financial report for PEEHIP can be obtained on the PEEHIP website at <http://www.rsa-al.gov/PEEHIP/peehip.html> under the Trust Fund Financials tab and will be available at the end of January 2017.

### B. Retiree Medical Plan (the Plan)

The Plan is considered a single-employer plan and consists of hospital benefits, major medical benefits, a prescription drug program and a preferred care program. The health care benefits cover medical and hospitalization costs for retirees and their dependents. If the retiree is eligible for Medicare, University coverage is secondary. The authority under which the Plan's benefit provisions are established or amended is the University President. Recommendations for modifications are brought to the President by the Insurance and Benefits Committee. Any amendments to the obligations of the plan members or employer(s) to contribute to the plan are brought forth by the Insurance and Benefits Committee and approved by the President.

Employees included in the actuarial valuation include retirees and survivors, active eligible Civil Service employees and those retirees who elected the PEEHIP plan on or prior to October 1, 1997 for whom the University pays a subsidy. Expenditures for postretirement health care benefits are recognized monthly and financed on a pay-as-you-go basis. The University funds approximately 60% of the postretirement healthcare premiums, which totaled \$858,332 and \$863,203 for fiscal years ended September 30, 2016 and 2015, respectively. The retirees are responsible for funding approximately 40% of the healthcare premiums.

In compliance with the provisions of GASB Statement No. 45, the University accrued an additional \$1,348,034 and \$1,772,580 in retiree healthcare expense during fiscal years 2016 and 2015, respectively.

The Plan does not issue a stand-alone financial report. For inquiries relating to the Plan, please contact Auburn University Payroll and Employee Benefits, 1550 East Glenn Avenue, Auburn University, Alabama 36849.

The required schedule of funding progress, contained in the Required Supplemental Information immediately following the divisional financial statements (see page 86), presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

### Determination of Annual Required Contribution (ARC) and End of Year Accrual for Retiree Medical Plan

| Cost Element  | Fiscal Year Ended September 30, 2016 |                                 |
|---|--------------------------------------|---------------------------------|
|   | Amount                               | Percent of Payroll <sup>1</sup> |
| 1. Unfunded actuarial accrued liability at October 1, 2015  | \$ 62,824,140                        | 2,865.5%                        |
| <b>Annual Required Contribution (ARC)</b>   |                                      |                                 |
| 2. Normal cost  | \$ -                                 |                                 |
| 3. Amortization of the unfunded actuarial accrued liability over 15 years using level dollar amortization | 4,827,477                            |                                 |
| 4. Annual Required Contribution (ARC = 2 + 3)   | <u>\$ 4,827,477</u>                  | 220.2%                          |
| <b>Annual OPEB Cost (Expense)</b>   |                                      |                                 |
| 5. ARC  | \$ 4,827,477                         |                                 |
| 6. Interest on beginning of year accrual  | 360,102                              |                                 |
| 7. Adjustment to ARC  | <u>(1,373,780)</u>                   |                                 |
| 8. Fiscal year 2016 OPEB cost (5 + 6 + 7)   | <u>\$ 3,813,799</u>                  | 173.9%                          |
| <b>End of Year Accrual (Net OPEB Obligation)<sup>2</sup></b>  |                                      |                                 |
| 9. Beginning of year accrual <sup>1</sup>   | \$ 18,005,098                        |                                 |
| 10. Annual OPEB cost  | 3,813,799                            |                                 |
| 11. Employer contribution (benefit payments) <sup>2</sup>   | <u>(2,465,765)</u>                   |                                 |
| 12. End of year CAFR accrual (9 + 10 + 11) <sup>2</sup>   | <u>\$ 19,353,132</u>                 | 882.7%                          |

<sup>1</sup> Annual payroll for 20 participants as of September 30, 2016, was \$1,847,780.

<sup>2</sup> Actual amounts paid in fiscal year 2016 include claim costs, administrative fees, and PEEHIP subsidy less participant contributions.

### Three Year Schedule of Percentage of OPEB Cost Contributed

| Fiscal Year Ended  | Annual OPEB Cost | Percentage of OPEB Cost Contributed <sup>3</sup> | Net OPEB Obligation |
|--------------------|------------------|--|---------------------|
| September 30, 2014 | \$ 4,172,525     | 60.0%  | \$ 16,232,518       |
| September 30, 2015 | \$ 4,315,892     | 58.9%  | \$ 18,005,098       |
| September 30, 2016 | \$ 3,813,799     | 64.7%  | \$ 19,353,132       |

<sup>3</sup> Cost Contributed is shown in the "Determination of Annual Required contribution and End of Year Accrual."

### Summary of Key Actuarial Methods and Assumptions

|   |  |
|---|--|
| <b>Valuation year</b>   | October 1, 2015 – September 30, 2016   |
| <b>Actuarial cost method</b>  | Unit Credit, Actuarial Cost Method   |
| <b>Amortization method</b>  | 15 years, level dollar open amortization <sup>4</sup>  |
| <b>Asset valuation method</b>   | Not applicable   |
| <b>Discount rate</b>  | 2.0%   |
| <b>Projected payroll growth rate</b>                                  | Not applicable   |
| <b>Health care cost trend rate for medical and prescription drugs</b> | 9.0% in fiscal year 2017, decreasing by one-half percentage point per year to an ultimate of 5.0% in fiscal year 2025 and later. |
| <b>Valuation Date</b>   | October 1, 2015  |

<sup>4</sup> Open amortization means a fresh-start each year for the cumulative unrecognized amount.

**Monthly Per Capita Claim Costs**

| <u>Age</u> | <u>Medical</u> |
|------------|----------------|
| 55         | \$748          |
| 60         | \$897          |
| 65         | \$364          |
| 70         | \$404          |
| 75         | \$430          |

Claim costs were increased by 1.99% over last year based on a weighted average of benefit plan premiums. Future claim costs are increased by health care cost trend.

**Retiree Premiums**

Non-smoking retirees not eligible to participate in PEEHIP contribute 40%, surviving spouses and retirees who decline to participate pay 100%, and smokers pay an additional \$20 of the monthly premiums shown below:

|                | <u>As of 1/1/16</u> | <u>As of 1/1/15</u> |
|----------------|---------------------|---------------------|
| Pre-65 Single  | \$491               | \$481               |
| Pre-65 Family  | \$1,105             | \$1,083             |
| Post-65 Single | \$159               | \$156               |
| Post-65 Family | \$772               | \$757               |

Note: There are several other categories of premiums.

