Remember

Let us pause for a moment to remember what happened on this date eleven years ago. We are aware that even now brave families—and our entire nation—are in grief for the victims of those tragic events.

See It

If you have not already had the opportunity to do so, I urge each of you to travel to New York to see “Ground Zero” and the somber monuments to the heroes of 9/11. The pools, lists of names, museum, memorial tree, and other reminders are very moving.
