Citation and Appeals

Data Overview

	2013	2014	2015	2016	2017	2018
Citations	3,835	5,253	5,277	8,372	5,195	3,918
Wheel Locks	56	68	20	68	158	111
Tows	163	205	44	169	385	587

The number of citations was lower in August/September 2018 than in previous years due to the fact that the student permits were assigned incorrectly by the parking management system. Because of this we only enforced the Faculty/Staff lots for the first 4 weeks of the period.

The appeals for the last two years for the August/September time period are as shown:

	2017	2018
Denied	121	103
Cancelled	122	119
Adjusted	15	25
Approved	29	11