**Administrative Expenses**

Included in claim cost.

**Assumed Health Care Trend Rate**

| <u>Fiscal Year</u> | <u>Medical and Rx Combined Rate</u> |
|--------------------|-------------------------------------|
| 2017               | 9.0%                                |
| 2018               | 8.5%                                |
| 2019               | 8.0%                                |
| 2020               | 7.5%                                |
| 2021               | 7.0%                                |
| 2022               | 6.5%                                |
| 2023               | 6.0%                                |
| 2024               | 5.5%                                |
| 2025+              | 5.0%                                |

**Spouse Age Difference**

Husbands are assumed to be three years older than wives for current and future retirees who are married.

**Mortality**

RP-2014 Combined Mortality Fully Generational Projected using Projection Scale MP-2015.

**Participation Rates**

100% of active employees are assumed to elect postretirement health insurance coverage upon retirement.

**Retirement Rates**

Employees are assumed to retire according to the following schedule:

| <u>Age</u> | <u>Retirement Rate</u> |
|------------|------------------------|
| 45 or less | 0%                     |
| 46 - 49    | 1%                     |
| 50 - 51    | 2%                     |
| 52 - 54    | 3%                     |
| 55         | 10%                    |
| 56 - 59    | 8%                     |
| 60         | 20%                    |
| 61         | 15%                    |
| 62         | 25%                    |
| 63 - 64    | 20%                    |
| 65         | 40%                    |
| 66 - 69    | 30%                    |
| 70 - 74    | 75%                    |
| 75+        | 100%                   |

**Withdrawal Rates** None assumed since all are long service Civil Service employees.

**Disability Rates** Sample rates are shown below, percent assumed to terminate within one year:

| <u>Age</u> | <u>Male</u> | <u>Female</u> |
|------------|-------------|---------------|
| 25         | 0.06%       | 0.09%         |
| 30         | 0.08%       | 0.12%         |
| 35         | 0.17%       | 0.24%         |
| 40         | 0.30%       | 0.41%         |
| 45         | 0.54%       | 0.65%         |
| 50         | 0.98%       | 0.98%         |
| 55         | 1.50%       | 1.50%         |

**Impact of Healthcare Reform** The provisions of Healthcare Reform are expected to increase costs by 2.42% on a discounted basis. The unlimited lifetime maximum, removal of limitations on preventive care and coverage of eligible dependents to age 26 are reflected in the claim costs. The Cadillac Plan excise tax is expected to increase costs by \$4.5 million. There is not any cost impact for retirees who have elected PEEHIP.

### (13) SELF INSURANCE PROGRAMS AND OTHER LIABILITIES

#### Self Insurance

An actuarially determined rate is used to provide funding for retained risk in the University's self-insurance program. The self-insurance reserves, liabilities and related assets are included in the accompanying financial statements. The estimated liability for general liability and on-the-job injury self-insurance is actuarially determined. These self-insured programs are supplemented with commercial excess insurance.

The Comprehensive General Liability Trust Fund is a self-insured retention program that protects the University, its faculty, staff and volunteers against claims brought by third parties arising from bodily injury, property damage and personal liability (libel, slander, etc.). Funds are held in a separate trust account with a financial institution to be used to pay claims for which the University may become legally liable. The liability at September 30, 2016 and 2015, was \$421,124 and \$430,623, respectively. These amounts are included in other noncurrent liabilities on the Statements of Net Position.

The On-The-Job-Injury program provides benefits for job-related injuries or death resulting from work at the University. This program is designed to cover out-of-pocket expenses of any employee who is not covered by insurance. The program will also pay for medically evidenced disability claims and provide death benefits arising from a job-related death of an employee. This self-funded program is provided to employees since the University is not subject to the workers' compensation laws of the State of Alabama. The liability at September 30, 2016 and 2015, was \$3,387,318 and \$3,041,613, respectively. These amounts are included in other noncurrent liabilities on the Statements of Net Position.

The University self-insures its health insurance program for all eligible employees. Assets have been set aside to fund the related claims of this program. Should the assets be insufficient to pay the insurance claims, the University would be liable for such claims. The accompanying

Statements of Net Position include a self-insurance liability for health insurance as of September 30, 2016 and 2015, of \$11,097,272 and \$7,923,758, respectively. These amounts are included in accounts payable and other accrued liabilities on the Statements of Net Position.

#### Other Liabilities

Other liabilities include compensated absences, deposits held in custody and unearned revenues. The University allows employees to accrue and carryover annual and sick leave up to certain maximum amounts depending on years of service. Employees will be compensated for accrued annual leave at time of separation from University employment (termination or retirement) up to a maximum of one month's additional compensation. All eligible employees hired before October 1, 1990, may be compensated for unused sick leave at the rate of 25% of their respective balances, subject to a maximum of one month's additional compensation. The liability for compensated absences was \$19,552,096 and \$19,023,576 at September 30, 2016 and 2015, respectively.

Deposits held in custody include the portion of the Federal Perkins Student Loan funds and Health Professions Student Loans which would be refunded in the event the University ceased operations. The refundable amounts were \$16,254,022 and \$16,077,804 at September 30, 2016 and 2015, respectively. Also included in deposits held in custody of others are the agency funds. These amounts totaled \$6,592,003 and \$4,026,721 for September 30, 2016 and 2015, respectively. The remaining difference relates to immaterial rental deposits.

Unearned revenue includes tuition revenue related to the portion of fall semester subsequent to September 30, funding received for contracts and grants which has not been expended as of September 30, as well as athletic revenue related to games played subsequent to September 30. Unearned revenues at September 30, 2016 and 2015, are as follows:

|   | 2016                  | 2015                  |
|---|-----------------------|-----------------------|
| Tuition and fees, net   | \$ 155,058,659        | \$ 144,787,084        |
| Federal, state and local government grants and contracts, net | 10,872,112            | 8,818,782             |
| Auxiliary, net  | 30,958,937            | 45,455,323            |
| Plant   | <u>474,828</u>        | <u>490,656</u>        |
| Total unearned revenue  | <u>\$ 197,364,536</u> | <u>\$ 199,551,845</u> |

### **Pollution Remediation Obligations**

The University follows GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, which requires recognition of liabilities, recoveries, and related disclosures, as appropriate.

