## Credit Overload Permission

Credit Overload Permission forms are required for students seeking to take more than 18 hours of coursework in the fall/spring semester and more than 14 hours of coursework in the summer semester. On approval of the student's dean, undergraduate students may schedule overloads not to exceed 22 hours during the semester, 17 hours during the summer terms, or 9 hours during a 5-week session. To be eligible for an overload, students must have passed all work attempted and earned a GPA of 2.5 or higher during their last semester at Auburn University in which they carried 15 or more hours (10 or more in their last summer). In determining whether to approve an overload exceeding these hour limits, the student's academic dean will consider the student's academic history, including grades and the number of courses taken in the past. Deans (or their designees) must seek approval from the provost's designee for overloads greater than the limit of 22 hours during the semester, 17 hours during the summer terms, or 9 hours during a 5-week session.
