

# PUNITIVE ASSIGNMENT TO NR AND IN GRADES

# Background and Current process:

- Delays in grade submission are processed and any unreported grades “roll” and are assigned an NR (not reported).
- In the event that the student has not completed all coursework the instructor may issue an IN (incomplete).
- Both of these grades, NR and IN carry a punitive allowance of an F and effect the student’s GPA (grade point average) until resolved.

# Recommendation:

- The historical significance of this punitive assignment has been explored and no relevant reasoning has surfaced.
- recommend that the punitive assignment to IN and NR be removed.
- no assignment of quality points associated with IN and NR
- Office of the Registrar will monitor all outstanding NRs and Ins.