The University conducts groundwater monitoring, monitored natural attenuation and clean-up in accordance with the Resource Conservation and Recovery Act (RCRA) and the Toxic Substances and Control Act. Additionally, asbestos abatement is necessary as older buildings on campus are demolished or renovated. During fiscal year 2011, the University, with the assistance of an outside consultant, prepared a 30-year Post Closure Cost Estimate related to all active and inactive solid waste management units managed through the University RCRA Facility permit.

As of September 30, 2016 and 2015, the total estimated pollution remediation liability (estimated using the expected cash-flow technique) is \$7,017,240 and \$7,003,258, respectively. The current portion of this amount (\$282,930 and \$348,948, respectively)

is included in other accrued liabilities and the long-term portion (\$6,734,310 and \$6,654,310, respectively) is included in other noncurrent liabilities in the accompanying Statements of Net Position. This estimate may change in future periods as additional information is obtained. The University does not expect to recover any funds from insurance or other third parties related to these obligations.

### **(14) DEFERRED INFLOWS OF RESOURCES**

Deferred inflows of resources are an acquisition of net assets that are applicable to a future reporting period. The University engages in certain voluntary nonexchange transactions (grants). Grant funds received for which all eligibility requirements have been met, other than time requirements, are presented as deferred inflows of resources in accordance with the adoption of GASB Statements No. 63 and No. 65. Additionally, in accordance with GASB Statement No. 68, which the University adopted in fiscal year 2015, the University's proportionate share of the net difference between projected and actual earnings on pension plan investments is presented as a deferred inflow of resources. Deferred inflows of resources are summarized below:

|                          | <b>September 30, 2016</b> | <b>September 30, 2015</b> |
|--------------------------|---------------------------|---------------------------|
| Nonexchange transactions | \$ 281,953                | \$ 206,159                |
| Pension                  | 3,407,593                 | 39,307,330                |
| Total deferred inflows   | <u>\$ 3,689,546</u>       | <u>\$ 39,513,489</u>      |

### **(15) CONTRACTS AND GRANTS**

The University has been awarded approximately \$4.3 million and \$14.3 million in contracts and grants that have not been received or expended as of September 30, 2016 and 2015, respectively. These awards, which represent commitments of sponsors to provide funds for research and training projects, have not been reflected in the financial statements.

### **(17) CONSTRUCTION COMMITMENTS AND FINANCING**

The University has entered into projects for the construction and renovation of various facilities that are estimated to cost approximately \$442.6 million. At September 30, 2016, the estimated remaining cost to complete the projects is approximately \$221.9 million which will be funded from University funds and bond proceeds.

### **(16) RECOVERY OF FACILITIES AND ADMINISTRATIVE COST FOR SPONSORED PROGRAMS**

The portion of revenue recognized for all grants and contracts that represent facilities and administrative cost recovery is recognized on the Statements of Revenues, Expenses and Changes in Net Position within contract and grant operating revenues. The University recognized \$16,566,978 and \$17,276,028 in facilities and administrative cost recovery for the years ended September 30, 2016 and 2015, respectively.

## (18) OPERATING EXPENSES BY FUNCTION

Operating expenses by functional classification for the years ended September 30, 2016 and 2015, are listed below. In preparing the financial statements, all significant transactions and balances between auxiliary units and other funds have been eliminated. Some scholarships and fellowships are provided by the instruction or research function and

are broken out in the charts below. In addition, the graduate waivers are shown as compensation; however, they are shown functionally as scholarship and fellowship expense. The University is able to capture auxiliary utility expenditures; therefore, those expenditures are shown separately by function.

### September 30, 2016

|                              | Compensation and Benefits | Scholarships and Fellowships | Utilities            | Other Supplies and Services | Depreciation         | Total                   |
|------------------------------|---------------------------|------------------------------|----------------------|-----------------------------|----------------------|-------------------------|
| Instruction                  | \$ 234,123,099            | \$ 577,083                   | \$ -                 | \$ 35,390,424               | \$ -                 | \$ 270,090,606          |
| Research                     | 69,693,294                | 1,971,142                    | 23,956               | 38,432,245                  | -                    | 110,120,637             |

## (19) CONTINGENT LIABILITIES

The University is a party in various legal actions and administrative proceedings arising in the normal course of its operations. Management does not believe that the outcome of these actions will have a material adverse effect on the University's financial position.

or expended by AUF for the benefit of University schools, colleges, or programs; or in the case of endowments, invested with only the earnings transferred to or expended for the University's benefit. Amounts transferred to the University or expended on behalf of its programs are reported as "Total program services" in the Consolidated Statement of Activities and Changes in Net Assets.

## (20) RELATED PARTY TRANSACTIONS

### Auburn University Foundation

AUF exists to raise and administer private gifts for the benefit of the University. The majority of funds, which AUF raises, are restricted by the donor for specific schools, colleges, or programs of the University. These may be immediately transferred to the University or one of its institutionally-related foundations for its use; held within AUF's temporarily restricted funds to be either transferred to the University

AUF and the University jointly conduct development and related operations through the Office of the University's Vice President for Development pursuant to a Services and Facilities Agreement (the Agreement), which states that the University will provide to AUF services, which primarily consist of all personnel and certain other administrative support and facilities. During the year, actual costs may be paid by either AUF or the University. AUF periodically compares

actual costs to allocable costs pursuant to the Agreement and settles any differences by a transfer between the organizations. AUF and the University review the agreement at least annually and an estimate of the consideration to be paid for the upcoming year is approved annually by the AUF Board.

The University has entered into an agreement whereby the AUF Investment Committee manages the University's endowment and is compensated by a management fee.

AUF payments to/receipts from the University pursuant to these agreements for the years ended September 30, 2016 and 2015 are as follows:

|  | 2016                | 2015                |
|--|---------------------|---------------------|
| Services and facilities costs paid by AUF                              | \$ 4,114,015        | \$ 5,067,895        |
| AUF's allocable costs pursuant to the Agreement                        | <u>2,994,830</u>    | <u>2,989,178</u>    |
| Net settlement from the University                                     | <u>\$ 1,119,185</u> | <u>\$ 2,078,717</u> |
| Endowment management fee received from the University                  | \$ 1,970,143        | \$ 1,894,331        |
| Payments to the University Athletic Ticket Office for ticket purchases | \$ 124,425          | \$ 125,390          |

AUREFI has an agreement with the University to provide certain services and facilities. Related payments to the University for the years ended September 30, 2016 and 2015 are as follows:

|  | 2016      | 2015      |
|--|-----------|-----------|
| AUREFI costs pursuant to the Agreement | \$ 80,409 | \$ 71,863 |

