SUMMARY STATEMENT

I am a health behavior scientist with expertise in *value of the future, risk communication, and judgment and decision-making*. I have conducted intervention studies that leverage incentives for health behavior change and have used innovative technologies, including virtual reality, to influence perceived risk of chronic disease and empathy for others. I am also a Faculty Fellow in our university's teaching and learning center where I support faculty development initiatives and conduct *educational research* and the *scholarship of teaching and learning*.

EDUCATION

Doctor of Philosophy, West Virginia University, Morgantown, West Virginia, 2010

Major: Health Outcomes Research

Dissertation Title: Assessing the Influence of Coronary Heart Disease (CHD) Knowledge, Perception of Personal Risk, and Delay Discounting of Future Health on Diet and Physical Activity Behaviors

Major Advisor: Carole V. Harris, PhD

Master of Business Administration, West Virginia University, Morgantown, West Virginia, 2006

Major: Business Administration

Pharmacy Practice Residency, Erlanger Health System, Chattanooga, Tennessee, 2000

GRANTS RECEIVED

Kimberly Garza (PI)

9/1/2023-8/30/2024

Auburn University Biggio Center and Office of Informational Technology AUX Immersive Learning Experiences Grant

EmpathyVR: Expansion of a Haptics plus Virtual Reality Application to Promote Empathy for Patients with Chronic Diseases

The objective of this proposal is to further expand the virtual reality experience for student pharmacists that combines VR and haptic devices to simulate physical impairments experienced by patients with chronic diseases in order to build empathy and promote professional identity formation.

Role: PI

Funded for \$33,280

Kimberly Garza (PI)

7/1/2023-6/30/2024

American Association of Colleges of Pharmacy and American Foundation for Pharmaceutical Education Scholarship of Teaching and Learning (SoTL) Grant

Incorporation of Virtual Reality in the Curriculum to Promote Empathy for Patients

The objective of this proposal is to measure the effect on student learning and learner satisfaction when incorporating a learning activity to promote empathy development that utilizes virtual reality and haptics into the PharmD curriculum.

Role: PI

Funded for \$4000

Kimberly Garza (PI)

9/1/2021-8/30/2023

Auburn University Biggio Center and Office of Informational Technology Student Learning Through Immersive Virtual Experiences Grant

Combining haptics with VR to support professional identity development in student pharmacists through empathy for patients

The objective of this proposal is to develop and implement a virtual reality experience for student pharmacists that combines VR and haptic devices to simulate physical impairments experienced by patients with chronic diseases in order to build empathy and promote professional identity formation.

Role: PI

Funded for \$82,664

Jeffrey Curtis (PI)

9/15/2020-7/31/2024

National Institute of Arthritis and Musculoskeletal and Skin Diseases (1P30AR072583-01A1)

Building and innovating: Digital health technology and analytics (BIGDATA) p30 Core Center for Clinical Research (CCCR)

The objective of this proposal was to harness health information technologies and make them available to support a broad base of investigators both within the institution, and externally to collaborating stakeholders. I serve as an expert in outcomes research and implementation science in the Methodologic Core, acting as a consultant on projects supported by the CCCR.

Role: Co-Investigator

Funded for \$2,983,001

Kimberly Garza (PI)

4/1/2019-3/31/2020

Auburn University Augmented Reality/Virtual Reality Grants Program

Pilot study to test feasibility and guide development of an immersive VR experience to change health perceptions and behaviors in patients with rheumatoid arthritis

The objective of this proposal was to assess patient acceptance of using a virtual reality headset in an immersive virtual experience to inform the development of an experience designed to shift patient orientation to a more future-focus, increasing patient engagement in protective health behaviors.

Role: PI

Funded for \$3,528

Jingjing Qian (co-PI) and Ilene Harris (co-PI)

9/1/2016-8/31/2018

Food and Drug Administration (5U01FD005476-02)

Educating groups influencing generic drug use

The objective of this proposal is to understand roles of key groups and the extent of their influence on generic drug use in order to provide additional and effective outreach to meet their informational needs.

Role: Co-Investigator

Funded for \$499,847

Kimberly Garza (PI)

5/1/2016-4/30/2018

Auburn University Intramural Grants Program

Patient preferences for and perceptions of medication adherence incentives

The objective of this proposal was to explore perceptions and preferences for medication adherence incentives among a nationally representative sample of adults with chronic conditions, and to explore the association between these preferences, perceived barriers to medication adherence, and patient characteristics.

