“I had a great experience with [the Peer Tutor] today. This is the second time I’ve seen her and every time I leave, I feel better about the subject. We are able to go over a lot of different topics in the amount of time given and she is very good and explaining them to me and helping me work it out at my own pace. She’s very knowledgeable, friendly, and easy to work with.”

“[The Peer Tutor] really knows how to explain conceptual situations and break them down. I am a visual learner so that really helps when they write down and explain it on a whiteboard. Definitely recommend!”

“[The Peer Tutor] was very knowledgeable about the subject and was very good at showing me how to work through the problems. I loved how he used notes from when he was in [the course] and things he had worked on to study for his first test so that I could better prepare for mine.”
