SOUTHERN FOREST NURSERY CONFERENCE

JULY 21-24, 2008

ASHEVILLE, NC

North Carolina will host this bi-annual event at the Crown Plaza Resort in downtown Asheville www.ashevillecp.com. Our theme for the 2008 conference is “Remembering our past, planning for our future”. The area around Asheville is rich in forest and seedling nursery history and is also one of the changing landscapes we find our industry adjusting to for the future. We hope to show you both sides during our days together. Please join us for some mountain hospitality.