The Association does not maintain endowments, but instead establishes endowments in AUF, which are administered in the investment pool. AUF holds and invests funds from the Association's Life Membership program and annually makes distributions from these investments directly to the Association. In addition, the Association has a

commitment to match funds for scholarship endowments previously established with certain specific guidelines. The Association makes grants quarterly to match payments received by AUF for these endowments. Information relating to the Association as of and for the years ended September 30, 2016 and 2015 is as follows:

|   | 2016         | 2015         |
|---|--------------|--------------|
| Pooled investments held by AUF (the Association Life Membership)          | \$ 8,541,039 | \$ 8,210,325 |
| Amounts distributed from investments, net of administrative fee           | \$ 320,433   | \$ 311,970   |
| Amounts due from the Association for scholarship matching program         | \$ 420,994   | \$ 639,500   |
| Grants from the Association for scholarship matching and other endowments | \$ 181,187   | \$ 1,702,647 |

AUF holds TUF endowment funds and invests these funds in AUF's pooled investments. AUF annually distributes TUF endowment earnings either to TUF or directly to the University on behalf of TUF based on the

spending policy. In addition, AUF participates in the TUF athletic priority system each year in order to obtain tickets and suites for the cultivation, solicitation, and stewardship of contributors.

Information relating to TUF as of and for the years ended September 30, 2016 and 2015 is as follows:

|   | 2016         | 2015         |
|---|--------------|--------------|
| Pooled investments held by AUF                                  | \$ 8,398,825 | \$ 8,047,688 |
| Amounts distributed from investments, net of administrative fee | \$ 309,709   | \$ 298,464   |
| Athletic priority system payments                               | \$ 366,185   | \$ 384,926   |

### Auburn Alumni Association

The Association, AUF, Auburn University Offices of Alumni and Development and their related support units jointly utilize operational facilities, personnel and other assets in order to effectively and efficiently carry out their required activities. All personnel are employed by the University and their services are provided to the other organizations under contractual agreements.

Expenditures are analyzed periodically and, based on each entity's utilization of the facilities, supplies and services, any necessary reimbursements are made among the organizations. In the Statements

of Activities, amounts received by the Operating Fund from other organizations are used to offset the related expenses. The Executive Director of the Association is an employee of the University, providing services to the Association under a services and facilities contract. The Executive Director also serves as the Vice President for Alumni Affairs for the University.

A portion of the Association's investments have been pooled with AUF investments and are invested and managed by AUF. Cash receipts and disbursements records of the Association are maintained within the University's accounting system.

During the years ended September 30, 2016 and 2015, the Association had a salary reimbursement expense of \$1,180,593 and \$1,135,273, respectively, to the University under the service and facilities agreement. These amounts were fully paid at September 30, 2016 and September 30, 2015, respectively.

Rental income recorded by the Association from the University totaled \$366,914 and \$374,361, respectively, for the years ended September 30, 2016 and 2015. Rental income recorded by the Association from AUF totaled \$1,370 and \$1,150 for the years ended September 30, 2016 and 2015, respectively. The University and AUF also paid the Association \$68,212 and \$5,177, respectively for shared alumni center building expenses for the fiscal year ended September 30, 2016. For the fiscal year ended September 30, 2015, these amounts were \$62,008 and \$4,994, respectively.

During the years ended September 30, 2016 and 2015, the University provided for its share of alumni affairs activities costs by establishing a budget within the University's budgetary system. The alumni affairs activities costs were \$801,910 and \$640,000 for the years ended September 30, 2016 and 2015, respectively.

During the years ended September 30, 2016 and 2015, the Association paid the University \$19,300 and \$19,301 for Alumni Accounting office space at the East Glenn Administrative Complex.

During the years ended September 30, 2016 and 2015, the Association contributed \$154,533 and \$166,920, respectively, to the Auburn Alumni Association Endowment for Scholarships held with AUF. The Association also contributed \$25,806 and \$1,124,810 to various AUF scholarship funds and \$58,463 and \$104,840 to various University scholarship funds during fiscal years 2016 and 2015, respectively.

During the year ended September 30, 2015, the Alumni Association Board approved a fundraising program called the Million Dollar Match program in an effort to increase new alumni donor scholarship endowments. In the year ended September 30, 2016, the Association paid \$218,506 toward qualifying endowments; leaving \$420,994 as a payable to AUF. In fiscal year 2015, the Association paid \$460,500 toward qualifying endowments; leaving \$639,500 as a payable to AUF.

#### **Tigers Unlimited Foundation**

The funds that TUF raises are restricted for athletic-related programs of the University. These may be transferred to the University for its use, expended for the benefit of athletic programs or, in the case of endowments, invested according to donor restriction with the earnings thereon transferred to or expended for the University's benefit. Amounts transferred to the University or expended on behalf of its programs totaled \$32,955,883 and \$34,401,547 during the years ended June 30, 2016 and 2015, respectively. Included in these amounts are current year accruals of severance payments due to terminated employees totaling \$98,833 and \$3,144,565, respectively.

TUF and the University operate pursuant to an operating agreement (the TUF Agreement), which addresses the financial relationships between these two entities. In summary, the TUF Agreement states that the University will provide certain services and facilities to TUF, which primarily consist of personnel and other administrative support. TUF shall pay to the University an amount equal to the compensation of University employees for services performed and reimbursement for space and property utilized by such employees, in an amount to be

specifically approved by TUF's Board of Directors each year. The TUF Agreement commenced on July 1, 2007, and expired on July 1, 2008, but remains in force in subsequent years unless cancelled in writing by one of the parties.

During the years ended June 30, 2016 and 2015, the University incurred obligations of \$554,570 and \$533,945, respectively, to TUF for the use of executive suites at University athletic events. Of this amount, \$549,450 and \$528,825, respectively, is recorded as public support-contributions revenue and \$5,120 is recorded as other revenue on the Statements of Activities and Changes in Net Assets.

During the years ended June 30, 2016 and 2015, AUF incurred obligations of \$147,325 and \$140,261, respectively, to TUF for amenities related to the use of the executive suites at University athletic events. This amount is recorded as other revenue on the Statements of Activities and Changes in Net Assets. AUF paid the 2015 obligation during fiscal year 2015, and it intends to pay the 2016 obligation during fiscal year 2017.

