

<b>Principles for Good Practice in Undergraduate Education</b>	<b>SET Question (Likert scale 1-5)</b>
Good practice: Encourages contact between students and faculty.	1. The instructor encouraged me to interact with them regarding course content (electronically, during office hours, in class, etc.).
Develops reciprocity and cooperation among students.	2. The instructor provided opportunities for me to cooperate with other classmates about course material (electronically, inside or outside of class, etc.).
Communicates high expectations.	3. The instructor communicated high expectations for my work in this course.
Provides prompt feedback.	4. The instructor provided me with an evaluation of my academic progress at regular intervals during the semester.
Emphasizes time on task.	5. The instructor provided me ample opportunities to develop, apply, and demonstrate my learning in this course.
Encourages active learning.	6. The instructor prompted me to think analytically and critically about the course material.
Respects diverse talents and ways of learning.	7. The instructor provided an environment that encouraged me and supported my learning.

8. Please provide additional feedback to improve future instruction (strengths or areas of improvement).
