

What people weren't looking for on the first Easter.

Instead people were searching for the body of Jesus of Nazareth. A man who claimed to be God. A man who said he would prove his deity by bodily rising from the dead. No other religious leader has made such a claim and backed it up with such an event.

We believe the resurrection of Christ was a real historical event and that faith in the resurrected Christ changes everything. Ask us about how he has changed us.