Role: PI

Funded for \$8,975

Salisa Westrick (PI)

9/1/2015-8/31/2017

Merck Investigator Studies Program

Impact of a multicomponent immunization intervention on pneumococcal and herpes zoster vaccinations: A randomized controlled trial of community pharmacies in two states

The objective of this proposal is to increase the current level of pharmacy-based immunization delivery of pneumococcal vaccine and herpes zoster vaccine and foster practice change to sustain the intervention effect.
Role: Co-Investigator
Funded for \$199,999

Kimberly Garza (PI)

1/1/2014-12/31/2014

American Association of Colleges of Pharmacy New Investigator Award
Effectiveness of different financial incentives to improve medication adherence
The objective of this proposal was to determine the relative effectiveness of interventions for medication adherence that use frequent feedback and incentives, based on concepts from behavioral economics.
Role: PI
Funded for \$11,000

Kimberly Blake (PI)

2/1/2012-1/31/2013

Auburn University Intramural Grants Program
The association between body weight, value of the future and dietary behaviors
The objective of this proposal was to evaluate the association between value of the future and dietary behaviors in underweight/healthy weight individuals compared to overweight/obese individuals.
Role: PI
Funded for \$4,000

TEACHING EXPERIENCE

PYDI 9970: Immersive Technologies in Healthcare (2023 to present) – 2 credit hour elective course in the “Practice Ready Graduate” Doctor of Pharmacy curriculum, average enrollment 4 second-year pharmacy students. Serve as course coordinator and sole instructor, delivering six weeks of weekly instruction.

PYDI 9070: The Art of Wellbeing (2022 to present) – 2 credit hour elective course in the “Practice Ready Graduate” Doctor of Pharmacy curriculum, average enrollment 8 second- and third-year pharmacy students. Serve as course coordinator and sole instructor, delivering six weeks of weekly instruction.

PYPD 9980: Pharmacy Research (2020 to present) – 2 credit hour elective course in the “Practice Ready Graduate” Doctor of Pharmacy curriculum, average enrollment 1 third-year pharmacy student. Serve as research mentor in this independent-study style research elective.

PYPD 9370: Longitudinal 6 (2020 to present) – 3 credit hour required course in the “Practice Ready Graduate” Doctor of Pharmacy curriculum, average enrollment 150 first-year pharmacy students. Serve as instructor in Unit 1, delivering content for a session on Practice-Based Evidence in Pharmacy Practice – Antimicrobial Stewardship Services.

PYPD 9350: Longitudinal 4 (2019 to present) – 3 credit hour required course in the “Practice Ready Graduate” Doctor of Pharmacy curriculum, average enrollment 150 first-year pharmacy students. Serve as instructor in Unit 1, delivering content for a session on Financial Management and Accounting.

PYPD 9340: Longitudinal 3 (2018 to present) – 3 credit hour required course in the “Practice Ready Graduate” Doctor of Pharmacy curriculum, average enrollment 150 first-year pharmacy students. Serve as instructor in Units 3 and 4, delivering content for sessions on Extended Marketing Principles, Budget Development, and Break-Even Analysis.

PYPD 9320: Longitudinal I (2017 to present) – 3 credit hour required course in the “Practice Ready Graduate” Doctor of Pharmacy curriculum, average enrollment 150 first-year pharmacy students. Serve as both instructor and Learning Experience Coordinator for the course, delivering content for sessions on Barriers to Care, Patient Needs Assessment, Patient Care Resources, Patient Satisfaction, and Health-related Quality of Life.

PYPD 9200: Integrated Learning Experience I (2017) – 6 credit hour required course in the “Practice Ready Graduate” Doctor of Pharmacy curriculum, average enrollment 150 first-year pharmacy students. Served as both instructor and Unit 3 liaison in the first year, delivering content for sessions on Patient Counseling and Adherence in Diabetes and Obesity. Now serve solely as Unit 3 Liaison.

BIOL 4980 / PSYC3940: Undergraduate Research Experience in Health Behavior (2016 to 2017) – 2 or 3 credit hour elective undergraduate course, average enrollment 1 student. Serve as course coordinator and sole instructor.

PYDI 9010: Patient Centered Skills (2011 to 2016) – 3 credit hour required professional course, average enrollment 150 first-year pharmacy students. Serve as an instructor in this course, delivering content for lectures on Behavioral Economics and New Prescription Counseling, and coordinating the New Prescription Counseling video assignment.

PYDI 9210: Pharmacy Practice Management, Development, and Evaluation I (2013 to 2017) – 3 credit hour required professional course, average enrollment 150 second-year pharmacy students. Serve as an instructor in this course, delivering content for a lecture on Principles of Management.

PYDI 9310: Pharmacy Practice Management, Development, and Evaluation II (2012 to 2018) – 3 credit hour required professional course, average enrollment 150 second-year pharmacy students. Serve as an instructor in this course, delivering content for lectures on Financial Statements and Financial Analysis.

HORP 7510: Health Services Delivery and Evaluation (2011 to 2017) – 3 credit hour required graduate course, average enrollment 7 students. Serve as an instructor in this course, delivering content for lectures on Validity and Reliability, Detecting, Interpreting and Analyzing Program Effects, and Bias in Alternative Designs.

HORP 7520: Social and Behavioral Theory in Health (2012 to present) – 3 credit hour required graduate course, average enrollment 7 students. This was a new course that I helped to develop. I serve as course coordinator and instructor in this course, delivering content for lectures on Introduction to Behavioral Theory, Behavioral Economics and Health Behavior Change, Precaution/Adoption Process Model, Social Marketing and Ecological Models and coordinating the research proposal assignment.