During the years ended June 30, 2016 and 2015, TUF paid the University for normal, recurring expense transactions including, but not limited to, purchasing athletic event tickets, reimbursing athletic staff salaries, sponsoring student scholarships, and funding the debt, repair, maintenance and operations of athletic facilities. At June 30, 2016 and 2015, obligations of \$3,875,247 and \$5,693,143 related to these transactions, respectively, were outstanding. TUF paid the 2015 obligation during fiscal year 2016, and it intends to pay the 2016 obligation during fiscal year 2017.

As indicated, the above TUF balances are as of June 30, 2016 and 2015; however, the University believes these figures are not materially different than September 30, 2016 and 2015, respectively.

#### **Auburn Research and Technology Foundation**

Although ARTF is separate and independent from the University, its mission is to facilitate the acquisition, construction and equipping of a technology and research park on the University's campus in order to create new academic and entrepreneurial opportunities for the University's faculty and students. Consideration received by the University from ARTF includes the traditional benefits enjoyed by a University from an affiliated research park, including but not limited to, increased exposure for development and commercialization of the University's intellectual property and technologies, increased research opportunities for the University's students and professors, and heightened exposure within the commercial world of the technological campus offerings. The Vice President for Research and Economic Development of the University serves as the President of ARTF and is a member of the ARTF Board with full voting powers. Contributed services in the amount of approximately \$18,000 and \$17,000 were recognized by ARTF during fiscal year 2016 and 2015, respectively, related to services provided by the Vice President for Research and Economic Development serving as the President of ARTF. ARTF has a consulting agreement with a University temporary employee to serve as the Executive Director of ARTF. Additionally, ARTF's accounting records are maintained as a subsystem within the University's accounting system.

ARTF's Board of Directors includes members who are also members of the VCOM Board of Directors, University Board of Trustees as well as other University employees. A banking relationship exists between ARTF and a financial institution whose President and CEO is a member

of ARTF's Board of Directors who is also a member of the University's Board of Trustees.

ARTF and the University entered into an Operating Agreement (the Agreement), which governs the general and administrative and development financial relationships between these two entities. In summary, the Agreement states that in return for certain services and facilities that are within the capability and control of the University, ARTF will reimburse the University for the cost of such services and facilities. ARTF makes an annual determination of its allocable share of these costs and records the transaction. As discussed below, unpaid amounts at September 30 are included in "Other payable to Auburn University" on the ARTF Statements of Financial Position. ARTF and the University review the Agreement annually and provide an estimate of the maximum consideration to be paid for the upcoming year for approval by the respective boards. The actual reimbursement is determined based on the actual costs incurred. In accordance with the Agreement for fiscal year 2016 and 2015, personnel costs incurred by the University and charged to ARTF were \$323,170 and \$78,389, respectively, of these amounts \$146,549 and \$65,063, respectively was payable at September 30, 2016 and 2015.

ARTF entered into an agreement with the University to market the University's Certification for Aquaculture Professionals (CAP) program. As of September 30, 2016 and 2015, ARTF owed the University \$57,929 and \$6,000, respectively, related to this agreement. ARTF entered into subcontracts with the University to provide services to fulfill ARTF's sponsored project agreements. As of September 30, 2016 and 2015, ARTF owed the University \$19,675 and \$58,593, respectively, related to the subcontracts. ARTF and the University enter into licensing agreements for certain intellectual property. Under the licensing agreements, ARTF owed the University \$40,416 and \$90,149 at September 30, 2016 and 2015, respectively. The University provides certain operating services to ARTF. As of September 30, 2016 and 2015, ARTF owed the University \$10,169 and \$5,293, respectively, related to these services. Additionally, the Foundation shares miscellaneous costs related to office expenses and equipment leases with a University department. Payables to the University for these expenses were \$13,623 and \$607 as of September 30, 2016 and 2015, respectively. All amounts owed to the University are shown in "Other payables to Auburn University" on the ARTF Statements of Financial Position.

The amounts due from the University to ARTF of \$3,361 and \$16,000 at September 30, 2016 and 2015, respectively, related to operating transactions between the University and ARTF. This amount is included in "Accounts receivable" on the ARTF Statements of Financial Position.

ARTF held lease agreements with three University departments in fiscal year 2016 and 2015, whereby the departments leased office space from ARTF. As leasing tenants, the University departments remit a monthly rental fee to ARTF in accordance with their lease agreements. The University paid approximately \$140,000 and \$138,000 in lease costs during fiscal year ended September 30, 2016 and 2015, respectively.

ARTF entered into a contract with the University during fiscal year 2011 to develop and manage a full service business incubator. Revenues of \$154,443 and \$134,755 related to this contract were recognized during fiscal year 2016 and 2015, respectively. As of September 30, 2016 and 2015, the remaining amounts of the contributions of \$81,464 and \$85,906, respectively, are shown in "Deferred revenue" on the

ARTF Statements of Financial Position and will be recognized when the expenditures are incurred.

## **(21) DIRECT LOAN PROGRAM**

The Federal Direct Loan Program (DL) enables an eligible student or parent to obtain a loan directly through the Department of Education. Under DL, files are transmitted via the Federal Common Originator and Disbursement System (COD). Funds are received via G5, a federal website. The Department of Education is responsible for the collection of these loans.

The University's Main Campus disbursed approximately \$138.5 million and \$149.0 million under these programs during the fiscal years ended September 30, 2016 and 2015, respectively. AUM disbursed approximately \$24.6 million and \$25.5 million under these programs during the fiscal years ended September 30, 2016 and 2015, respectively.

## **(22) IMPACT OF RECENTLY ISSUED ACCOUNTING STANDARDS**

Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*, was issued in June 2015. This Statement extends the approach to accounting and financial reporting established in Statement No. 68 to all pensions, with modifications as necessary. It also requires similar disclosures as Statement No. 68, as well as clarifying certain provisions of Statements No. 67 and No. 68. Various provisions of this Statement are effective for fiscal years beginning after June 15, 2016, and fiscal years beginning after June 15, 2015. Earlier application is encouraged. This Statement does not have an effect on the University's financial statements.

Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, was issued in June 2015. This Statement improves financial reporting through enhanced note disclosures and schedules of required supplementary information that will be presented by other postemployment benefit (OPEB) plans that are administered through trusts that meet the specified criteria. It is effective for financial statements for fiscal years beginning after June 15, 2016. Earlier application is encouraged. The University does not believe the adoption of this Statement will have an effect on the University's financial statements.

Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, was issued in June 2015. This Statement addresses accounting and financial reporting for other postemployment benefits (OPEB) that is provided to the employees of state and local governmental employers. It establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. This Statement is effective for fiscal years beginning after June 15, 2017. Earlier application is encouraged. The University is currently evaluating the financial statement impact of this Statement, but expects it will record a material liability and realize a material reduction of its unrestricted net position upon adoption.

Statement No. 77, *Tax Abatement Disclosures*, was issued in August 2015. This Statement requires governments that enter into tax abatement agreements to disclose information about a reporting

government's own tax abatement agreements and those that are entered into by other governments that reduce the reporting government's tax revenues. This Statement is effective for financial statements for periods beginning after December 15, 2015. Earlier application is encouraged. The University does not believe the adoption of this Statement will have an effect on the University's financial statements.

Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, was issued in December 2015. This Statement addresses the scope and applicability of Statement No. 68, Accounting and Financial Reporting for Pensions, regarding pensions provided through certain multiple-employer defined benefit pension plans and to state and local governmental employers whose employees are provided with such pensions. This Statement amends the scope of Statement No. 68 to exclude pensions provided to employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan that meets certain criteria. This Statement establishes requirements for recognition and measurement of pension expense, expenditures, and liabilities; note disclosures; and required supplementary information for pensions that qualify. This Statement is effective for periods beginning after December 15, 2015. Earlier application is encouraged. The University is currently evaluating the financial statement impact of this Statement.

Statement No. 79, *Certain External Investment Pools and Pool Participants*, was issued in December 2015. This Statement establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. This Statement is effective for periods beginning after June 15, 2015, except for certain provisions which are effective for periods beginning after December 15, 2015. Earlier application is encouraged. This Statement does not have an effect on the University's financial statements.

Statement No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*, was issued in January 2016. This Statement amends the blending requirements for the financial statement presentation of all state and local governments to require blending of component units incorporated as not-for-profit corporations in which the primary government is the sole corporate member. This Statement is effective for periods beginning after June 15, 2016. Earlier application is encouraged. The University is currently evaluating the financial statement impact of this Statement.

Statement No. 81, *Irrevocable Split-Interest Agreements*, was issued in March 2016. This Statement requires that a government that receives resources as a result of an irrevocable split-interest agreement recognize assets, liabilities, and deferred inflows of resources at the inception of the agreement. Additionally, the government must recognize revenue when the resources become applicable to the reporting period. This Statement is effective for periods beginning after December 15, 2016, and should be applied retroactively. Earlier application is encouraged. Because most donations to the University are made to the Auburn University Foundation, and not directly to the University, the University does not believe the adoption of this Statement will have a material effect on the University's financial statements.

Statement No. 82, *Pension Issues – an amendment of GASB Statements No. 67, No. 68, and No. 73*, was issued in March 2016. This Statement addresses certain issues that have been raised with regard to 1) the presentation of payroll-related measures in required supplementary information, 2) the selection of assumptions and the treatment of deviations from the guidance in Actuarial Standards of Practice, and 3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. This Statement is effective for periods beginning after June 15, 2016, for most circumstances and for the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017, if the measurement date is other than the most recent fiscal year-end. Earlier application is encouraged. The University is currently evaluating the financial statement impact of this Statement.

Statement No. 83, *Certain Asset Retirement Obligations*, was issued in November 2016. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs), which are legally enforceable liabilities associated with the retirement of a tangible capital asset. It requires that a liability and a corresponding deferred outflow of resources be recognized when the liability is both incurred and reasonably estimable. This estimate should include probability weighting of all potential outcomes when that information is available or can be obtained at reasonable cost; otherwise, the most likely amount should be used. This Statement also requires disclosure of certain information about AROs. This Statement is effective for reporting periods beginning after June 15, 2018. Earlier application is encouraged. The University is currently evaluating the financial statement impact of this Statement.

| <b>Net position - end of year</b>  | \$ 1,380,404,890 | \$ 1,244,732,732 |

\*As discussed in the notes to the financial statements, the University implemented GASB Statement No. 72 and retrospectively adjusted its 2015 Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position for this accounting change. Accordingly, the unaudited 2015 Auburn University Main Campus divisional statements have been restated as follows: Investments increased \$28,857,818; Due to other funds increased \$5,568,880; Unrestricted net position increased \$23,288,938; Net investment income decreased 3,282,862; Cumulative effect of accounting change increased net position \$26,571,800; and Net position - end of year increased \$23,288,938. In addition, the 2015 unaudited divisional Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position, as previously presented, were revised to correct certain immaterial errors. Those errors related to allocations between and among the four primary divisions and did not impact the consolidated audited financial statements of the University. Management has revised the unaudited 2015 Auburn University Main Campus divisional financial statements to correct those errors as follows: Due to other funds increased \$4,805,030; Restricted nonexpendable net position decreased \$24,487; Unrestricted net position decreased \$4,780,543; Net investment income increased \$2,614,489; Net position - beginning of year decreased \$4,410,872; Cumulative effect of accounting change decreased \$3,008,647; and Net position - end of year decreased \$4,805,030.

\*As discussed in the notes to the financial statements, the University implemented GASB Statement No. 72 and retrospectively adjusted its 2015 Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position for this accounting change. Accordingly, the unaudited 2015 Auburn University at Montgomery divisional statements have been restated as follows: Due from other funds increased \$4,832,775; Unrestricted net position increased \$4,832,775; Net investment income decreased \$695,747; Cumulative effect of accounting change increased \$5,528,522; and Net position - end of year increased \$4,832,775. In addition, the 2015 unaudited divisional Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position, as previously presented, were revised to correct certain immaterial errors. Those errors related to allocations between and among the four primary divisions and did not impact the consolidated audited financial statements of the University. Management has revised the unaudited 2015 Auburn University at Montgomery divisional financial statements to correct those errors as follows: Due from other funds increased \$185,966; Unrestricted net position increased \$185,966; Net investment income decreased \$2,428,182; Cumulative effect in accounting change increased \$2,614,148; and Net position - end of year increased \$185,966.

| <b>Net position - end of year</b>                 | \$ 10,503,282 | \$ 12,218,294 |

\*As discussed in the notes to the financial statements, the University implemented GASB Statement No. 72 and retrospectively adjusted its 2015 Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position for this accounting change. Accordingly, the unaudited 2015 Alabama Agricultural Experiment Station divisional statements have been restated as follows: Due from other funds increased \$139,309; Unrestricted net position increased \$139,309; Net investment income decreased \$16,378; Cumulative effect of accounting change increased \$155,687; and Net position - end of year increased \$139,309. In addition, the 2015 unaudited divisional Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position, as previously presented, were revised to correct certain immaterial errors. Those errors related to allocations between and among the four primary divisions and did not impact the consolidated audited financial statements of the University. Management has revised the unaudited 2015 Alabama Agricultural Experiment Station divisional financial statements to correct those errors as follows: Due from other funds increased \$874,162; Unrestricted net position increased \$874,162; Net investment income decreased \$35,400; Net position - beginning of year increased \$969,349; Cumulative effect of accounting change decreased \$59,787 and Net position - end of year increased \$874,162.

