Discovery, a new single-search interface, is now available for the Libraries and powered by EBSCO Discovery Service. See our [Discovery subject guide](#) for usage help and FAQs. Please [send us any feedback](#) you have as we continue to improve this new service!

Single search or Web-scale discovery refers to ...

“...tools that search seamlessly across a wide range of local and remote content and provide relevance-ranked results – have the ambitious goal of providing a single point of entry into a library’s collections.”

-Marshall Breeding