HORP 7530: Pharmaceutical Economics, Outcomes, and Policy (2012 to 2018) – 3 credit hour required graduate course, average enrollment 7 students. Serve as an instructor in this course, delivering content for lectures on Cost Utility Analysis, Health Outcomes Measurement, Health Related Quality of Life, and Patient Satisfaction.

FACULTY DEVELOPMENT

1. Basgier C, Garcia E, **Garza KB**. Course (Re)Design. Helped facilitate this week-long faculty development program for the Biggio Center for the Enhancement of Teaching and Learning. Delivered in person May 15-19, 2023, and online June 26-30.
2. Garcia E, **Garza KB**. Active Learning Tools and Activities. Co-led this workshop for the Biggio Center for the Enhancement of Teaching and Learning. August 14, 2023.
3. **Garza KB**, Simmons B. Tools to Facilitate Student Engagement and Collaboration. Co-led this workshop for the Biggio Center for the Enhancement of Teaching and Learning. April 11, 2023.
4. **Garza KB**. Burnout and Finding Your Purpose. Led this talk at the Biggio Center for the Enhancement of Teaching and Learning Faculty Fellows meeting. April 10, 2023.
5. **Garza KB**, Simmons B. Friday Teaching Enhancement Seminar: Classroom Interaction. Co-led this webinar for faculty in veterinary medicine. Delivered virtually March 17, 2023.

6. **Garza KB**, Johnson L. Supporting High-quality Mentoring. Facilitated this break-out session as part of the 2021 AACP Research Symposium on Pharmaceutical Graduate Education: Preparing Clinical and Translational Scientists, Delivered virtually February 24, 2021.
7. **Garza KB** (moderator), Luong P, Vanderford NL. Overcoming Extracurricular Challenges: Keys to Improving Graduate Student and Post-Doc Wellness. Moderated this special session delivered virtually at the American Association of Colleges of Pharmacy Annual Meeting, July 28, 2020.
8. Hohmann N, **Garza KB**, Hastings T, Davis B, Masamha P, Rabionet S. How to Get the Most Out of Mentoring: Tips for Graduate Students and New Faculty. Presented at this educational webinar for the American Association of Colleges of Pharmacy/American Pharmacists Association, February 3, 2020.

INVITED TALKS

1. **Garza KB**. Enhancing adherence to medications for hypertension: Adherence tips and tricks. Invited talk at a continuing medical education webinar for the Alabama Cardiovascular Cooperative, Delivered virtually, October 25, 2023.
2. **Garza KB**. Incorporating behavioral economics into interventions for health behavior change. Guest lecture for an undergraduate course in the Auburn University One Health – Public Health Degree Program, September 12, 2023.
3. **Garza KB**. Use of VR for empathy in student pharmacists and to support shared decision making in patients with rheumatoid arthritis. Invited talk at the Auburn University Digital Scholarship Interest Group, Delivered virtually March 15, 2022.
4. **Garza KB**. Creating empathy for our future selves. Invited talk at the Auburn University Digital Scholarship Interest Group, Delivered virtually October 22, 2021.
5. **Garza KB** (moderator), Axon R, Cernasev A. Empowering graduate applicants by exploring scholarship and teaching: A tale of research and teaching institutions. Invited professional development webinar for the American Association of Colleges of Pharmacy Social and Administrative Sciences Section, Delivered virtually February 4, 2021.
6. Gupta A, Zheng J, **Garza KB**. Create intelligent solutions. Panel discussion for Auburn University This is Research, Auburn Talks moderated panel, Delivered virtually January 19, 2021.
7. Brown S, Fowlin J, McCoy E, Fox B, Helmer B, Lisenby K, Sewell J, Smith F, Kelley K, Westrick S, Hohmann L, Hohmann N, **Garza KB**. Cognitive Processes and Knowledge Integration in Interdisciplinary Teams. Invited panel discussion at a virtual workshop entitled, Let's Talk Knowledge Integration: Research Meets Experience at the Auburn University Harrison School of Pharmacy, August 27, 2020.
8. Rogers S, Eiland L, DeRuiter J, Kleppinger E, **Garza KB**. HSOP Faculty Panel Discussion. Invited panel discussion via videoconference at the Auburn University Harrison School of Pharmacy SoTL Day, June 19, 2020.
9. **Garza KB** (moderator), Coop A, Axon R, Hohmann N. Imagining Creative Pathways to your Future Career. Invited professional development webinar at the American Association of Pharmaceutical Sciences Career Planning Workshop: Navigating the Job Market Today, June 6, 2020.
10. **Garza KB**, Cummins B. Tools and Tricks for Medication Adherence in Cardiac and Pulmonary Rehabilitation. Invited educational webinar for the American Association of Cardiovascular and Pulmonary Rehabilitation, September 25, 2019.
11. **Garza KB**. Heart Health . . . Back to the Future. Invited presentation at the Southern Association for Cardiovascular and Pulmonary Rehabilitation Annual Conference, April 5, 2019, Montgomery, AL.