\*As discussed in the notes to the financial statements, the University implemented GASB Statement No. 72 and retrospectively adjusted its 2015 Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position for this accounting change. Accordingly, the unaudited 2015 Alabama Cooperative Extension System divisional statements have been restated as follows: Due from other funds increased \$596,796; Unrestricted net position increased \$596,796; Net investment income decreased \$70,038; Cumulative effect of accounting change increased \$666,834; and Net position - end of year increased \$596,796. In addition, the 2015 unaudited divisional Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position, as previously presented, were revised to correct certain immaterial errors. Those errors related to allocations between and among the four primary divisions and did not impact the consolidated audited financial statements of the University. Management has revised the unaudited 2015 Alabama Cooperative Extension System divisional financial statements to correct those errors as follows: Due from other funds increased \$3,744,902; Restricted-nonexpendable net position increased \$24,487; Unrestricted net position increased \$3,720,415; Net investment income decreased \$150,907; Net position - beginning of year increased \$3,441,523; Cumulative effect in accounting change increased \$454,286; and Net position - end of year increased \$3,744,902.

\*Amount of employer contributions related to normal and accrued liability components of employer rate net of any refunds or error service payments. For fiscal year 2016, the fiscal year is the twelve month period beginning after June 15, 2015 (October 1, 2015 - September 30, 2016). For fiscal year 2015, the fiscal year is the twelve month period beginning after June 15, 2014 (October 1, 2014 - September 30, 2015).

\*\*Employer's covered payroll during fiscal year is the total payroll paid to covered employees (not just pensionable payroll). For Fiscal year 2016, the fiscal year is the twelve month period beginning after June 15, 2015 (October 1, 2015 - September 30, 2016). For Fiscal year 2015, the fiscal year is the twelve month period beginning after June 15, 2014 (October 1, 2014 - September 30, 2015).

### Notes to Schedule

Actuarially determined contribution rates are calculated as of September 30, two years prior to the end of the fiscal year in which contributions are reported. Contributions for fiscal year 2015 were based on the September 30, 2012 actuarial valuation.

### Methods and assumptions used to determine contribution rates:

|                                       |  |
|---------------------------------------|--|
| <b>Actuarial cost method:</b>         | Entry Age  |
| <b>Amortization method:</b>           | Level percent closed   |
| <b>Remaining amortization period:</b> | 5 years  |
| <b>Asset valuation method:</b>        | Five year smoothed market  |
| <b>Inflation:</b>                     | 3.00%  |
| <b>Salary increases:</b>              | 3.75-7.25%, including inflation                                    |
| <b>Investment rate of return:</b>     | 8.00%, net of pension plan investment expense, including inflation |

## Other Postemployment Benefits

### Determination of Annual Required Contribution (ARC) and End of Year Accrual

| Cost Element  | Fiscal Year Ended September 30, 2016 |                                 |
|---|--------------------------------------|---------------------------------|
|   | Amount                               | Percent of Payroll <sup>1</sup> |
| 1. Unfunded actuarial accrued liability at October 1, 2015  | \$ 62,824,140                        | 2,865.5%                        |
| <u>Annual Required Contribution (ARC)</u>   |                                      |                                 |
| 2. Normal cost  | \$ -                                 |                                 |
| 3. Amortization of the unfunded actuarial accrued liability over 15 years using level dollar amortization | 4,827,477                            |                                 |
| 4. Annual Required Contribution (ARC = 2 + 3)   | <u>\$ 4,827,477</u>                  | 220.2%                          |
| <u>Annual OPEB Cost (Expense)</u>   |                                      |                                 |
| 5. ARC  | \$ 4,827,477                         |                                 |
| 6. Interest on beginning of year accrual  | 360,102                              |                                 |
| 7. Adjustment to ARC  | (1,373,780)                          |                                 |
| 8. Fiscal year 2016 OPEB cost (5 + 6 + 7)   | <u>\$ 3,813,799</u>                  | 173.9%                          |
| <b>End of Year Accrual (Net OPEB Obligation)<sup>2</sup></b>  |                                      |                                 |
| 9. Beginning of year accrual <sup>1</sup>   | \$ 18,005,098                        |                                 |
| 10. Annual OPEB cost  | 3,813,799                            |                                 |
| 11. Employer contribution (benefit payments) <sup>2</sup>   | (2,465,765)                          |                                 |
| 12. End of year CAFR accrual (9 + 10 + 11) <sup>2</sup>   | <u>\$ 19,353,132</u>                 | 882.7%                          |

<sup>1</sup> Annual payroll for 20 participants as of September 30, 2015, was \$1,847,780.

<sup>2</sup> Actual amounts paid in fiscal year 2016 include claim costs, administrative fees, and PEEHIP subsidy less participant contributions.

### Three Year Schedule of Percentage of OPEB Cost Contributed

| Fiscal Year Ended  | Annual OPEB Cost | Percentage of OPEB Cost Contributed <sup>3</sup> | Net OPEB Obligation |
|--------------------|------------------|--|---------------------|
| September 30, 2014 | \$ 4,172,525     | 60.0%  | \$ 16,232,518       |
| September 30, 2015 | \$ 4,315,892     | 58.9%  | \$ 18,005,098       |
| September 30, 2016 | \$ 3,813,799     | 64.7%  | \$ 19,353,132       |

<sup>3</sup> Cost Contributed is shown in the "Determination of Annual Required contribution and End of Year Accrual."

### Summary of Key Actuarial Methods and Assumptions

|   |  |
|---|--|
| <b>Valuation year</b>   | October 1, 2015 – September 30, 2016   |
| <b>Actuarial cost method</b>  | Unit Credit, Actuarial Cost Method   |
| <b>Amortization method</b>  | 15 years, level dollar open amortization <sup>4</sup>  |
| <b>Asset valuation method</b>   | Not applicable   |
| <b>Discount rate</b>  | 2.0%   |
| <b>Projected payroll growth rate</b>                                  | Not applicable   |
| <b>Health care cost trend rate for medical and prescription drugs</b> | 9.0% in fiscal year 2017, decreasing by one-half percentage point per year to an ultimate of 5.0% in fiscal year 2025 and later. |

<sup>4</sup> Open amortization means a fresh-start each year for the cumulative unrecognized amount.

