

## Production and Quality Manager – International Forest Company

IFCO has an opening for a production and quality manager for their nursery facility in Moultrie, GA. The primary responsibility will be crop management and quality measurements for the containerized seedling operation.

### Job Responsibilities:

- Maintain seed inventory spreadsheet and seed cooler organization
- Preparation of all seed for sowing program
- Information collection and spreadsheet maintenance for the finished seedling crops including all inventories (initial, final and harvest) as well as the history plot data
- Maintain any documentation related to seedling quality issues or issues noted during crop walks
- Seedling shipping management during the shipping and sowing overlap
- Assist with management of eucalyptus rooting
- Participate in control mass pollination program
- Report to the Product Development and Marketing Manager
- Participate in university cooperative meetings and other technical meetings as appropriate
- Represent the company at business functions in a professional manner consistent with industry standards

### Qualifications:

- Familiarity with effective Forest Nursery practices and principles
- Ability to work effectively in a field-based nursery and greenhouse environment
- Strong background and familiarity with nursery/agricultural machinery
- Good verbal and written communication skills
- Experience using Microsoft Office computer programs for the purpose of data organization and analysis
- Detail-oriented, highly organized and able to multi-task
- Proven experience working unsupervised in a team environment, as well as independently while completing assignments on time
- A valid driver's license
- Education Preferred: Bachelors of Science degree in forestry, horticulture, agriculture or biology; though will consider candidates holding a two-year college diploma.

IFCO is the largest grower of containerized seedlings for reforestation in the U.S. IFCO is a privately held company with excellent growth opportunities and benefits.