Valuation Date October 1, 2015

**Monthly Per Capita Claim Costs**

| <u>Age</u> | <u>Medical</u> |
|------------|----------------|
| 55         | \$748          |
| 60         | \$897          |
| 65         | \$364          |
| 70         | \$404          |
| 75         | \$430          |

Claim costs were increased by 1.99% over last year based on a weighted average of benefit plan premiums. Future claim costs are increased by health care cost trend.

**Retiree Premiums**

Non-smoking retirees not eligible to participate in PEEHIP contribute 40%, surviving spouses and retirees who decline to participate pay 100%, and smokers pay an additional \$20 of the monthly premiums shown below:

|                | <u>As of 1/1/16</u> | <u>As of 1/1/15</u> |
|----------------|---------------------|---------------------|
| Pre-65 Single  | \$491               | \$481               |
| Pre-65 Family  | \$1,105             | \$1,083             |
| Post-65 Single | \$159               | \$156               |
| Post-65 Family | \$772               | \$757               |

Note: There are several other categories of premiums.

**Administrative Expenses**

Included in claim cost.

**Assumed Health Care Trend Rate**

| <u>Fiscal Year</u> | <u>Medical and Rx Combined Rate</u> |
|--------------------|-------------------------------------|
| 2017               | 9.0%                                |
| 2018               | 8.5%                                |
| 2019               | 8.0%                                |
| 2020               | 7.5%                                |
| 2021               | 7.0%                                |
| 2022               | 6.5%                                |
| 2023               | 6.0%                                |
| 2024               | 5.5%                                |
| 2025+              | 5.0%                                |

**Spouse Age Difference**

Husbands are assumed to be three years older than wives for current and future retirees who are married.

**Mortality**

RP-2014 Combined Mortality Fully Generational Projected using Projection Scale MP-2015.

**Participation Rates**

100% of active employees are assumed to elect postretirement health insurance coverage upon retirement.

**Retirement Rates**

Employees are assumed to retire according to the following schedule:

| <u>Age</u> | <u>Retirement Rate</u> |
|------------|------------------------|
| 45 or less | 0%                     |
| 46 - 49    | 1%                     |
| 50 - 51    | 2%                     |
| 52 - 54    | 3%                     |
| 55         | 10%                    |
| 56 - 59    | 8%                     |
| 60         | 20%                    |
| 61         | 15%                    |
| 62         | 25%                    |
| 63 - 64    | 20%                    |
| 65         | 40%                    |
| 66 - 69    | 30%                    |
| 70 - 74    | 75%                    |
| 75+        | 100%                   |

**Withdrawal Rates** None assumed since all are long service Civil Service employees.

**Disability Rates** Sample rates are shown below, percent assumed to terminate within one year:

| Age | Male  | Female |
|-----|-------|--------|
| 25  | 0.06% | 0.09%  |
| 30  | 0.08% | 0.12%  |
| 35  | 0.17% | 0.24%  |
| 40  | 0.30% | 0.41%  |
| 45  | 0.54% | 0.65%  |
| 50  | 0.98% | 0.98%  |
| 55  | 1.50% | 1.50%  |

**Impact of Healthcare Reform** The provisions of Healthcare Reform are expected to increase costs by 2.42% on a discounted basis. The unlimited lifetime maximum, removal of limitations on preventive care and coverage of eligible dependents to age 26 are reflected in the claim costs. The Cadillac Plan excise tax is expected to increase costs by \$4.5 million. There is not any cost impact for retirees who have elected PEEHIP.

**Schedule of Employer Contributions**

| Fiscal Year Ended  | Annual Required Contribution | Employer Contribution | Percentage Contributed |
|--------------------|------------------------------|-----------------------|------------------------|
| September 30, 2012 | \$ 4,701,385                 | \$ 2,477,024          | 52.7%                  |
| September 30, 2013 | \$ 4,555,416                 | \$ 2,480,884          | 54.5%                  |
| September 30, 2014 | \$ 4,992,477                 | \$ 2,504,119          | 50.2%                  |
| September 30, 2015 | \$ 5,229,775                 | \$ 2,543,312          | 48.6%                  |
| September 30, 2016 | \$ 4,827,477                 | \$ 2,465,765          | 51.1%                  |

**Schedule of Funding Progress**

| Fiscal Year Ended  | Actuarial Value of Assets (a) | Actuarial Accrued Liability (AAL) (b) | Unfunded (Overfunded) AAL (UAAL) (b)-(a) | Funded Ratio (a)/(b) | Covered Payroll (c) | UAAL as a Percentage of Covered Payroll [(b)-(a)/(c)] |
|--------------------|-------------------------------|---------------------------------------|--|----------------------|---------------------|---|
| September 30, 2012 | -                             | \$ 59,795,647                         | \$ 59,795,647                            | 0.0%                 | \$ 3,866,263        | 1,546.6%  |

# AUBURN UNIVERSITY BOARD OF TRUSTEES

Auburn University is governed by a Board of Trustees consisting of one member from each congressional district, as these districts were constituted on January 1, 1961, one member from Lee County, three at-large members, all of whom shall be residents of the continental United States, and the Governor, who is ex-officio. The Governor is the President of the Board of Trustees. Prior to 2003, trustees were appointed by the Governor, by and with the consent of the State Senate, for a term of 12 years. Any new trustees will be appointed by a committee, by and with the consent of the State Senate, for a term of seven years, and may serve no more than two full seven-year terms. A member may continue to serve until a successor is confirmed, but in no case for more than one year after the completion of a term. Members of the board receive no compensation. By executive order of the Governor in 1971, two non-voting student representatives selected by the student body serve as members ex-officio, one from the Auburn campus and one from the Montgomery campus.

**Robert Bentley**  
Governor of Alabama  
President, Montgomery

**Charles D. McCrary**  
At-Large Member  
President Pro Tempore

**Michael A. DeMaioribus**  
Huntsville, Eighth  
Congressional District  
Vice President Pro Tempore

**B.T. Roberts**  
Mobile, First  
Congressional District

**Clark Sahlie**  
Montgomery, Second  
Congressional District

**Bob Dumas**  
Auburn, Third  
Congressional District

**James W. Rane**
